Welcome...

Welcome to the Colours of Autumn Sale that must surely by now be considered the highlight of the fall sale season for Limousin breeders in eastern Canada. Now we all realize that 2020 hasn't just been a bowl of smarties but for those of us lucky enough to be in the beef industry it has been good for business. Consumers now appreciate where their food comes from, recognize the value of a quality product and that in turn has reflected in a strong demand for cull cows, bulls and a good looking forecast for the fall calf run.

The hosts and consignors of this sale always put their best foot forward and you can bet this years's offering is packed full of opportunity and promise. It could be an exciting new brood cow calving early next year or a fancy heifer calf that will hopefully have more chances to chase banners in 2021. The sale has moved a month or so earlier as the fall opened up a bit for more flexibility, and hopefully by then we won't be into long John season yet, so plan on a comfortable and safe setting to appraise your selections this year. We at IRCC are pleased to be with the Bohrson Marketing team and should you have any questions or inquiries on the offering or on how you can participate in "The Colours of Autumn" please feel free to contact us or any of the consignors.

We would like to welcome everyone to the 8th annual Colours of Autumn Limousin Sale. We once again have dug deep into our herd to offer you our best genetics. We feel these are the best set of bred heifers we have ever raised. If you are unable to attend contact myself or anyone on the sales team. Thank you to our 2019 buyers and hope to see everyone in Cookstown on October 24th.

David, Jennifer, Sarah, Ashley & Josh

Welcome to the 2020 Installment of the Colours of Autumn Limousin Sale!

The world has drastically changed from our 2019 Sale, however, one things has remained certain- the need for quality, fault free genetics in the beef industry. We have put forward 7 of arguably the best bred heifers we have ever produced for your evaluation. They are from the "who's who" of the Limousin breed and their claim to fame will be stability and reliability when it comes to producing top notch offspring, be it in a commercial or purebred setting. As well, we are also putting forward a rare opportunity to get in on one of the most predictable, efficient and calving ease sires that does not lack in performance. HLC DBCC Flatliner 05F ET is as sound and as good as they come. We have been so confident in his ability to add stretch, docility and performance into his offspring that we bred every first calf heifer to him as well as majority of our cow herd. A great group of females has been put forward by the consignors of the sale and this is a sale that is not to be missed. For any information on any lots on offer, do not hesitate to contact us for a tour of the herd prior to the sale.

Thank you,

Bryce and Janice Allen Nathan, Stephanie, Evalina and Aidyn Allen

TERRY & BRANDON HOLLINGSWORTH

ORONO, ON Res: (905) 786-2425 Cell: (905) 718-2185 brh_eggman@hotmail.com

We would like to welcome you the 8th annual Colours of Autumn Limousin Sale. First off we'd like to thank all past buyers for their confidence in our program and how humbled we are to see your interest in our genetics. Every Red Maple female in this offering:

- Has been tie broke for your convenience
- Has been sire verified along with coat colour and polled tested
- Calves have been vaccinated with Pyramid 5 & Ultrabac H/S as well as Ivomec
- Breds have been vaccinated with Pyramid 10 & Ultrabac H/S as well as Ivomec

If anyone has any questions feel free to contact us or the sale staff as we'd be more than happy to assist you with any questions you may have. See you Oct 24th!!

Terry, Wendy, Cassandra, Brandon

We would like to welcome you to the 8th annual Colour of Autumn Limousin sale. Once again we feel we have selected from the top of our bred heifer and heifer calf pens .Thank you to all of our previous buyers and we hope to see you sale day. Feel free to contact us or sales management with any questions prior to the sale.

Justin and Melissa Burgess

To lead off this years bred heifers we have chosen this outstanding homozygous polled, deep bodied, easy keeping daughter of Wulfs Bank Robber. She has been a standout since birth and rising to the top of the pen. 933F's dam is a daughter of the legendary Wulfs Army General bull, her dam is one of our most cherished fall calving females. A maternal sister sold to BCV farms in Ohio last year and is doing a tremendous job on her first calf. She is due January to the exciting new Wulfs Fifty. Clarks Fawn will create lots of excitement come sale day!

