NOON SALE DAY!

FEBRUARY 16TH, 2019
1PM · FALUN, AB

WELCOME

On behalf of the Triple Threat Bull Sale group, we would like to welcome you to their first annual bull & female sale. This hard working group of breeders is proud to showcase the heart of their program and the quality that they have within it. Ourselves at BMS are excited to work with them and feel the sale on farm at Falun, AB will bring in many progressive cattleman from the area and afar as there is a deep set of bull and females on offer.

The Yellow Rose/Hampton/JR section of Simmental bulls is deep in pedigree that are selected for longevity and overall production that translates into profitability. Their loyal customers have seen the advantage of these genetics as they have many repeat customers each year and it is due to the product that they put forth and they stand behind them. This large offering of red and black with a select few fullbloods will be admired for their foot quality and structural soundness plus adding hair, muscle shape while keeping calving ease in mind and still being backed by proven cow families.

The Sale will be hosted at Jodi & Bobbi-Gayle's along with a great group of breeders that will showcase their programs in this event. The Bogart family has been successfully raising purebred Simmentals for 28 years and have their very best on offer. A nice cross section of fullblood, red and black bulls highlight their consignments with calving ease in mind and strong performance in hand. Many leading sires can be found in their pedigrees which will take any guess work out of your purchase they have the lineage to produce a consistent calf crop. A select group of Red Angus from the Moore family of Bar M6 Cattle will highlight their program with their top bulls and a trio of heifers on offer. Calving ease, length, smoothness, maternal strength and overall quality can be found in this group and are backed by a hard working family. Laine & Krista Anderson from Diamond A have a pair of Gelbvieh bulls to compliment the offering. There will be one red and one black on offer and feel that they will interest any progressive cattleman wanting to add the maternal advantages of a Gelbvieh cow to their program. Crow Farms & Ranch will sort off 2 pens of bred heifers that are the cream of their crop and feature the strength of their respected programs.

We encourage you all to attend the Triple Threat Bull & Female Sale to take in a strong offering along with great hospitality. If you can't attend the sale due to your busy schedule, feel free to contact any of the breeders and they would be happy to visit with you about their programs. Our staff at Bohrson Marketing is familiar with the offering and we would be honoured to assist you with your purchases, so feel free to contact us as well to utilize our industry-leading order buying services. See you in Falun for the 1st Annual Triple Threat!

TERMS: The terms of the sale are cash, cheque, and wire transfers, payable at par at the sale location unless satisfactory payment arrangements have been made prior to the sale with seller, buyer and Bohrson Marketing Services. Bohrson Marketing Services reserves the right to require a certified cheque as settlement before releasing any sale cattle. Payment in full must be made before cattle can be released and shipped. Exchange rates will be announced sale day and the sale will be held in Canadian funds.

BIDDING: All animals to sell through the sale must be sold by auction with each animal selling to the highest bidder. Private sales will not be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

DISPUTES: In cases of disputes, bidding will be reopened between the parties involved in the dispute. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid and the auctioneer's decision will be final.

ANNOUNCEMENTS: Any announcement from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

LIABILITIES: All persons attend the sale at their own risk.

CERTIFICATE OF REGISTRY: A registration certificate issued by the applicable breed association and a certificate of registry duly transferred will be furnished to the buyer of each animal after final payment has been made.

PREGNANCY INFORMATION: All bred females have been pregnancy examined by an accredited veterinarian, who has provided the seller with an estimated length of gestation. The estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service. Bohrson Marketing Services will provide supplement sheets with breeding services provided for the purchaser.

HEALTH: All sale animals have met all necessary health requirements and it is the buyer's responsibility and expense to determine health requirements for importing any animal into his province or state. Bohrson Marketing Services assume no responsibility for the health status of any animal in the sale.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold.

SHIPPING: Shipping of cattle, semen and/or embryos are the responsibility and expense of the purchaser. Purchasers are requested to provide shipping instructions at settlement on sale day.

INSURANCE: We strongly recommend insurances for full value on all purchases.

ACCIDENTS: Every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

INFORMATION SUPPLIED: The information contained in this catalogue is believed to be true and accurate. The seller has provided the information to Bohrson Marketing Services and they assume no responsibility if the information supplied is not accurate.

YELLOW ROSE CATTLE HAMPTON SIMMENTALS JR CATTLE

On behalf of all of us at Yellow Rose Cattle, Hampton Simmentals and JR Cattle, we would like to welcome you to our 1st Annual Triple Threat Bull and Female Sale. Alongside us we are very proud to have some great cattlemen with great programs to take on this journey ; Diamond B Simmentals, Crowe Farms, Bar M6 Cattle and Diamond A Farms. We would like to extend a Big Thank You to all of our past bidders and buyers.

We are a family run operation that is running 100 head of purebred Simmentals and a small herd of commercial cows. Our main divisions are Red and Black with a division that's in the building process; Fullblood.

