# WELCOME FROM THE EVENT CONSIGNORS

Welcome to 4th edition of The Event Bull and Female sale! We are pleased to welcome everyone back with a strong offering of bulls and select females from a great group of breeders. We were overwhelmed by the support last year and would like to thank everyone who purchased a bull or female last year, as well as everyone who made the time to attend the sale. The evolution of this sale is certainly worth noting, the programs in this sale are striving to access and offer up offspring on some of the most progressive genetics available, all while never losing focus on the proven time-tested genetics. We are confident you will find a bull that will add value to your program at this sale. We are extremely excited to add a feature to the sale this year that has been in the plans since year 1. We are pleased to offer up some commercial heifers from Brad and Shane Lutz, as well as Val Weidman. These heifers are sired by "Event" herdbulls purchased in previous sales.

2023 was certainly a year of ups and downs. We saw a very dry spring and start to summer, fortunately most areas did receive some moisture and we ended up seeing some very good crops. The hay and pasture certainly suffered, and we will hopefully see some more moisture this spring. We all certainly forgot about our summer woes when it came time to ship calves in the fall! Prices were extremely strong, from calves to cull cows. It was certainly a much-

welcomed surprise from cattle farmers everywhere and we hope they can continue for fall 2024. Bred heifers also sold very well, with Simmental cross heifers being some of the most sought after. I know I say it every year, but Simmental really is the dual-purpose breed, heavy steers and replacement females that will have every buyers hand in the air.

The bulls and females in the pages following have been selected with customer profitability in mind and have been raised to ensure reliability. Our success is directly tied to your success. We are very proud of the offering in our sale and are looking forward to serving our customers for the years to come. Every animal that sells in this sale will sell in its entirety and will be backed by the breeders.

We are very pleased to have partnered with the Bohrson Marketing team. We understand that situations arise, and should you not be able to attend the sale please do not hesitate to reach out to them for their appraisal or contact any of the consignors with any questions you may have. DLMS will also be providing online bidding for the sale.

We hope everyone can plan to attend the sale this year and we look forward to hosting you inside the comfort of the Olds Cow Palace. We look forward to getting together on February 28th for The Event!

## YOU COULD WIN ONE OF TWO SALE CREDITS!

This year we have decided to change our Buyers Draw. Anyone who has purchased a bull or heifer from any of the previous three Event Sales will have their name entered into the draw for one of the \$500 sale credits. Every lot is another chance at winning, so we have some lucky customers with multiple entries. The draw will take place during our hospitality night the evening before the sale.

## TERMS & CONDITIONS

- \$100 off of your bull if taken home sale day
- All bulls are backed by the seller and guaranteed to be satisfactory breeders as per the Canadian Simmental Association Bylaws.
- All bulls 12 months of age will be semen tested, palpated and scrotal measurement taken by an accredited veterinarian. Information will be available sale day.
- All bulls returning to sellers' farms MUST be insured. Bulls can be kept at our farms at no cost up until April 1, 2024. Delivery will be arranged as soon as it's mutually agreed upon by the seller and purchaser. Bulls will be delivered free of charge within 300km of Olds. Delivery beyond will be arranged at cost.

# WELCOME FROM THE BOHRSON MARKETING TEAM

On behalf of the consignors and all of us at Bohrson Marketing, we wish to welcome you all to the 4th annual The Event Bull & Female Sale. These 5 progressive operations have once again brought an impressive set of Simmental genetics for your appraisal. If your in need of a purebred, percentage or fullblood animal, the options will be endless on February 28th at the Olds Cow Palace. We know you will be very impressed as you analyze the 2024 offering.

The bulls on offer are made up of soggy, sound made individuals that offer performance and calving ease. They are sired by industry leading ai bulls and powerful walking herd sires at each respective operation. They are developed with longevity and soundness in mind and are the type to positively advance your program. They are backed by super cows and in many cases donor cows. These bulls are selected for foot quality, fleshing ability and performance. There will truly be something for everyone in this division.

The select open heifers on offer are off the top of their replacement pens. Females that can go into any program and be at the very top of it. They are built around elite, productive cow families and are sired by the same great sires the sale bulls are out of.

