SCOTT BOHRSON 403-370-3010  
TAYLOR RICHARDS 306-821-4169  
CODY HANEY 403-845-8806

Hello and welcome to the 2024 Horner Downhill TSN bull sale with guests KCH. The HDT sale group is certainly a highlight sale across the prairies each and every spring and this years offering guarantees to excite. What a special time to be in the cattle business and to re load your herd bull battery and what better place to do it than right at this event with some of the must see Simmental & Angus bulls. The heavy emphasis on building around elite cow families and producing bulls that are soggy, easy fleshing sound made out of big time herd bulls is as evident this year as ever before. These like minded breeders have once again come together to bring you a set of bulls represented through embryo transfer, popular ai sires and proven herd bulls to you, the customer. This is one of the absolute greatest bull sources across Manitoba and we cannot endorse each of these programs enough. We highly encourage you to get out and tour each operation before close out time and to catch the bulls at Horner's yard from February 24 - 26.

If any of us from BMS can be of any assistance, feel free to contact us. We would be pleased to discuss this offering with you.

Best Regards,

The Bohrson Marketing Team

#### TERMS

The terms of the sale are cash or cheque and e-transfer payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. The owners, First Class Cattle Marketing and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or Sale Management.

#### BID

Every animal consigned to the sale must be sold by auction. Each animal will be sold to the highest bidder.

#### PURCHASER'S RISK

Each animal becomes the risk of the purchaser as soon as sold.

#### CERTIFICATE OF REGISTRY

The proper Registration will be duly transferred and furnished to the buyer for each animal after settlement has been made.

#### GUARANTEE

All animals will carry standard breeding guarantee as specified by the applicable Canadian Breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

#### EXCEPTION TO GUARANTEE

In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

When purchasing your bull, please remember that semen tests are a snapshot in time. Injury, illness and stress may impact a bull's ability to breed successfully. Other factors that may impact a bull include a rapid change in diet, a new environment or being placed in a pen with older bulls.

#### HEALTH

All sale animals have met all necessary health requirements and it is the buyer's responsibility and expense to determine health requirements for importing any animal into his province or state

#### LIABILITIES

All persons attend the sale at their own risk.

#### SHIPPING

Shipping of cattle are the responsibility and expense of the purchaser. Purchasers are requested to provide shipping instructions at settlement on sale day.

#### ACCIDENTS

Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sale Management or consignors, assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

#### RIGHTS AND OBLIGATIONS

The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both.

We will be running under the standard  
CSA & CAA Terms & Conditions.

EACH CONSIGNOR RETAINS  
THE RIGHT TO DRAW ANY  
BULL IN THE SALE FOR  
INHERD USAGE

## NEW BIDDERS TO THE DLMS FARM GATE TIMED AUCTIONS MUST CREATE A NEW ACCOUNT

All new bidders to DLMS FarmGate Timed Auctions must create a timed auction account to be able to bid on this timed sale. This log is different from your DLMS.ca live sale account.

### CREATING A NEW ACCOUNT

Click Register on the top right corner fill in your account info, log in to verify your phone number and you are ready to roll with DLMS Farm Gate Timed Auctions.

### OUT BID NOTIFICATION SETTING REMINDER

All bidders please remember to activate your email and text notifications to receive out-bid notifications for lots that you are bidding on. To turn on notifications go to the top right corner of the screen go to My Account, click on Notifications, confirm you have check marks beside your EMAIL & PHONE notifications and then click save.

## SALE CLOSING

At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. When no bidding occurs for the extended time the computer will declare the sale finished.

## INVOICING

Following the sale the seller will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.

For more info and assistance with bidding contact the sale contacts or

# HORNER CATTLE CO.

LAURA \* 204 868 5335 \* JAKE \* 204 768 0284

Welcome to the third annual Horner-Downhill-TSN Bull Sale!

It is with great excitement that we host this event at the Horner Bull Yard and welcome you to come join us yet again, Feb 25th-26th to view the bulls and for some hospitality. There will be a come and go hot meal served as well as beverages. The Horner Bull yard is located 25 minutes North of Brandon along highway #10. Turn North on to Service road 107, watch for the bull sale signs.

**PLEASE NOTICE!** We have changed the time of our soft close out. This year the extended bidding will start at 6pm instead of 7pm like the last couple of years.

