13TH ANNUAL SIMMENTAL BULL & FEMALE SALE

FEBRUARY 16, 2024

FRIDAY 1:00PM • AT THE FARM • PARKLAND COUNTY, AB

Welcome

Welcome to our 13th Annual Bull & Female Sale! 2023 was a year of challenges and rewards as the spring was so dry but with that came easy AI'ing, healthy strong calves and getting in the fields early. Cattle went to pasture and in the first few weeks we were weaning some and trying to figure out how to feed fewer mouths as the grass was going backwards. Then as spotty as the rains were we finally got some moisture and the growing season flourished. Amazing what rain can do, and with that came grass and cows weaning some big weight calves. A great group of Red & Black Simmental bulls we have assembled for the sale with performance, length, style, structural soundness, maturity, and scrotal development. These bulls have seen no creep and have been fed since weaning the 14% Bull Developer Complete pellet from Bullseye at 10 lbs/day along with free choice hay and green feed bales. We expect these bulls to excel as they develop & mature and settle into their new homes with little adjustment. We value you as customers and it is in our utmost interest that we want these bulls to last and add value to your cow herd as we try year after year to improve our product and give you the highest ROI.

We have on offer some extra age bulls this year that will gain some attention as they have a lot to offer with their added maturity and size. The yearling bulls are a very uniform group with great dispositions and that is one thing I know our customers value is how easy they are to handle and move in their new homes. We have introduced a few new sire groups and have kept some of the old reliable sires still in the bull pen as they just work year after year. If you are looking for performance or calving ease bulls, we have a great selection. Our guest consignor Circle Z Simmentals has a solid set of bulls on offer once again this year along with a couple of heifers. The 6 open heifers we have on offer have great dispositions, depth of pedigree and have been slowly developed since weaning.

Thank you to all our previous buyers and bidders who have supported our programs. We appreciate your continued trust in our program, and we succeed if you succeed. We think we are in the business together and with the price of cattle where they are and hope they stay -> everyone can be rewarded for their efforts.

The sale is a Live/On Farm Video Sale hosted by DLMS. The bulls and heifers will be on display for your appraisal and the sale will be held in our heated barn. We welcome you to view the offering of bulls and heifers prior to the sale and if you are unable to attend sale day, please feel free to contact anyone of us or our sale staff for assistance. Videos of the sale cattle can be viewed through cattlevids closer to sale date.

The coffee is always on!

Hello and welcome back to the 13th Annual Triangle Stock Bull and Female sale. I'd like to thank Michele and Vance for inviting me to be a part of this event. I am very grateful and honoured to be back!

This year I have 6 bulls and 2 heifers on offer. I have provided a variety of bulls sired by some of the leading sires in the Simmental industry. These bulls possess tremendous potential to add growth to your herds. I am very pleased with the selection of bulls I have provided you with this year.

Picking these two heifers this year was no easy task. As I am trying to build up my herd it's never easy to see a few females go. That being said, I am very proud to be offering the first two females out of my program this year. I have chosen from the top of my heifer pen. These two girls will not disappoint!

Also I wanted to say Thank you to last year's buyers and those who bid. Being as it was my first year selling bulls as a breeder, it gave me the feeling of great accomplishment to see my bulls go to another program.

Bulls are available to view prior to sale day at the farm. Please do not hesitate to call with any questions or if you are unable to attend the sale. I'd be happy to answer any questions. I look forward to seeing you on February 16th.

Kolton Kasur	

All Bulls & Females remaining on the farm after the sale will require insurance

LUNCH

Please join us for lunch at noon in our heated barn

DELIVERY & BOARD

Take your bull or female home sale day and we will take \$100 off the purchase price. We will deliver the bulls and females free of charge to central points in Alberta and will arrange trucking anywhere else at costs. Free board until March 18, 2024 after that date \$5.00/day.

All bulls and females staying must be insured unless arrangements have been made between the buyer and seller.

VOLUME DISCOUNT

3 or more bulls or females purchased from one owner you will receive a 5% discount applied against your total purchase price.

HEALTH OF BULLS & FEMALES

All bulls will be scrotal measured and semen evaluated and open heifers will be palpated by a licensed veterinarian prior to the sale. Full herd health program.