Al on April 15 to Wulfs Fifty. Exposed to Clarks Gambler May 6 to Sept. 1.

Confidence in your truck to start in the morning, confidence in your equipment to get the job done, and confidence in your breeding program.

Some things you can be more confident in than others. When we selected Flatliner from the Hewson/Double B consignment at the Solid Gold Sale in Regina, we were confident that he was going to be a key player in our herd going forward. He had just come off the Reserve National Championship at the CWA Show. Everything we had seen and heard about this young bull was positive. From the amount of hip, hair, muscle shape, disposition and the program he was coming from just added to our confidence. We used him heavily on our own cows, and even bred a few heifers to him. This past Spring our confidence was affirmed with the arrival of his first babies. They had low birth weights and very high vigor. Calves weren't on the ground 15 minutes and they were up and ready to get to work. Our confidence was exceeded when the first calf heifers started calving. Never before have we owned a bull that works as well on heifers as he does on mature cows. As the calves have grown on grass over the summer, the muscle shape, disposition and hair have all been passed on from Flatliner. Bulls are rugged, heavy muscled individuals with smooth heads. Females are long, pretty and have fantastic front ends. Flatliner also adds extra length to these calves without compromising birth weight. As one fellow said just last week when in to purchase the first Flatliner bull calf "you can't build them with their ears too close to their backside; these are some great calves." We sold some limited semen to some progressive breeders and the compliments on the Flatliners calves have been over whelming. He was also campaigned on the show road in 2019 and brought home 3 Grand Championships along with 2 Overall Championships and stood very competitively at the RAWF- again, confidence was reaffirmed. In today's world, where you cannot always be confident in everything, Flatliner is proving his worth and is about to make a tremendous mark on the breed. We can't help your confidence in your truck or equipment, but if you need some confidence in your breeding program, look no further.

Please contact sale management, Windy Gables or Double B Cattle Co fo any information. Homo Polled

Power, power. We can't say enough of about this striking female. A looker from birth, this WGL Crowley 1C daughter comes from the same family line as WGL 8G. Single black, her length, muscle and overall balance is sure make you take notice. Add to it her breeding to Flatliner, a big opportunity awaits.

Al'd to HLC DBCC Flatliner 05F May 5, 2020 Pasture Exposed HLC DBCC Flatliner 05F May 25, 2020 -July 1, 2020 Ultra Sounded September 1, 2020 Vet Opinion Safe to Pasture Breeding - 75 Days

Consignor: Windy Gables Limousin

Another big powerful female by Greenwood Zambuka that puts the "POW" in power. She is one of the first heifers that gets noticed when touring the heifer pen. Her Lakeridge dam has been a consistent performer is our herd with bulls and heifers going to purebred and commercial operations alike.

Zambuka genetics are very limited. A great chance to secure a great heifer for the future. Het. Polled

Double Black and heavy muscled, 18G is a thick made female from the Ivy's Heart 6T line that we have based our herd around. Ease doing and fault free on the move, the Crowley females rise to the top of the heifer pen with ease. With a Flatliner calf due in the spring, the predictability of this female is a no brainer.

Select with confidence. Het. Polled

Consignor: Windy Gables Limousin I can't quite recall a heifer with as many pieces fitting together gracing the WGL pastures. A total head turner with her balance and style, this Homo Polled heifer is going to have a big future. We partnered with Clark Cattle to bring her dam east. After a successful show career, a couple high sellers Greenwood Beretta 42B has settled into life in Ontario with ease. This is the first female by our former herd sire Greenwood Encore for sale. The power, bone and substance he left us with in his off spring is sure showing in this big time female. Homo Polled

This girl is a special one! One of my personal favorites from the beginning, so much performance, style and balance in a very complete package! Her dam was one of our top picks out of the 2019 JYF sale as an open fall heifer, with her cracking this one out on her first try, we are super excited with the future of her dam in our program. She'll be one of the first LFLC Easy Street's to sell in Canada. Look to this one to be competitive in the ring in 2021.