We strive to have an operation built on cow families and herdbulls. With the mission to raise cattle with longevity and do-ability with the commercial man in mind.

The offering we have put together we are very proud of. The sire groups that are represented are very consistent and are backed by some of our strongest cow families. The bulls were weaned mid August as pasture was at a minimum and have been brought into winter on a high roughage diet and the Country Junction Bull Ration. Now they still on the same diet with the addition of a cereal silage. They are wintered in a large pen to grow muscle not fat.

A big thank you goes out to our management, Bohrsen Marketing .

Bulls are available for viewing anytime prior to the sale. We look forward to visiting with everyone at the sale on the farm, where all the sale bulls and females will be on site the morning of.

-Bobbi-Gayle

Flame is truly our feature red bull. He was showcased at the National YCS Show this past summer where he was selected National Champion Bull Calf and made a lot of friends in the barns. Dark red, big hipped, hairy and soggy made and has a moderate made King Ranch cow who worked her heart out to raise him. You will probably hear this alot from me on some of bulls, but these King Ranch daughters never let me down. You get calving ease plus power in them. They are true herd matrons. Casanova, as you will see throughout the sale offering has produced his best calf crop yet. His daughters are proving to be good uddered productive females. When you analyze Flame you will find an extremely sound, meat machine with that style that will keep your attention. We are deeply proud to be offering this bull at our inaugural bull sale. He is the Triple Threat!

YR HEXAGON 149F

REG PENDING BGF 149F FULLBLOOD JAN/17/18

Cow Family: Myra

Well it's been awhile since we have been able to offering a fullblood bull. We decided to flush our at that time 15 year old Kannon cow and ended up with 19 number 1's, which out of the few recipis we implanted we got Hex and 3 daughters. Performance and colour are just a couple traits of Hex and if you look at his dams pedigree you will find the great Mitzi cow family. That speaks to the pedigree strength of 149F. The Bar 5 Hexagon bull is a South African Full Fleckvieh bull who has totally clicked with "Mitzi". Maternal sibs have sold to Westgold Farms-Minburn, AB; South Peace Colony, Dawson Creek, BC; Leedale Colony, Rimbey, AB; Chris Sargent, Mirror, AB; Billy Prokuda, Glenevis, AB

424F is another big powerbull sired by Casanova. Length, hip, dark colour and overall power will draw your attention, and when you look at him closer you will see how balanced, and sound he is. Dam is a sweet uddered moderate framed King Ranch cow that is just coming into her prime. We base our herd alot on strong, consistent cow families, and 424F's dam has just began to make her mark.

523F is a neat made bull. Long, balanced, - sound and a baldy face. He unfortunately has a frozen tip on one ear, but like a couple other bulls, it was a result of the cold wind that last winter. This young man is a maternal brother to J.R.'s show heifer last year that not only won shows, but made lots of friends. If your looking to add that blaze to your red cows give this boy a hard look.

This moderate framed, big ribbed, balanced individual is backed by a tremendous and big cow family. The foundation Black cow for our herd B361, has and continues to leave her mark in both the black and red divisions. The Casanova sire have proven to be a non-diluter and the same with the dam 635S, which makes 635F safe to be used on reds and black cows. We like running non-diluter bulls as we can strengthen the colour in our bulls. Maternal sisters are working in the herd and have bulls in the sale as well. Maternal brothers have sold to Ryglen Holdings, Three Hills, AB; These Farms, Hays Lakes, AB.

Cow Family: Alexis

The Alexis cow family is one in the building stage, but if this 2 yr olds production is any signs of what's ahead the future looks bright. This is the first calf crop to sell from our new herd bull Commander. He was brought in as a heifer bull and has done a great job. 602F has a bigger birthweight, but there was no assisting the 2 year old. The cow does have some power in her genetics and some did come through on her first calf. So if you're looking for that young cow bull have a serious look here.

FULL SISTER

This Milhouse son is a soft made, deep ribbed, big top bull. He's not going to be a big power bull but he would be ideal for heifers or second calvers. Unfortunately Milhouse got injured this last breeding season and is gone, but his influence in his extremely hard working daughters and sons in our herd as well as others, so here's your chance to obtain the Milhouse genetics. You won't be sorry you did. Full sister is working at Percyview Farms, Kisbey, SK.