This year you'll notice we've welcomed our friends at KCH Cattle Co., the Hinsburg Family of Rapid City to our sale. They've brought some great bulls to the table and we are so happy to have them as part of our sale!

We've been to lucky enough to be blessed with a great farming year. Albeit a wet spring and late seeding, pasture conditions held all summer and proved to be a recovery year for our grassland that had been drier then normal for so long. Crops yields were steady and we were lucky to put up a pile of feed.

As usual we had a super hectic fall, between all this we were lucky enough to take in Manitoba Ag Ex and Canadian Western Agribition with our string of 11 head. And it was probably our best fall yet! We are lucky to have these shows and consider them a pillar to our marketing strategy. If you ever see us at these shows, stop by the stall and say hello! We market our females at the Associate Invitational held at Agribition and bred heifers at Cream of the Crop with our very good friends Downhill Simmental, TSN Livestock, KCH Cattle Co and DKH Simmentals.

Again, upon analyzing our bull pen you'll see lots of consistencies in relation and type and kind. ET and AI has always been important in our program and is a tool we have been utilizing for growth! These bulls are sound structured, good footed, free moving and athletic with enough performance and calving ease bred-in to be versatile in most any program. They are built the way we like them and how we would like to see them if utilized in our cow herd. We have developed these bulls for sale the exact way we would if they were to be retained within our own herd. High roughage TMR and a balanced ration with

**Bullseye Nutrition (Thanks Phil and Matt!)** Our focus is longevity and athleticism and we are confident these bulls will go out and work for you. In the past we have freeze branded our bulls for identification purposes, this year the time just seemed to have gotten away from us. We would be happy to provide this service free of charge after the bull sale if the successful bidder wishes.

Visitors are always welcome for a tour prior to the bull sale. We would love to have you! Please get in touch with either Laura or Jake with questions about the offering or to arrange a tour! Thank you to past and future buyers for all the support. Your support means the world to us and we look forward to servicing your bull battery needs!

### HOMO POLLED \* HOMO BLACK \* PUREBRED SIMMENTAL

\* A definite sale feature and a bull we were proud to have campaigned successfully last fall.

3024L was admired for his soggy made, deep bodied, bold ribbed, overall completeness and awesome look. For the overall mass and volume 3024L possesses he still effortlessly travels with flexibility with an up headed herd bull look.

\* Look to 3024L for performance as he ranks top 3% and 5% in weaning weight and yearling weight respectively.

\* When it comes to cow families 3024L stems from the best that call Horner Cattle Company home. Being mothered by the many time champion and \$42,000 HFL Rose 1035J, who is arguably one of the best females we have ever raised and is really making a name for herself in the donor pen with numerous high quality and incredibly consistent daughters that we have retained for ourselves. Stacking the Heaven Sent cow family on the paternal side of things adds a whole new level of maternal greatness.

\* Throughout the fall 3024L had racked up a number of titles, being selected the Reserve All Breeds Champion Bull Calf at Manitoba Ag EX, the Reserve National Champion Bull Calf and 3rd Overall Simmental Bull at Agribition's Presidents Classic.

\* Homo Polled and Homo Black, here is a big time opportunity.

\* Lot 2 has caught every visitors eye from a very young age.

\* He is the heaviest muscled, best haired, softest and soggiest made of the bunch and one who most reminds us of his older brother Mind Game. He is super smooth jointed, sound made and smoothed shouldered with a masculine herd bull skull. Wide muzzled, deep jowled, hooded eyes, he has quite the herd bull presence.

lot 3

\* All though a little younger in age, Lot 3 follows very similarly in type with lot 2, and is the natural calf off the 433E donor and is a calf we think quite highly of for his wooly dark red hair coat, soft made and again awesome look with a striking herd bull presence.

\* Lot 4 has been one of the most picked out red bulls in the entire offering. The largest framed and longest bodied of the 4 brothers with all of the good each of them possess. Heavy haired, dark red, awesome footed, and athletic on the move, he is a calf we rank high!

lot 4

LOT 2 - 5 MATERNAL SIB- MINDGAME 1005J

\* Here is an incredibly consistent set of full brothers out of our Double Bar D 433E donor. All 4 of these brothers remind us so much of the \$51,000 HFL Mindgame 1005J bull we sold out of this very sale a couple of years ago who has had an awesome first calf crop.