9 out of 15 EPDs are above breed average with Top 1% CED and Top 2% BW.

Our youngest female on offer here, but quite simply she one of the highest performing from an ADG standpoint. This beginning of March female was weaned at 145 days and came off the scale with a 3.59 WDA. That's impressive! She comes with the right amount of look where she could also be competitive in the ring in the younger yearling class. Be sure to have this female marked, she'll be one to look for on sale day!

Comes with a real balanced set of EPDs!

Consignor: Red Maple Farms

Every year there is always at least one "Rose" heifer in our offering simply because they work so good period! We love these females, they are hard-working, feed efficient and look good doing it. As you'll notice this heifer has half a tail which is from her momma being a touch over motherly and chewed the other half off at birth. But what she lacks in tail she makes up in stoutness! She is extremely stout from front to back in a well-made feminine package.

9 out of 15 EPDs are above breed average!

New Life High Class lives up to her name. A moderate, yet very stylish heifer, is sure to result in a front pasture type cow. 22H is a full sibling to one of our top bull prospects from the 2020 Fully Loaded Bull Sale. High Class has a maternal sibling working at Clark Cattle who is doing a great job. Bid with confidence, there is tons of potential here.

Consignor: New Lite Limousin

Flatliner created a lot of excitement in 2018 when he was declared Reserve Grand Champion at Agribition in his showring debut. She started life a bit early but has been a favourite all along. Her mom was our selection from Excel's choice of the calf crop sale feature, and has been very consistent in production. Has the potential to be a herd builder.

This heifer will grab your attention and hold it, she is elegant in her lines, while carrying enough power to compete. She is off a moderate heavy milking two year dam, and is backed by productive cow families on both top and bottom of her pedigree. This is only the second crop of Entourage calves, but we believe in them and cannot wait to get them into production this coming winter. 15H is halter broke and very gentle mannered, she would be very well suited for a younger show person.

This is a pedigree we just love, the Royalty cow has made a huge impact in our herd, she was named 2018 Canadian Show Dam of the Year and another daughter was 2019 Canadian Show Female of the Year. We have a flushmate sister to 16H in production and she out did herself with her first calf, these Wind Chill females just plain produce. This heifer is what a Limousin female should be, attractive yet full of muscle in a sound package. This heifer is halter broke and gentle and would be an excellent project for 2021.

XPC 802F Full Sister

XPC 410B Maternal Sister

Earlier this spring this heifer was slotted to be our consignment for the Royal Elite Sale, unfortunately that was unable to happen and this heifer will have to wait until next year to set foot in a show ring. We were excited to acquire her dam last fall in this very sale and she did not disappoint one bit, this will also be one of your first chances to purchase a Flattiner daughter at public auction. The first crop of Flattiner calves are correct, long spined and full of performance, and this heifers EPDs sure do help add to the total package. The heifer is halter broke and quiet, she would make an excellent project for 2021.

Ahrest Moor

Harvest Moon is the youngest of our consignments, but does not to give up performance or style to her pen mates. She is part of the second calf crop of Earmark, a bull that has us excited for the future of his daughters, they are all ultra attractive, easy doing, sound and complete with great udder development. A paternal sister to this heifer was shown at the side of the Canadian Show Female of the year and sold in the Royal Elite Sale to Payne Livestock. This is a heifer that will develop into a great addition to any program and would be a good candidate for a 4-H Project.

XPC 906G Paternal Sister

Sire: DKP 16E

22G is a barn favourite, she is dark cherry red and very fancy with lots of size for a May female. 22G is out of arguably one of our best result females that have come from Windy Gables and our provincial Champion bull in 2017 Darling Eliminator 31E. Eliminator is a powerhouse bull that has produced some extremely good calves. 22G is safe in calf to Wulfs Spring Loaded for an April calf. Don't let this one getaway.

Pretty cool black heifer calf here and she is extremely quiet. Powerful combination of strong genetics, her great granddam being Top Meadow 24L herself! Westwind has blazed his own trail in our breedand this heifer is a very strong representation of his progeny. Diamond is long bodied and very strong footed. A great addition to any herd!