These females are super exciting and are to be considered heavily. New this year we welcome two commercial operations and customers to The Event sale with 3 pens of exciting open heifers. The time is now to surround yourself with quality replacement females in the industry and these are top cut females ready to work in any operation.

We annually brag on the top notch cattle and hospitality that is The Event. Year in and year out some of the best cattle we see trade is at this very sale and it is a great opportunity to come to one sale to source any type of Simmental bull. A true one stop shop. Be sure to make plans to join us and take in the sale, visit with the great group of people that make up the consignors and source your next purchases here. If any of us at Bohrson Marketing can be of any assistance in your next acquisition, do not hesitate to call us to utilize our free to you, order buying and consultation services. We hope to see you in Olds!

# SOUTHPAW CATTLE COMPANY

Quality, performance and structural integrity define our bulls on offer. All are Homo Polled! There are 4 full brother flushmates from our donor cow LRX 9C "Earl" and senior herdsire Black Gold Coliseum a multi Top Ten RBC Beef Supreme qualifier. There are 7 other Coliseum sons including one that is solid dark red as well as bulls from 4 other sires. PAW 307L is a calving ease bull sired by SO Remedy 7F, he is one of the very first Remedy bull calves to ever sell in Canada. We are confident he will work great in your heifer pen this spring. This year's sale heifers come from the top end of our replacement pen of 26. It's hard to sell the really good ones but we have to remind ourselves that ranching is a business. We are breeding and marketing quality genetics to sell with pride and confidence.

- Ron, Tammi, Sawyer and Cassidy Daley  
Brandon, Shallaine, Harlow & Austyn Sharpe

## PAW LIMITLESS 363L

1

#CA-PG1436026 - PAW 363L - 16/2/2023 - HOMO POLLED - PUREBRED

**DAM:** PAW BLK GENEVA 907G

MRL MR 2D  
PAW BLK EZMERELDA 01E

PAW Limitless 363L is a stand out in our bull pen, even from day one with his dark red color. He is deep bodied and smooth fronted making him the complete package. His sire BLACK GOLD Coliseum 140H has been one of our favorite herd bulls in the pasture and in the show ring. Making top 5 supreme at Lloydminster Expo, top 5 at the Alberta Supreme at Farmfair and top 10 in the Agribition Beef Supreme as a yearling and as a 2 year old. Coliseum also had

SIRE

the honor of winning 2022 Champion Show Bull of The Year. His dam is a great granddaughter out of our LFE Sheila cow we purchased from Lewis Farms, we have kept every female out of this maternal side because of the body in these females and their ability to raise bull calves like him. **Homo Polled.**

## PAW LANDSLIDE 308L

2

#CA-BPRS1435767 - PAW 308L - 2/1/2023 - HOMO POLLED - 1/2 SIM

HARRELL ANGEL 5870C

**DAM:** RF BOMBSHELL 1110J

PF OKLAHOMA 6625  
RF BOMBSHELL 985G

PAW Landslide 308L is a performance bull that is sure to put the pounds on your calves. Out of a first time calver that we purchased from Rancier Farms, she has done a phenomenal job raising this guy while never giving up any of her condition or feminine traits. She has an outstanding udder and will continue to raise calves like this in our herd. Landslide's sire Rust Primetime 507G is a bull that is built to be a herd bull. You can see the same length of body, dimension and natural masculine bull appeal in 308 that you do in his sire. So if you want to add smooth power to a group of second time calvers without sacrificing pounds check this guy out. **Homo Polled, Homo Black.**

These full brothers are part of our BLACK GOLD Coliseum 140H and LRX 9C (Earl) flush that we could not be more happy about. We got 4 full brothers, 2 solid black and these 2 beauty blaze bulls. They are big framed, wide hiped and have tons of length to balance them out. It is cool to see 2 full brothers that can come along and have the consistency that these boys do along with the other flush mates. Another full sib to all these Earl Coliseum calves is PAW Kingpin 210K that we sold last year for \$18,000 to Rivers Edge Ranch. All of these Coliseum/Earl calves shows the consistency that they will bring to your herd. These guys will add length and pounds without sacrificing structure and soundness.