SEMEN RESERVE

Triangle Stock Farm and Circle Z reserves the right to draw semen on any of the sale offering for in herd use only, this will be at the seller's expense and the owner's convenience.

ACCIDENTS

Although every precaution will be taken to protect the safety and comfort of people in attendance, Triangle Stock Farm assume any responsibility in this matter and disclaims any liability, legal or otherwise in the event of accidents or loss of property.

CATALOGUE CREATED BY 14 West Creations

ON FARM VIDEO SALE

A Little History...

WHO:

The name Triangle Stock Farm originated by a Simmental breeder from Turner Valley, AB. Porter Ranches Ltd bought the cow herd in the mid 1980's and the name came with the cows. The name reappeared with the tattoo TSF when Vance & I decided to have our own little herd in 2007. I am the 4th generation farmer/rancher in our family and have been in the Simmental cattle business my entire life. Back in the day we bred 500 Purebred Simmental females & 500 Commercial Simmental X females and eventually had to relocate due to a coal mine plant. Our children are the 5th generation and are active in our operation.

WHAT:

We started with a small number of Red & Black Purebred Simmentals and over the past 16 years we have grown our herd. A couple of the females we started with 256T and 863T just retired this year at 16 years old. With 33 bulls on offer along with 6 open purebred heifers, uniformity and consistency have always been a priority for us.

WHY:

There is nothing better than raising your family on a farm and pursuing your passion. Simmental cattle are simply the breed we have come to love and we will continue to try and improve the breed.

WHERE:

We are west of Edmonton 30 minutes with Stony Plain being our closest town. Triangle Stock Farm is located in the rolling hills of Parkland County.

WHEN:

We are active Simmental enthusiasts 24/7. Vance works full time at Edmonton Kenworth and his other full-time job is helping me.

Our children: Cheyenne is our #1 hand with the cattle and her passion is horses and we are gathering a herd of them. A barrel racing girl she is with so much dedication and patience for the sport. She has her business degree in marketing and works full time for DLMS.

Colbey is pursuing his education along with playing baseball. He is in his last year of school and is a pitcher for the North Dakota State University in Fargo, ND. Go Bison's!

DAUGHTER OF 111H

DAUGHTER OF 111H

SIRE OF LOTS 1-7

This group of Wheatland 111H sired bulls are uniform with lots of growth, length and presence. They have lots of scrotal development, great dispositions and sound structure. A bit of a different pedigree to utilize as we have just calved out half sisters to 111H out of BCLR Ambition 301E and they have super udders, great feet & legs and have mothering ability. Lot 39 is a direct daughter of Ambition and she is a sweetheart who will be a great breeding piece in any herd. 111H is owned with Wheatland Cattle Company and we will continue to use him as he has added a lot of value to his offspring. Check out these bulls sired by 111H as they will be outstanding and will have a quick ROI. As of Jan 1/24 it has been approved by the CSA that bulls off of 7/8 sires will be registered as Purebred.

SIRE OF LOTS 8-II

Rancher is perhaps one of the most outstanding and proven Tycoon sons in production right now and his Beef King dam is just the type we like as the Beef King females we have are smaller framed, structurally sound and make such great productive females. Rancher adds growth, length, thickness, width and plenty of style and shape. The daughters in the replacement pen are an exciting group and look forward to adding them to the cow herd and get them into production. These bulls off Rancher are the right type and will go on and do a job.

A dark red bull we have admired all summer as he has matured into a thick, solid Rancher style bull with all the makings to be a standout herdsire. Great foot and one who gets out and travels. Early maturity matched with great scrotal development and one who converts forage into muscle. Ranked as one of the heavy weights at weaning and hasn't missed a beat. His dam is a thick made matron who is all about production- as she and her 2 daughters now call Circle Z Simmentals there home. 111K will be easy to find sale day as he puts it all together.

An Epic son who is a full brother to one of last years high selling bulls to Prins Bros Cattle. 12L is the red version and one who had to do it on his own as he was weaned in June due to pasture shortage and if he was left on his dam he would have definitely been further ahead but his future is strong. He has length of spine, depth, structural soundness and a great disposition. His dam 154W (14 yrs old) definitely was a power cow who left her mark on her progeny as she is also the grand-dam of Lot 2 as well.