Consignor: Lisle Limousin

Arcon Cattle Co is excited to offer this the first heifer to hit the ground from Arcon's Dora Bella ACC 1D. A smaller compact, good milking young cow's first 2 bull calves have moved on, to not dissapoint. The dam ACC 1D was the calf at side at the 2016 RAWF of Arcon's Bella ACC 2B who is a power packed female going way back to Kajo Responder 120R. Combine that with the sire of the female, RPY Paynes Diesel 37D there's nothing but powet and production automatically built into this deep bodied black heifer! If you're a purebred or commercial breeder this may be an opportunity you definitely don't want to pass up on! CHOICE LOT

This february heifer offers a different combination of traits that any breeder would love to add to their breeding program! She's a super docile female whose dam comes out of the \greenwood program; PYN 685Z Polled Zesty, she's one of 2 females who really, "kick started' the Arcon program. This heifer is super fancy, super quiet and day of picturing, Chrissy was on the halter, so this is a definite 4H project prospect! She's super clean through the middle and jam packed with pedigree top to bottom. A very difficult female to offer up, again sired by the 2016 National Champion RPY Paynes Diesel 37D, red or black, the choice is yours, can't go wrong. **CHOICE LOT**

Consignor:

Arcon Cattle Company

You're not going to want to pass on this unique genetic offering. Crown Hill Shameless 2H is the most complete heifer calf we have raised, out of a dam that needs little introduction. Miss TMF Shameless turned heads every time she entered the ring and was Grand Champion Limousin Female at Lindsay Ex and an RBC Beef Supreme Qualifier. CHA 2H is eye-catching, stylish, balanced, and feminine. Docile, easy-going, and halter broke, she's a sweetheart that's ready to follow her mother's footsteps in the show ring in 2021. This heifer is an excellent junior show prospect and we are willing to keep her until the Impact show in Spencerville, ON, 2021.

With our first consignment to COA Sale, we wanted to offer right off the very top of our replacement heifer pen. Carlsruhe Hanna is an ET calf that displays lots of length, bold rib shape and muscle all in an attractive, sound package. Her dam is a CLA Super Elite Female that we picked out of the TMF cows in their 2017 sale. On 7 progeny she has a weaning ratio of 102 and yearling ratio of 104. Hanna would be a great addition to anyone's herd with her impressive phenotype and predictable pedigree!

Wulfs Your Choice 1419Y has been producing sale features for the Wulf Cattle Opportunity Sale for the past several years and was the dam of previous Lot 1 and 2, who were also the lead off bulls of the Wulf Denver Carload. She is carrying on the tradition built by her famous dam, Wulfs Soloist 6284S. Credentials progeny have created excitement around the world. Offspring from this mating will be at the forefront of the breed.

Consignor: Wult Cattle

TERMS - The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. The Autumn Colours Limousin Sale reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, The Autumn Colours Limousin Sale reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, The Autumn Colours Limousin Sale and sales staff have the right to refuse bids from anyone who has a previous record of default in payment and or who has not made prior credit arrangements, prior to the sale with the owners and or Sales Management.

BID - Every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - The proper Registration or Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made. SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

GUARANTEE - All animals will carry standard breeding guarantee as specified by the Canadian Limousin Association. At no time shall the seller's liability exceed the purchased price of the animal. EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to Canadian Limousin Association Guarantee but no guarantee is given that semen from any bull will freeze.

HEÁLTH - All animals will have passed the required tests as determined by Agriculture Canada at sale location. It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. The Autumn Colours Limousin Sale assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale. The Autumn Colours Limousin Sale & Indian River Cattle Company | S AN AGENT ONLY - It is clearly understood that The Autumn Colours Limousin Sale & Indian River Cattle Company, acts only as agent between buyer and seller and is not in any way responsible for any failure by either parties, and in exceptional case, any legal action will be between buyer and seller. The Autumn Colours Limousin Sale has no ownership of the facility and assumes no responsibility for the operation of said facility.