\* This is our first year with a Stratton sire group and we were incredibly impressed with the consistency in the Stratton progeny, along with their early maturity, large scrotal, great hair, and overall really attractive look in a moderate and very complete package.

### HOMO POLLED \* HETERO BLACK \* PUREBRED SIMMENTAL

\* A Stratton son that pairs very similarly to his brothers in the bull pen. The most moderate of the offering but one that adds extra calving ease potential.

\* 3032L had an unfortunate start losing his mother in May. 909G was just at the start of her production, already selling a \$13,500 son to Harly Day and a \$9000 daughter to Layla Dorko. Hailing from the Emma cow family, we really admired 909G for her excellent udder, big awesome feet, and overall completeness while carrying the genetics of maternal greats like American Pride and Captain Morgan. We would have liked to have made a pen of daughters off 909G but unfortunately that just wasn't in the cards. We were able to graft 3032L on a first calf heifer to raise him.

\* Again, with the influence of Stratton and 909G 3032L is a bull we feel could sire an awesome group of replacement females.

HORNER CATTLE CO.

\* This is a calf we have ranked high from a young age and is a sale favourite. Soft and soggy made, big scrotaled, sound made, moderate framed and great haired. 3020L travels effortlessly with an awesome herd bull look and stands on a strong set of feet and legs. Stratton breeds really consistent and these brothers are all evidence of that.

\* 3020L's dam was purchased in our pick of Double Bar D's bred heifers in 2018. We have admired her for her explosive rib shape, easy fleshing, and high milking ability along with a well constructed udder with perfect teat size and suspension. For us, she is the type of mother cow we look for in backing a herd bull purchase. The Blaze face means there is a ton of market opportunities for resulting progeny, and the thought of his daughters has us really excited.

\* I wish we had more Mindgame progeny to offer in the bull cause they are flat good. Unfortunately with such a heavy Rose influence, we could only use Mindgame sparingly. We did end up getting some tremendous daughters ranking at the top of our replacement pen that we were adamant on keeping ourselves. These soft made, loose hided females will be herd bull production machines.

\* This dark red, well constructed and overall very complete Mindgame son is one of the youngest bulls in the offering.

\* He is mothered by a cow we purchased from Springcreek, who has always has top end bull calves, whether as a recip or her natural progeny. She has raised a \$20,000 et son, a \$16,500 et daughter and a \$10,000 et son.

\* With the likes of the great 433E donor, Lawmaker, and 31B, 3061L is a bull that should have a positive influence on your replacement female pen!

# ROSE PROGENY

**LOT 9 FULL SIBS - SOLD TO CARTER GOUDY**

It's hard to know where to start with this one! She's done it all so far and we look forward to continuing to use her genetics.

From a young age we knew she was special, her and her full sibs have been standouts and are at the top of our herd for easy doing, hard working females. 1016J has hit the show ring a number of times and this past fall she found herself at the top of the Class winning Champion Simmental Female at Brandon Ag EX with her calf at side a True north daughter. She went on to win the all breeds supreme later that day and what a feature that was!

1016J was flushed as a heifer calf and has given us a very strong set of calves to start her career as a matron cow. We love the added frame size this cow offers her soundness on the move, feminine fronted and good haired. You will see a number of her sons here in the sale, she has added size and dimension to her offspring and these guys show it. We have her bred back to True North for a natural calf and we are anxiously waiting its arrival as we write these footnotes! We are confident in this group of ET bulls off 1016J and are proud to offer them for your selection.

**LOT 9-13 DAM - ROSE - 2023 AG EX SUPREME CHAMPION FEMALE**

### HOMO POLLED \* HETERO BLACK \* PUREBRED SIMMENTAL

\* The powerhouse of the pen! This guy hits hard when you see him! Big sized, added frame and length, big hipped and Hairy.

\* The Cobra offspring just keep getting more and more demand! Beautiful daughters and powerhouse bulls. This guy came off a massive recipient cow and she did a whale of a job on him weaning off at 910 pounds. We feel his birthweight is attributed to that large recipient.

\* We feel this bull exemplifies everything his mother has done for us so far, he's definitely a standout bull and is sure to be noticed sale day! He's Homo polled and Hetero Black, whether black or red calves they are in demand at the markets these days. Jump on board and gain some premium on your calves with a Simmental bull.