321L – Homo Polled, Red Carrier.

331L – Homo Polled, Homo Black.

KINGPIN, FULL SIB

86	765	1285	7.6	2.2	72.7	116.4	15.8	52.2	2.9

These are the other 2 flush mates from our Coliseum and Earl group. These boys have that same hip shape and balance that the other boys do with a little extra style. They have growth and vigour and will go out and be able to breed cows in the pasture. With birthweights ranging from 86 lbs to 96lbs all 4 of these flush mates will work great on 2nd time calvers with ease. You can't go wrong with any one of these flush mates, you can get length, hip shape, style, and beautiful blaze which are all traits that we love to see in our cattle. This is the type of consistency that we like to see in our bull pens and all of the females that we have out of these same genetics are ones that we have kept in our herd to keep boys coming like these.

**325L – Homo Polled, Homo Black.**

**343L – Homo Polled, Red Carrier.**

LRX BLK RUBY 92A

PAW 351L is a long, wide top bull that has that masculine maturity. This guy's sire is going back to some of our older genetics from a bull that RD and the old show crew will always remember. S-PAW BLK Show Off 5S was the Legends of the Fall all breeds bull calf champion at Farmfair International and followed that up with the National Champion Simmental bull at Farmfair International as a yearling back in 2007 as well as a Top 10 RBC Supreme finalist at Agribition.

SHOWOFF

Show Off was out of S-PAW BLK Perfecta 305P that was one of Sawyers first 4-H projects. She was such a big bodied, broody cow that had lots of milk to support bull calves like Show-Off. This bulls grand sir was another one of our older genetics bulls that we were very proud of S-PAW Mutual Fund 301M as one that was a fan favorite as well. **Homo Polled, Red Carrier.**

## PAW LET IT RIDE 330L

LRX BLK RUBY 9C

**DAM:** DAINES ULTIMATE 15D

BAR-E-L ULTIMATE 35Z  
DAINES MISS STOCKMAN 25L

PAW Let It Ride 330L is a long, smooth made bull that will go out and breed some cows with ease. This bull is out of a purebred Angus cow that has produced either bulls that made our sale every year or females that have stayed in our herd. She has an outstanding udder and is a very feminine, attractive cow that has passed down these traits and will be sure to add that attractive presence and style into anyone's herd. Along with the domestic demeanor of his sire PAW Gretzky 910G that we sold as a mature bull in our sale to the fantastic Triangle K gang at Barrhead, you will get females that you will want to keep and bulls with maturity that you will be proud to sell. **Homo Polled, Homo Black.**

RF CERTAINLY FLIRTIN 532C

**DAM:** PAW BLK HARMONY 014H

MRL MR 2D  
DAINES WYNN 69E

PAW Loverboy 315L is a long bodied, smooth fronted and hairy bull that has been a favorite of ours out in the bull pen these last couple months. He is homo black, big footed, and has a low birthweight of only 85 pounds and a docile demeanor making him the complete package for anyone's herd. He carries so many traits from his sire Coliseum that we love and his dam that goes back to MRL MR 2D. We have retained many females out of that MRL bull for their ability to produce bulls like these and keep producing outstanding calves with ease. 315L will be one to continue on with these traits that we strive for in our herd. **Homo Polled, Red Carrier.**

## PAW LINCOLN 344L

**DAM:** PAW BLK GWINNETTE 916G

MRL MR 2D  
S-PAW BLK WHIMSICAL 924W

PAW 344L is another son of BLACK GOLD Coliseum 140H who is an extremely easy going, easy doing bull that has a soggy bull look to him. This bull's dam is out of the 2011 National Simmental Champion Female S-PAW BLK Whimsical 924W, all of those attractive features that we loved have been passed down to all of her off spring. Such as beautiful uddered females and bulls with great hip shape, this bull gives you the opportunity to pass these great traits down into your future calf crops. **Homo Polled, Red Carrier.**

BAR L7 FROM QUEEN 01Z

PAW Lawyer 345L is a deep bodied, attractive made bull that is smooth in his makeup. He is out of a blaze faced cow just like him, a great balanced udder and strong maternal instincts. We have sold both bull calves and heifer calves in our sale out of this female. He is another son out of PAW BLK Gretzky that we sold in the sale as a mature bull in 2023, which we are told did a great job up in Barrhead for the Kobersteins. This bull will be a great addition to your cow herd. **Homo Polled, Homo Black.**

