Welcome to the 2018 Futures One Sale!

Welcome to the Futures' One Internet sale. Destiny, Jetstream, Cedar Creek and Keystone are excited to offer select lots from the heart of our herds. The genetics have proven themselves not only in our pastures but in seedstock and commercial herds, the feedlot and the show ring. Whatever your focus, whatever your passion you will find cattle bred to perform for you!

Take this great opportunity to invest in the future of your herd, from front end open females to herd building bred heifers or a herd sire prospect, all come right from the top and represent a cross section of the herds' genetic base. Only by sharing cattle that we would keep can the Futures' One Group expect satisfaction from our customers. Buy with confidence knowing that the Futures' One Group stand behind the cattle that we sell.

Thank you to all previous buyers and if you have any questions about the offering or need assistance navigating the internet format please don't hesitate to contact any of us. Thank you to family and friends, past and present that have inspired, encouraged, coached or just plain dug in to get the job done. You are appreciated!

You are invited to view, at each of the breeder's respective farms, our offerings at any time prior to the sale. Just call ahead and book a time. Several of the cattle in this sale will be presented at the Royal Agricultural Winter Fair.

Regardless of the tone of the cattle industry, we strive each year to offer productive cattle that add value and will translate into profitability for your operation. This being our 9th sale, we feel the proof is in the pudding, as genetics from previous Futures One sales have become herd builders right across Canada. The Futures One sale historically offers cattle that are available at great value for your money and produce beyond expectations. We encourage you to bid often and to have confidence in the Futures One brand. Thank you once again for your interest in our cattle.

RTC 52F

RTC 60F

RTC 57A -
Dam of RTC 60F

We have offered the pick of the bull pen in all online sales and we will continue with this offering for Futures Edition 9.

This year will be our hands down the best offering and depth of of bulls we have ever had. There will be approximately 12 bulls developed this winter from our 90 cow herd. Red, black and lotsa baldies to consider from our top cows. There are breeder bulls in this year's group.

Four of these bulls will be on display at the RAWF. One is on the side of our two year old, who has a chance to win it all.

We should actually with the quality this year be offering first, second and third pick. We weighed the bulls Sept 1, with a range of 780 lbs (Feb bull) to 1020 lbs.

Pick to be confirmed by Jan 1/17. No bulls have or will be sold prior. This is the pick of all bulls born after Dec 1 2017.

The balance of the bulls go to our Keady bull sale that is always the first Sat in April every year.

female :: RTC 41E :: CA-PG120222 :: Jan 4, 2017

BIG KER TRINITY

Act.	CE	BW	WW	YW	MCE	MWW	Milk
BW 85	2.6	5.4	73.3	106.6	5.6	65.3	28.6

Right from the lead off of our show calves last year, this Crosby yearling, will be the best bred heifer we have ever sold. A class champion at last year's RAWF and from a hard working, well uddered dam that will be entering our donor program next summer. A favorite in our yard since birth because she has bull mother potential in her design. This yearling is setting up a very nice table underneath, add her dimension of her spring of rib and bottomless depth, she can make the goods one. Look to the breeding. Having one of the first Equity calves in 2019 should be very profitable. Her maternal brother is one of the potential top picks in our pick of the bull lot. AI breeding to VCL LKC Equity 608D Mar 18. Confirmed Pregnant May 17. No Exposure

Service sire - Equity

RTC 60F - Maternal Brother

© Buschbeck

Sire Mr CCF Vision

Service Sire

Another heifer right out of last year's show calves, this vision baldie accelerates in that show female design. Her dam is a very moderate and has produced high selling bulls for our very selective annual sale. Vision has worked extremely well in the Destiny program with this heifer being a highlight. Lots of rib and front end extension in this female.

AI breeding to TNT Bootlegger Mar 16.
Confirmed Pregnant May 17.

RTC 58A - Granddam

A solid, honest bred female that will mature into a hard working well uddered cow. The influence of our previous Stoughs Legacy bull is evident. His progeny mature into the best cows on the farm, they just need your patience, but the reward is worth it. The Legacy based cattle maintain their youthfulness and will be cows that have longevity, great udders with abundant milk production. Bring in the cross with the Ms Deck family and Broker, this pedigree gets maternal power stamped all over it.