\*A Homo Black option to keep those calves in the Black X pen. If you're looking to add some frame size to your offspring these Cobra 1016J bulls can do that for you. We have a number of sisters to these bulls in our replacement pen and are excited to get them raised up to become some top end cows. As everyone knows there's always the sisters to these bulls and steers that need to hold up their side of the matings. When we look at a bull to keep replacements off we want to see that theirs some maternal strength in the pedigree, the bull needs strong feet and sound joints as well as having the look we want to see in our females. This guy would be an option for those looking for a maternal bull without losing performance in the steer sale pen.

\* A Bentley bull named Cobra! Oops!

\* These Bentley bulls have been some of our best bulls in the pens over the last couple years. They calve well yet have some substance to them as calves, good haired cattle and they carry themselves with some hard working character, daughters have been good uddered and easy doing type cattle.

\* 3006L is gonna be one to run with a fancy set of angus cows to add some muscle shape length of body and extra hair.

\* A splash of white on this guy caught many people's attention during summer tours! We feel this bull has a lot of potential to sire some great calves. With his dam being the 2023 National Champion Simmental cow and overall supreme female at Brandon Ag Ex he's got maternal power to back him. He was one of the heavy weights at weaning time and hasn't missed a beat since. Countless market reports showed the Black X and Simm sired calves to be bringing a premium. They feed well in the yards, they are efficient type cattle in these climates we have and the females are universal in the sense that Simmental cattle are being bred for more maternal strengths, calving ease, and tidy well made udders.

\* Stout, Shaggy, Sound and Chrome Faced. Can you ask for more on these power made Simmental bulls? This guy is a chunk of a bull that will sire some heavy calves with that sought after money stripe. Stemming from a power made Rose daughter he has maternal strength in his blood to sire some strong heifers as well. We have found adding these Simmental bulls to our commercial herd has been adding more strength in both the steer pen sales and the heifers are stronger made with more mass and heartiness to them. He's homo polled and hetero black to add in that extra premium.

\* A very unique bull in his phenotype and genetics to build you a great set of replacements. We have designed this one with donor cows and great cow families all over his pedigree. First going back to our original foundation cow Rose 23D, the cow that keeps on producing great ones! When we purchased 291F the "raven" bull from Everett in the 2019 we knew he'd sire us some foundation females with his dam being the well known TSN 55W cow. And lastly to bring the whole package together adding LFE Heaven Sent to the equation brings even more maternal power.

\* We feel this bull held a lot of masculinity at a young age and he caught a lot of attention during summer tours. Throw him out on a set of fancy angus cows and you'll have a set of replacement heifers everyone dreams of!

\* A neat black Baldie here, True North was used heavily as a heifer bull here and crossed well on these missile daughters. We find them to have a lot of stretch in their spine as they are long made calves. We have quite a number of True North calves on the ground here and a large percent of commercial heifers bred to him for early February. Look to this guy to add some length of body and that chrome stripe to your calf crop as well as some added calving ease.

# DOWNHILL SIMMENTALS

EVERETT OLSON \* cell:204-867-0076 \* house:204-826-2643

Welcome once again to the Horner Downhill TSN bull sale and this year we would like to welcome our good friends and neighbors KCH cattle co. Ken and Kerri Hindsburg into the sale with their offering. I still run my cow herd at the 50 cow mark and strive for the quality not quantity within my herd. Females are now marketed through the Cream of the Crop female sale in dec along with all my fellow consignors in the bull sale. This years offering starts off with 2 standouts out of the \$42000 CMS Strutter 126J bull along with ZSL Mr Kassian, KWA Mountain 279G, and of course Wheatland Frontrunner 896F. Please feel free to stop in to look at the bulls at home or at the Horner bull yard Feb 24 to the 26. Thank your for your interest and past support.

EVERETT OLSON

\* My first offering off the strutter bull made very similar to his 73L brother length width and depth.

TYSON BIRMINGHAM \* cell: 204-724-2004

Welcome to the annual HDT Bull Sale 2024 edition! We are very excited to bring a solid set of bulls that are very consistent in their making. You will see we have a small group of bulls but the quality is not lacking, if your looking for bulls with blaze face, performance there will be a bull to suit your needs. We have used Connected and Tillman for a couple of years now and are happy with the set of calves these two sires have produced. Lots of length, hip and natural muscle built into these guys. Once again thanks for your interest in our program feel free to contact us to go over the bulls. See you at the Horner Bull Yard February 25-26!