**DAM:** PAW JADE 107J

MRL MR 2D  
DAINES ULTIMATE CHOICE 65E

PAW LEO 307L is a moderate framed, stout bull that has a docile, easy going demeanor. He is out of SO Remedy 7F that has become an outstanding sire in the US with many high selling bulls and females for Hartman Cattle Company in Nebraska. We are absolutely in love with our Remedy females, they are deep bodied, great tempered, sound on the move and very attractive feminine fronted. A smaller framed bull with depth of body, big hip shape and fleshing ability, he is an ideal bull to use on heifers. **Homo Polled, Homo Black.**

# KRUGER FARMS

Welcome to The Event Bull & Female Sale. We would like to take the opportunity to thank our previous buyers and those who have expressed interest in our program thus far. We sincerely love this industry and have enjoyed working with and learning from great programs throughout the province-and we feel that this years bull crop positively reflects everything we have learned over the years. Our bulls this year all come from carefully selected sires, with manageable birth weights and great performance across the board. We are confident in their ability to leave the farm today and go to work for you. The bulls are raised on free choice hay, and hand fed 16% co-op bull ration which has been standard in our program since we began. Every bull in this years group is halter broke, quiet and ready to go to work.

Aside from the bulls, we are excited to welcome our second daughter, Parker Roan who was born in December, and we know big sister Bradi will show her the ropes. Again, thank you for taking the time to look through our sale and we hope you will find something that suits your program. Please contact us if you would like to come out to the farm and walk through the pens; we would love to have you.

Ryan, Chelsea, Bradi & Parker

LFE TRIUMPH 816A  
LFE RS AMBER 2140B

DAM: MILLINGTON MS MERCHANT 2108J

RF MERCHANT 481B  
MRL MISS 6778D

90L is an exceptional red blazed face heifer bull. Nice head, smooth shouldered and excellent foot quality makes this bull hard to look past for your future red heifer bull. We feel that you will travel a long way to find another bull as good as this one for heifers. Anyone who has walked through our pen has picked this guy as the favourite- this bull is a product of two exceptional animals. His dam was purchased at the Rose Jenna Flirt sale in 2021 from Millington Ranch. We purchased that heifer because we had to add the length of body, dark red hair and striking blaze into our herd- her calf was something we looked forward to seeing from the moment she preg-checked successfully. LFE Stratton speaks for himself as he is a proven producer for his heifer bulls and we are proud to have his offspring in our pen. Actual weaning weight of 900 lbs on September 20th. **Homo Polled, Non-Dilutor.**

SKORS BLACK ROXY 124C

Being the first Copperhead calf on the ground for us, the arrival of 1L was highly anticipated, and he has delivered in every aspect. In the summer on grass this bull calf looked like he was out there ready to breed cows. We have heard breeders talk about putting the size back in to the Simmental breed and he does that with ease. He's big framed, has a nice long spine and is packed full of muscle. The dam is a very nice black cow purchased from the Skor dispersal sale and she is responsible for raising a top calf for us every year. SAS Copperhead G354 is a new AI sire for us and we are quite happy with the results so far! Actual weaning weight of 1045 lbs on September 20th. **Homo Polled, Non-Dilutor.**

# GB FARMS

We are excited to be a part of the 4th The Event Bull & Female Sale. We would like to thank last year's buyers and bidders and everybody who came out to the sale. We believe this pen of bulls is one of the most consistent set of bulls we have raised. Our cow herd is focused on good feet and udders, and we strive to raise cattle that can get out and move. Feel free to come out to the farm and walk through the bull pen and view our cow herd. We look forward to seeing everybody at The Event.

## WOLFE'S FLECKVIEH

Welcome to the 4th Annual The Event Bull Sale. We would like to thank all previous bidders and buyers for their support in our program. Our program is built on a 100% Fleckvieh horned genetic base. Our mother cows raise these bulls on milk alone. We feel that by not creep feeding, we are able to build a genetic base that can function well in the commercial industry with less inputs and more profit in your pocket. We welcome anyone to view the bulls prior to the sale. Coffee pot is always on.