A Deuce son who is a standout with his extra length, muscle shape, smoothness and structural soundness. Deuce sires consistent, moderate type cattle that convert and produce. The Deuce females are ones we really appreciate as they always wean off heavy calves and still look good doing it. Liner has tremendous potential as his dam is a female with tremendous volume, capacity and a picture to look at. 37L was one of the heavy weights at weaning and will be one to add pounds to his calf crop and the females will be sought after. **Gestation 285 days / Homo Polled / Hetero Black**

A stand-out bald face Bentley bull with all the tools to go to work and build an outstanding network around. Packed full of muscle, depth and length who has just continued to excel as he has matured. The top ranked weaning bull with tremendous eye appeal, style and presence. Lotto combines it all together and his full sister was the same as she was a standout from birth as well and sold last fall to Chittick Farms and will be one to watch as she matures. This combination is a definite one to repeat as they do not get anymore complete and correct then this. A definite sale feature who will make his mark as his dam just gets the job done year after year. **Gestation 291 days / Homo Polled / Hetero Black**

When I look at Lincoln, it's hard for me to find something I don't like about him. Since day one I knew he was gonna be something special! He resembles what I'd be looking for in a walking herd bull. If you want several extra pounds on your calves in the fall, Lincoln is the bull for the job.

There's a lot about this bull that I like out of a first time calver. Whether you use Legend on heifers or cows, no doubt he'll bring power, great feet and all round great looking calves. His dam 129J is a maternal sibling to the \$110,000 bull Deeg El Dorado 18K. Legend has the genetics to add great influence into your program.

Lucifer is the only Black moderate birth weight bull I have on offer. Don't be fooled by the moderate BW, Lucifer has great frame length, lots of rib, good feet and overall the best deposition of any bull I have raised to date. His Dam raised two outstanding bulls back to back years.

Loyalty is a powerhouse of a heifer. When Michele asked for heifers, I picked from the top of my heifer pen. This heifer will produce herd bull quality calves every year. Her half brother was my high selling bull last year. 18B produces nothing but performance calves, no doubt 12L will do the same.

First off, this was not an easy choice putting this heifer up on offer. The amount of attention Jagged Lace demands might surprise you. Her grand dam is one of favourite cows in my herd, Jagged Lace reminds me a lot of her. She has great potential.

An end of March heifer who has a lot of style and presence in a smaller framed package. She will grow into an impressive female with lots of potential as her dam is a complete Connected daughter who goes back to Pashmenia who is the dam of Lot 22 and 12E who is the dam of Lot 20. 76L is solid in her type, deep ribbed with that attractive bald face off two black parents. This heifer will be worth the wait to watch her develop into something special.

Sweet Sochi heifer out of an outstanding 4W heifer that is a daughter of 24A who is definitely a cow well known here for her daughters and if you can get her in the pedigree well I would say you're off to the races as she is now 11 yrs old and has an awesome udder, feet that are top knotch and the body type that makes beef your business. 71L is a heifer I was planning on keeping and has such a unique pedigree that one can go so many directions and it will work.

A stylish, angular heifer out of a 4W/Upgrade son we sold a couple of years ago to Next Level Organic Farms and we had the opportunity to use him again this year and we look forward to seeing his calves as this bull has a tremendous foot under him and has impeccable length, structure and he is hairy. This heifer follows in his footsteps and will be a female with a great future. No special treatment has been given to these sale heifers and they will go on and breed well and develop at a steady rate. **Homo Polled / Homo Black**

A direct daughter of BCLR Ambition himself with length of spine, refinement and structural correctness. This female will be outstanding as she grows into herself as she traces back to 488T and her dam is a Whiskey granddaughter that just works. The Ambition daughters we have calved out here this year have tremendous volume, capacity, beautiful udders and are super sound. The potential this heifer has will be endless as she is backed with predictability and some outcross genetics.

TERMS The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING Each animal will sell to the highest bidder... no by-bidding will be permitted.

DISPUTES Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

GUARANTEE Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Simmental Association, with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

CERTIFICATE OF REGISTRATION Each animal will carry papers issued by the Canadian Simmental Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

LIABILITIES All persons attend the sale at their own risk. The seller and facility owner assume no liability, legal or otherwise, for any accidents that occur. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE Will be available sale day. We strongly recommend that insurance is purchased for full value.

ERRORS All announcements at sale time, written or oral, supercede any written material in the catalogue.

Return Undeliverable
