Welcome from the
BOHRSON MARKETING TEAM,

The 2023 Fall Gala sale presented by River Point Cattle Co & guests will be one of the must attend events of the fall sale season. The Crawford family always puts on a nice spread of hospitality with great cattle on display from their impressive breeding program, complimented by their guest consignors that always bring their best. The Fall Gala is always a top contender for folks to gather and source elite Simmental genetics and this year's offering provides the same opportunity it's known for with maybe as much depth from the consignors as ever before. A large amount of future donors, as well as class and division winners at many major shows, have been graduates of the Fall Gala. We believe this speaks volumes to the quality the Crawford's & their guests assemble.

We highly encourage you to take the time to join us on October 15th near Glencoe for some of the very best Simmental genetics available in North America. We encourage you to reach out to the Crawfords and their guest consignors to discuss the offering and help select your future purchases if you are unable to make it sale day. All of us listed from Bohrson Marketing also offer a free consultation and order buying service conveniently set up for you if need be.

We hope to see you in Glencoe for the 2023 Fall Gala Sale!

TERMS & CONDITIONS:

SEE INSIDE BACK COVER

Welcome from RPCC

Welcome to the Fall Gala Sale! The success of a seedstock producer is really proven when the cattle we breed go on and produce well for others, whether it be locally or across this fine nation. When selecting cattle for this sale this is a top priority for ourselves and our loyal Fall Gala consignors. Studying this year's sale catalog along with many other top notch sales across the country the Gala cattle are producing in our own herd, our consignor's herds and many others.

We are pleased to welcome back a great group of guest consignors that we are lucky enough to call our friends too. This year's offering includes top end heifer calves, a big group of bred heifers ready to turn into great momma cows, a few top notch embryo packages and something new, the first semen packages being offered on a new outcross sire. We are very thankful for the tremendous bunch of family and friends that do a lot of work to make this sale a success each year.

In conclusion we have all dug deep again this year to bring you the 2023 Fall Gala Sale. We would love to see you October 15th, but if you are unable to make it in person we will do everything we can to ensure you are taken care of from a distance. DLMS will be broadcasting the sale online and the great team at Bohrsen Marketing will be available to help you evaluate the offering. The consignors will be happy to show off their cattle at home prior to the sale as well.

Power and Pizza! Lily was Reserve Senior Heifer Calf Champion at the National YCS Show earlier this summer and made many friends on the local show circuit as well always coming out in the top 2. The Double Up bull really clicked on her beautifully uddered 2 year old dam we selected from Mast-R as a heifer calf. Quiet as a kitten, with huge bull maker power potential. This is extremely hard for the girls to let Lily go, but the cow is bred back the same way again so they are sharing a true gem with you all.

Shelby is having a hard time letting this girl go. A true special female that is near and dear to us. Light Of My Life is powerful, long bodied, extra deep bellied, hairy, yet still super attractive. Her sire is well known in the breed and you can see why in lots 7 & 8. We campaigned her dam in the showing and boy did she make friends! Her first son sold in seconds after I posted his video to Lazy MC Cattle Co., and had more calls from Canada and the U.S. Sure wish we could keep this one but we are sharing our best with you.

The only reason we are letting these flushmates go is because we have more embryos in the tank. If you are needing to add really good momma cow genetics to your herd these ladies will sure work. We bred our Zanita cow Broker naturally many times and it worked every time bringing home multiple banners and sale toppers year after year so it wasn't hard to choose her when we flushed. Broker still dominates across North America. Here is your chance to get some of our favourite genetics. Both of these ladies are bred to our new herd bull from K-Ler Cattle to bring fresh genetics to Canada.

Kashmire is bred for maternal greatness! She is sweet, deep, and has nice clean lines. She stems from our most prized cow family. You may remember some maternal sibs like Bling, Cherry Whiskey, Dixie, Eye Lash, Jazzy, and Flame. Kashmire is sired by our Broker son, High Valley that adds that extra style and punch, she is the first daughter we are letting sell! Bred to the calving ease Night Watch bull from Werning will add to this genetic combo.

Leah is the youngest calf in the sale but she has kept up to the older calves just fine. She is an easy going girl and has the future to embrace. The dam's side goes back to the great Beeba cow family from Muirheads. 2023 was the first calf crop off our new herdsire, as you can see he did not disappoint! We wanted to offer an example of what he can do! Leah made the trip to Ancaster earlier this summer to the National YCS Show and was awarded Reserve Junior Heifer Calf Champion. Leah has a stout hip, with an elegant blending of femininity and the right amount of mass and power. This black beauty would be a definite favourite for the show road next year as a bred heifer!