Full Fleckvieh. 51L is a well balanced, eye appealing and correct kind of bull. His full sister was our top replacement heifer from last year and she sure has blossomed into a great young cow. His young mother has really produced. **Actual weaning weight Sept 3: 920 lbs.**

SIRE

## CLEARWATER SIMMENTALS

Welcome to the 4th edition of The Event Bull Sale! We would like to thank all the buyers and bidders, as well as everyone that attended the sale last year and made it a success. This year we are pleased to offer up the first sons from our Virginia Sires; Rip and High & Dry. We have been extremely pleased with how these bulls have worked already in our program and are looking forward to utilizing them for years to come. We strive to maintain calving ease with good performance in our herd bull battery. This year we were fortunate enough to get just enough rain to maintain the grass in our pastures. It certainly was a trying year, and the cows worked as hard as always delivering a strong average weaning weight across the board. We are pleased to be working with Country Junction and have the bulls on the 14% ration and are extremely pleased with their development. We still utilize the same philosophy of bucket feeding the bulls to control their intake. As well we do incorporate some into the silage ration that every calf on the farm gets. We weigh our bulls monthly to ensure an appropriate rate of gain and strongly believe this feeding regime increases longevity and soundness in the bulls. Our bulls are available for viewing any time prior to the sale, the coffee is always on!

DAM: CLEARWATER POL SIENA 42H

OAKVIEW FINEPRINT 0168F  
CLEARWATER SISKI'S ROMULUS 30G

Clearwater Pol Kayson is another farm favorite; his mother is the kind of cow we all want walking our pastures. She did a fantastic job on her first calf; she worked hard through the dry summer and put everything into him. Kayson is a moderate bull that combines some calving ease but certainly packs a lot of maternal power. I think he would be a dream fit to toss out with your second calvers and you can sit back and relax during calving season. The bonus; he will knock some of the horns off for you as well! Please ensure to take a long look at Clearwater Pol Kayson on sale day, you will truly admire what this first calf heifer has produced! **100% Full Fleckvieh. August 31 Actual Weaning Weight – 955lbs**

## CLEARWATER LEX 6L

54

**DAM:** CLEARWATER MISS IGNAZ 24F      IGNAZ  
4124P

Landon is a combination of new genetics crossed with the old, and it sure clicked here. We may not have many sons of High & Dry on offer this year, but the quality is certainly here. Landon has a herd bull appearance, very masculine and lots of muscle. He is another bull that is very quiet and easy to work with. We think Landon will have a lot of friends come sale day. **100% Full Fleckvieh. August 31 Actual Weaning Weight – 875lbs.**

## CLEARWATER LENNON 17L

66

#451543 - CWS 17L - 9/1/2023 - HORNED - FULL FLECKVIEH

VIRGINIA BRIELLE 845F

**DAM:** STEADYBROOK ERIN FFIH      MFI BAMBAM  
TRYON TRICH FF32D

Lennon is a bull that combines calving ease with performance. He would be another bull that would fit right in with your second calvers and produce some good ones. His mother is a great cow that we purchased from Bernard Reeves in PEI. We really appreciated her pedigree and knew she was one to have. With calves like this, I know we made the right decision to bring her West! **100% Full Fleckvieh. August 31 Actual Weaning Weight – 890lbs.**

## CLEARWATER LOGAN 49L

67

SOUTHSEVEN MR ADONIS 96Z  
BLACK GOLD MSWHISPER 117B

**DAM:** LITTLE CREEK CHERIE C163

LITTLE CREEK XPRESS 840X  
LCF ZELLE 6X

Logan is a February born bull that has not been left behind by his older pen mates. He is one of the last Rigs sons we will sell as we have retired the Black Gold son. Logan has all the style and eye appeal that we are looking for, dark cherry red with big goggles. His pedigree is packed with maternal power; another easy bull to appreciate. **100% Full Fleckvieh. August 31 Actual Weaning Weight – 840lbs.**