Barry & Cindy Bogart

Barry 780-621-8797 | Cindy 780-621-8694

DIAMOND B SIMMENTALS

We would like to thank all our past and future bull buyers for putting their faith in our bulls. We have been raising Registered Simmentals for 28 years and run a herd of half Full Fleck and the other half being Reds and Black Simmentals. We are trying to attain bull calves that are easy calving and yet have good growth. The bulls that we are offering today come from some blood lines that have been in our herd for many years. If you have any questions on the animals we are offering, feel free to give us a call at 780-696-3661, Barry's cell 780-621-8797 or Cindy's cell 780-621-8694 or better yet drop by for a coffee and have a look. Hope to see you sale day. -Barry and Cindy

BAR M6 CATTLE

Welcome to the Triple Threat Invitational Bull and Female sale, what an opportunity for our farm and operation! First off we would like to thank the well beloved Bobbi-Gayle Hosegood. Our relationship started with Bobbi- Gayle in September 2017, a family friend connected our daughter Jenaya with Bobbi on her search for a hired hand for upcoming Farm Fair International. The start was slow as they spoke for a few months in advance learning about each other and their expectations both ways. November 5th, 2017 Brain, Jenaya along with her boyfriend Ryan made a trip up to Yellow Rose Cattle/Hampton Simmentals / JR Cattle farm, it was an instant connection as we all shook hands for the very first time. From there we have never looked back, we can not thank Bobbi-Gayle enough for all that you have done for us not only as a friend but as a fellow cattle producer.

Our family at Bar M6 Cattle is honored to be apart of the 1st Annual Triple Threat Invitational sale. We have a deep family history in agriculture centered around field and crop, but also goes back to a small dairy and feedlot as well. Our children's involvement with their own cattle and going through the 4H program they are 5th generation farmers. We originally purchased our herd six years ago from Elite females which built Fly Away Red Angus, from there we have been learning about the purebred industry and how to grow being new cattle producers in a competitive market. Our goal as cattle producers is to provide bulls and females which give ease of calving and have strong healthy longevity.

Bar M6 Cattle is look forward to meeting may new faces and making connections, we will see you at the farm in Falun where you can come and view our Purebred Red Angus Yearling Bulls and Open Heifers. - Brian, Lisa, Jenaya and Moore Family

Fireball is Grandsired by Lazy MC Detour. This exceptional bloodline from the Morash Family, is bringing a strong niche of heifer calves to the table. The dam of our bull is from the higher end of our cow herd, a female who we call "Darlin" this cow has the disposition genes that any family operating farm would consider for their herd. When it comes to producing bulls for our customers, the main concern for us is calving ease. Cattle producers put endless hours into their work on a daily basis, the last thing we can do for our fellow producers is to provide bulls that will give ease to calving season.

Fresh when he strides out, free moving, and clean made feet. A strong basis which breeding sires are made of, Red Bar M6 Forrest is build from these qualities, a bull that is over all sound and spry. Both Forrest and Red Bar M6 Fireball 325F are offspring to our herd bull Red Bar M6 Alltour 309C. Both prodigy are complete packaged bulls who will be assets to your females.

Longevity is a characteristic which we strive to provide in our bulls. Red Bar M6 Farris is an up coming yearling that has natural power, one that carries optimal muscling through out his structure. This bull has a spring of rib and spine length that you have to appreciate in a future breeding bull. Farris is sired by Red Bar M6 Cadbury 310C, this sire is a powerhouse and has given those traits to his offspring. This is the youngest of our bulls which we are consigning, for his age he has matured well and competes comparably. This bull will power up females, adding definition and capacity to your herd.

NOTES:

DIAMOND A FARMS

On behalf of Diamond A Farms we would like to welcome you to our first annual Gelbvieh bulls to offer. We have been building confidence in our commercial herd using the Gelbvieh breed for over 20 years and now together with our children we are privileged to start our purebred program. Our children & us as parents have started our own Gelbvieh herds from within our association using Brittain, Ness, Winder & Abel bloodlines. We strive to continue breeding quality purebred & commercial crossbred Gelbvieh Cattle & look forward to vastly expanding our Purebred seedstock.

Miss 116F Fiona is a daughter to one of our most maternal females of the herd. This heifer has the unique trait of frosted ears which gives her a pretty touch to her feminine front end structure. Both Fiona and 117F Fallon are sired by our herd bull Bar M6 Alltour, we have raised him from our best cow who was shown as a heifer and cow calf pair. Fiona has a great spring of rib and lengthy spine she will mature into a maternally sound female. This particular cow family has proven itself especially through udder performance and structure.

Red Bar M6 Fallon is from a strong maternal background on both sides, she is prodigy off our main herd sire Red Bar M6 Alltour who was shown at side with his dam Red Fly Away 459A Allstar, together they were a very competitive pair in the ring. This heifer is complete in her make up, clean through the chest floor and leveling in with her flank. Fallon is a heifer with capacity who is going to mature onto producing sound productive bull calves.

This little lady is our youngest heifer which we have on consignment. Red Bar M6 Faith is a prospect out of, first time Momma 108D Destiny and are we ever impressed. This fawn heifer is constructed smoothly all through her lines, built strong in her spine and has just the right amount of height to her tail head. Our greatest appreciation about this heifer is the depth that she carries in her belly. Sired by one of our herd bulls 310C Cadbury, he is a bull who will muscle up cows, a sire that will add power to those females as he has done with his daughter Faith.