AI breeding to Kuntz Sheriff Mar 26. Confirmed Pregnant May 17. No Exposure

A Destiny Buckeye yearling with Joker and the 505H cow influence on the bottom side. We breed for that extra depth and spring of rib to predict more rumen capacity and conversion of roughage to milk. This female exemplifies our commitment to making powerful mother cows. It's encouraging to see in multiple sales where Destiny bred dams are producing the lead off females and bulls in their respective production sales. This is a chance to get such a female into your program. Her dam is still very active in the Destiny pastures, with multiple full sisters in the genetic opportunity pool we are creating. AI breeding to Mr CCF Vision Mar 17. Confirmed Pregnant May 17. No Exposure

A Broker show prospect heifer that has the chrome and style to get to the front. This heifer is halter broke and comes from our well proven show ring genetics originating from the Ms Deck family. With the Expo Beouf and multiple grand champion RAWF granddam being no other than Twain herself, cross it to Broker, and the potential is infinite. The Mike and Kade Early herd bought a Broker bull from the Twain genetics and produced last year's RAWF champion female. These genetics are very proven in our herd and multiple others.

Open

© Buschbeck

RTC 53R - Granddam

All our open heifers this year were selected as being comfortable as a show project. This long spined, cleaned fronted female was selected. The Admiral 16A bull has produced many great ones, highlighted by the female exhibited by Fusion Livestock successfully as a reserve calf champion RAWF 2016 and doing well this year as a two year old. Again, add that shot of Broker, the JF Latisha cow influence and a little full flechvieh, this gets more predictable. The Spades granddam is pictured, look at the quality of udder and power that is here.

RTC 14R Twain - Granddam

Again bringing that baldie, show prospect that is also from the Admiral 16A bull. This heifer is a 3/4 sister to the RTC 6F entry, just swap out the Spades cow for Twain cow that has influenced our herd on all benchmarks. This heifer has the look to develop into a front running show heifer, then keep her around for the front pasture cow. Style, extension with that Destiny rib development will keep this heifer a yard favorite.

Open

Admiral - sire of Lots 7 & 8

Solid red, stout made, wide, deep ribbed full hearted but still retains a feminine presence. Smooth striding, very nice udder development from a Cedar Creek cow we bought as a calf from an earlier Future's One sale. Her mother has become a favourite at Jetstream because of her unfailing consistency in producing the good ones.

RTC/JETS Upper Class 40U

Ten years ago, we bought a cow at the Futures' One inaugural sale that will go down as our all-time favorite! RTC/JETS Upper Class 40U has done everything we have ever asked of her and more. From being a beautiful show cow as a 2-year-old (Supreme Female at Expo Bœuf), to producing marketable offspring for us and all who have invested in her genetics, to just being the friendly pasture greeter. The mating to JF Milestone 999W has already produced an elite daughter, Jetstream Bright N Classy! The WS Revival mating is something fresh and should make some very attractive and marketable offspring! Your choice, but rest assured we are confident in this cow, no matter how she is mated! HOMO BLACK, HOMO POLLED

Jetstream Bright N Classy - Full sib to the A lot.

WS Revival

A shiny apple here from a family tree of great cows. Several cows at Jetstream trace back to Maple Key Viola 3W. Females from this line are always hard to part with because they are pasture pleasers and profit producers! Deep bodied, good uddered, sound females with longevity. Expect the same from 6E. One of the first Boundary Astute 4C females to sell this fall.

CAS Hugs N Kisses

Here is an embryo heifer that we are likely crazy for selling because of her highly sought after genetics. Many will recognize her maternal sister CAS Hugs N Kisses, who has done so many good things for Black River and Indian River Cattle Company and has 14 registered progeny with CSA. This heifer is solid in her design and moderate framed. She has continued to improve as the summer moves along as many of the Discovery cattle are known for doing. Setting up a great udder and settled way along to Cobra, this heifer will be a positive addition to any program. Want a second opinion, ask Darryl Snider what he thinks of this heifer. Bred AI to Cobra on March 22, 2018 - no exposure Preg checked safe

Captain Black - Sire of Lot 23

A maternal sister to Panda and a solid heifer in her own right. She is smooth made and attractive throughout. True Black's dam is as square-hipped and easy doing as any cow we have. The Captain Black daughters that we have are all impressive and he adds the great Captain Morgan and TLG Flirtin With You to the genetic mix. Bred a little later with more time to develop, True Black would be a great fit for a spring calving program. Her service to Cobra sweetens this lot even more.

Bred AI to Cobra on May 26, 2018 - no exposure
Preg checked safe

A fancy Stepping Stone out of a high selling Stubby daughter from RPCC a few years back. Lots of rib with a ton of neck extension, this is probably the coolest show heifer prospect we have ever sold. The comments on these Stepping Stones are that they just keep getting better and look great as breds. The kids have been playing with her a little and she is tie broke. Get this one bought and be ready to have some fun on the show circuit next year.