Basis was our selection at the 2021 K-Ler Cattle 2021 Production Sale in Minnesota. He was the total package we were looking for here at RPCC. He checked off all the boxes, he is sound structured, wide made, and has the "look" that is desired. Along with a great set of EPD's that made him even more desirable. Feature lot 16 above is a great example of what he is capable of. He has definitely stamped his calves. We used Basis very heavily this breeding season, looking forward to his 2024 calf crop and beyond!

We have both Canadian and American semen available.

RUBY'S DREAM 130X

Emerald is made for the showing. Her chrome, neck and head carriage, and sweet disposition make her a dream showmanship heifer. She is a really attractive, cool made Optimizer daughter who possesses excellent rib shape and is very attractive through the front end. While show heifers are nice, they still need to be cows and she stems from one of our strongest cow families.

These two flushmates fit the brood cow mold to a tee and have the pedigree to back up that prediction. They are good footed fluid moving females, that are attractive and elegant through their front one third. These females have tremendous capacity and shape through the centre part of their bodies and with beautiful udders starting to develop. Their dam has been a cornerstone producer for Kathryn Dolliver and even in her later years was productive and striking in her appearance. A maternal brother that is JT Sixth Sense 32J, that has had a successful show career and is really starting to leave his mark within his first calf crop as an AI Sire. Both heifers are bred up to calve before 24 months to the exciting Canadian Sires Bull Double Up G365.

INDIAN RIVER SANDMAN

IRCC YIPPEE 104Y

In 2019 HCC purchased a heifer from IRCC believing there would be a show season for 2020. Well COVID ruined IRCC Glisten's show career but did not stop her from raising a phenomenal yearling. Glisten goes back to the SFI Load Cell bull which has been turning heads both in the showing and donor pen. HCC Actin Up is sired by the well known LFE Game Face bull.

Exposed to RPCC Black Garth 205G April 1 - May 10. (safe for early February)

HCC is bringing you their first daughter from the Outset yearling they bought right here at RPCC in 2021. Outset Havana is a daughter of NCB Cobra 47Y. Lola's sire W/C Relentless 32C needs no introduction as he has raised many champions in the show ring. Lola is stout, sound, and demands your attention. We are extremely confident in Lola's future both in the ring and donor pen. HCC would like to retain the right to 1 successful flush at new owner's convenience.

TERMS & CONDITIONS

TERMS: The terms of the sale are cash, cheque, and wire transfers, payable at par at the sale location unless satisfactory payment arrangements have been made prior to the sale with seller, buyer and Bohrsen Marketing Services. Bohrsen Marketing Services reserves the right to require a certified cheque as settlement before releasing any sale cattle. Payment in full must be made before cattle can be released and shipped. Exchange rates will be announced sale day and the sale will be held in Canadian funds.

BIDDING: All animals to sell through the sale must be sold by auction with each animal selling to the highest bidder. Private sales will not be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

DISPUTES: In cases of disputes, bidding will be reopened between the parties involved in the dispute. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid and the auctioneer's decision will be final.

ANNOUNCEMENTS: Any announcement from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

LIABILITIES: All persons attend the sale at their own risk.

CERTIFICATE OF REGISTRY: A registration certificate issued by the applicable breed association and a certificate of registry duly transferred will be furnished to the buyer of each animal after final payment has been made.

PREGNANCY INFORMATION: All bred females have been pregnancy examined by an accredited veterinarian, who has provided the seller with an estimated length of gestation. The estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service. Bohrsen Marketing Services will provide supplement sheets with breeding services provided for the purchaser.

HEALTH: All sale animals have met all necessary health requirements and it is the buyer's responsibility and expense to determine health requirements for importing any animal into his province or state. Bohrsen Marketing Services assume no responsibility for the health status of any animal in the sale.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold.

SHIPPING: Shipping of cattle, semen and/or embryos are the responsibility and expense of the purchaser. Purchasers are requested to provide shipping instructions at settlement on sale day.

INSURANCE: We strongly recommend insurances for full value on all purchases.

ACCIDENTS: Every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

INFORMATION SUPPLIED: The information contained in this catalogue is believed to be true and accurate. The seller has provided the information to Bohrsen Marketing Services and they assume no responsibility if the information supplied is not accurate.