# HEIFER LOTS

DOUBLE BAR D 229Z

**DAM:** CLEARWATER MISS DESIRE 12J      CROSSROAD VINTAGE 125Z  
VIRGINIA DESIRE 51D

Desire is a really hard heifer to part with. A couple years ago her mother was one that Cody Haney really wanted for SimPower and we held our ground to keep her! We are now appeasing Cody by offering Desire for sale this year. She is very feminine heifer and we certainly believe she has the makings of a front pasture female for her new owner! **100% Full Fleckvieh.**

69

## CLEARWATER AVRIL 80K

#458196 - CWS 80K - 16/12/2022 - POLLED - FULL FLECKVIEH

BW	adj WW	adj YW	CE	BW	WW	YW	MK	MWW	MCE

DAINES LONE RANGER 25C  
DAINES WATCH ME NOW 12C

PAW Lavidia Loca 305L is a sweet, big framed, big bellied female that will go out and make a great working brood cow. Her mom is a female with a balanced udder, extra length of spine, and that beautiful black goggled blaze that she passed down to 305L. Her granddam goes back to NCB Cobra 47Y who is the sire to PAW Juan Pablo 121J that has sure made a name for himself in the simmental breed this past fall. Along with his show ring success he was also awarded the 2023 World Simmental Champion of North America. We are very proud of this female genetics on both the maternal and paternal side. **Homo Polled, Homo Black.**

DAINES RESOLUTION 45D

PAW Lanaya 342L is a heifer that we would love to keep but are so proud to have in our sale. She is a deep ribbed, big hipped, clean feminine front ended heifer that has tons of hair. She is one that will go on to make an exceptional cow, we know this because her momma is a beauty. With a great udder, a feminine front end and big middled that she has passed down to every one of her heifer calves every year, yes she has given us tremendous heifer calves every year. It's pretty cool to be able to keep the tradition alive and sell them in our sale every year. **Additional owner - Mike Luft. Homo Polled, Red Carrier.**

**DAM:** DAINES MACHO 2E

R PLUS 2332Z  
DAINES MISS DC 11Z

PAW Lucy 334L is a big another bodied Coliseum heifer, long and feminine female that will make a great cow. This heifer is out of one of the biggest, deepest bodied cows in our herd. This heifers is a maternal sib to PAW Kleopatra 244K who was a fan favorite in the heifer pen last year. We love all the females out of this cow for their big, sound foot and bone structure and being a Coliseum daughter will just enhance those big brood cow traits.

## PAW LINDA 337L

77

**3 RED SIM/CROSS HEIFERS**  
BORN END OF FEBRUARY TO EARLY MARCH  
COVEXIN, EXPRESS 5, IVOMEK POUR ON  
VAL WEIDMAN: 403.844.6614

Brad and Shane Lutz operate WBS Lutz Farms East of Olds. Their operation consists of calving out around 300 cows, as well as approximately 3000 acres of crop land. Brad and Shane have worked hard to build their herd by building on their own cow families, they take bull selection very seriously to help advance their program. These 6 heifers have been selected right out of their replacement pen. Born the end of March, these heifers have been vaccinated with Ultrabac 7/Somubac and Bovishield Gold and had Ivomec Pour On. These Red and Black Sim/Angus heifers have been palpated and are ready to go. The Event Bull and Female Sale group are very excited to have Brad and Shane as commercial heifer consigners in our sale and we thank them for purchasing bulls from our sale over the past three years.

Val Weidman has been running a cow calf operation her whole life. Living in the Rocky Mountain House area where she calves out 120 Simmental cross commercial cows along with her mom, sister and her kids annually selling steers and heifers in the fall at Olds Auction Mart as well as Innisfail Auction mart. A true family commitment to hard work and dedication with a commitment of improving the quality of their calves through smart responsible bull buying is one of the ways that has added to their success as cattle producers. These 3 red heifers are end of February to early March born and proudly wear the 'W' brand over the left hip. These heifers have all had Ivomec pour on, covexin and Express 5 vaccinations and will be palpated and ready to go to work in your herd. The Event Bull and Female Sale group are excited and proud to have Val onboard as a commercial heifer consignor and thank her for purchasing bulls from our sale over the last 3 years