### HOMO POLLED \* HETERO BLACK \* PUREBRED

\* A real stand out in the pen, this black baldie Tillman son that checks off all the boxes. He's long bodied smooth made with lots of rib and quarter. A bull that moves very well and has a presence that is easily noticed with that sharp goggled face. Out of a good uddered Cobra daughter, the maternal strengths this bull carries will produce high value calves.

\* Here is a red baldie we really like, stout made, long, lots of natural muscle and shape in this bull. He's backed by one of our top cows 99F, which is a full sister to TSN 55W that needs no introduction. Dark red baldies are hard to come by but here is one that you will want to look at.

\* Dark red Tillman son that has lots of hair, length and smooth made throughout his front. Lots of growth in this bull, his dam has never missed has had many sons though the sale over the years and females retained in the herd.

\* Here is a power bull that we really like, lots of top, quarter and muscle to him. His dam is a powerful female with good feet and udder. 54L will add pounds and the baldie face to his calf crop.

# KCH CATTLE CO.

**KEN & KERRI HINSBURG** \* cell: **431-541-3245**

We would like to take this opportunity to thank Jake, Laura, Everett, Tyson and Alisha for inviting us to be guest consignors in their 3rd Annual Horner - Downhill - TSN Bull Sale. We are proud to be able to call these progressive breeder's friends and are thrilled to be included in this year's sale. For those of you that do not know us, KCH Cattle Co started out as KCH Charolais. Ken raised Purebred Charolais since 1979 in Rapid City until 2013 when we sold most of the herd and moved to Oliver, BC to be closer to Kerri's parents. In 2021 The Winds of Change blew us right back to Rapid City, Mb. Over the past number of years, we diversified the herd by purchasing purebred Angus and Simmental females and elite embryos. This year we implanted over 40 Embryo's and use AI sires to add exciting new genetics from progressive breeders in Canada and the US. We are very pleased with the results we are seeing; our heifer pen is very deep in quality and the bull pen is impressive. Our daughters Kendra and Kate are involved in every aspect of our operation. They love working with the cattle daily and it shows; they make every animal on the farm quiet, including the "Wild Turkeys". This year we have a nice selection of Angus, Charolais and Simmental bulls that are developed in a 3-acre pasture so they can exercise regularly and are hand fed to ensure they have the longevity, soundness, and athletic ability to go to work for you. The bulls are all quiet and easy to handle, with good feet and legs. Please feel free to stop in or call anytime to view the bulls here at the farm or at the Horner bull yard during the sale Open House Feb. 25-26th.

### HOMO POLLED \* HOMO BLACK \* PUREBRED

- \* A very impressive individual, he is wide topped, deep ribbed, heavy muscled and large scrotalled.
- \* Last Call is a full brother the breeding sensation Walk This Way, whose offspring are in high demand.
- \* His Dam Iron Sugar has been a great donor for Mader Ranches and is a beautifully fronted female that has a picture-perfect udder.
- \* His sire Cobra is famous for his maternal strengths, improving foot and udder quality. With Cobra and Walk this Way semen is no longer available. Last Call is the only option to carry the legacy forward, in a Homo Black package.
- \* Retaining In Herd Use Semen Interest

# KCH SIMMENTAL

\* Recommended for heifers.

\* A cool blaze faced bull that is good footed, smooth in his motion and very athletic.

\* A Low 77 lbs birthweight bull that has really impressed us with his growth.

\* His dam is a beautifully uddered Walk This Way daughter we purchased from Mader Ranches.

\* He will sire calves with extra dimension, muscle and added length.

### HOMO POLLED \* HOMO BLACK \* PUREBRED ANGUS

- \* We just love this stylish Renovation son; he will leave you with big strapping calves in the fall and treasure his daughters; they will be your best replacements.
- \* He proudly displays the abundance of muscle, body shape and depth of rib that has made his sire famous.
- \* Retaining In-Herd Use Semen Rights.

# KCH ANGUS

\* A real stand out since birth, this docile America son is long bodied, deep ribbed, large nuttred and smooth made.

\* His dam is a beautiful Renovation daughter with a flawless udder. She is the ideal Angus female and is heading to the donor pen in the spring.

\* A maternal brother is working at Duralta Farms.

\* He is fluid in his movement and has a strong set of feet.
