TRIPLE THREAT

BULL SALE

22 YEARLING SIMMENTAL BULLS - PUREBRED & COMMERCIAL HEIFERS

FEBRUARY 17TH

ON THE FARM, FALUN, ALBERTA 2024

On behalf of the Bohrsen Marketing team we would like to welcome you to the annual Triple Threat Bull Sale. If you've had an opportunity to meet Jody, Bobbi-Gayle or JR, you know these folks are dedicated Simmental ambassadors and out their heart and soul into their programs. In this year's bull sale, you'll notice a strong group of new bloodlines and with many proven old herd sires being represented that flat out don't miss.

The folks here at Yellow Rose stand behind their program, whole heartedly. We've been working with Yellow Rose for a number of years and their cattle flat out work. Yellow Rose, Hampton and JR Cattle believe in cow families and as you skim through this catalog, you will notice proven genetics. These bulls in this sale are no mistake, they're bred from outstanding cows. The way the market has changed so much in the past year, you need to have bulls that calve easy and put pounds in your calves, this enables a higher return in the fall. That being said, here is a set of future herd sires that can do that for you.

This year Bobbi-Gayle has dipped into their heifer pen and brought to you three feature females that can produce the bulls that are on offer today in this sale. Hampton Simmentals has given you two opportunities to purchase high end commercial Simmental heifer pens. If you're unable to attend this great event, and would like some assistance on your purchases, please do not hesitate to call any of our astute stockmen at Bohrsen Marketing. We look forward to visiting with more come sale day and take in the best set of bulls ever put forward by these leading breeders.

Best regards, The Bohrsen Marketing Team

WELCOME

On behalf of all of us at Yellow Rose, Hampton & JR Cattle, I would like to welcome you to our Triple Threat Bull Sale.

As I write this we are finally experiencing a blast of winter and I can say for everyone, it's not fun. With calving in full swing here it is great and so rewarding to see the new breeding lines and some of the senior herdsires offsprings hit the ground. This years offering in Triple Threat is a bit smaller in numbers but the highest quality we have raised to date. A few select purebred females that are sibs to previous high sellers and a group of right from replacement pen , commercial heifers.

The offering you will see Feb 17 I am extremely proud of. Please join us at the farm Sale Day or anytime prior to view the bulls and females.

Please feel free to call any of us or any of the Bohrsen Marketing team.
- Bobbi-Gayle

Hank is truly a star in the bull pen. He has the depth, top, overall balance and structure that is true to breed. His blaze just adds to the package. His dam is a power, blazed cow that gives the added hip and dimension. The 329's "Razor" daughters are calving and they have excellent udders and are performing great in the herd. Hank the Tank, as we call 642 will impress the most astute cattlemen out there. A group of his calves will be sought after at market and his daughters will be the kind to keep. This is the last year for these Razor sons so don't miss your chance obtaining an all-around bull.

When I purchased some of the Captain Scream semen, I had a select few matrons I wanted to use him on. 222Z did not let me down. This cow can crack out the good one's year after year and have been popular with the crowd. This is her last calf as she suffered a back injury this fall, so this is the opportunity to get a consistent cow family in a pedigree of this magnitude. His sire no other than the Captain Scream bull who not only was National Champion but a Supreme bull. Shout Out is soft made, has the dimension and appeal to gather friends' sale day.

A dark red, complete bull. These Wallstreet sons are stamped. They may not be the biggest bulls out there but the soundness and overall type are like peas in a pod. His daughters are calving and we are happy with the udder structure and milking. His dam has got the lineage to stand the test of time, the Primadonna cow family. We are critical on our herd and if they don't produce, they are gone. The good ones remain to build on. Here's a chance to obtain some reputable genetics on both sides.

Defined is a Razor son you will like. The Ruby cow family is just starting. With 1 daughter selling to Parkview Farms, High River, this fall and this young man making the cut for bull sale. We cut extremely hard on our numbers for sale, so the depth is there. 987L is a good footed, long, nice hipped Razor son. The Razor bulls we have sold in past have been doing a great job and I expect nothing less from this guy.

2 black parents have created this dynamite red powerhouse. Dam is one of the descendants of my "Lady" cow (National Champion, Supreme Championships) The cow that really made me in the breed. This young black cow is starting to travel in those footsteps. Phenomenal udder, well balanced and sound. Her and her production just gets better. Cosmic is proof. Rugged, deep sided, square hiped and long. The \$25,000 LFE Unlimited bull is doing a job here, with proof is in his daughters with having nice udders, body type, feet and mothering. Cosmic may not be the fanciest looking bull but his raw ruggedness is true herdbull.

JRCC Max 929L is the powerhouse of my three bulls in this year's Triple Threat Bull Sale. He is straight power and has many siblings to prove it. The granddam of this bull BGF 45N was my first black cow and was producing top of the pen bulls up to the age of 14. Out of all the calves the ol' girl gave me she only had two daughters and passed down her legacy here to them. Which is now proven with the performance of this calf. Max is a bull you will want to really examine, and you will have to appreciate his depth, spring of rib, hind end and his flow. Whatever this cow produces and sells goes straight into an education fund for my post-secondary. If you are craving the taste of perfection in your herd I would seriously consider Max.

 MJ ALL ABOUT TONIGHT 14W
 CDP MILHOUSE 128Y
 YR RED ROSLYNN 222Z

20

A smaller framed, sniped bull that even though he's had a few hiccups since he's been weaned, he's bounced back. Dark Roast is a nice typed bull that has a lot to give to a program.

MJ TELLTIDE 18B

Dale is nothing big but he will sure be a perfect match with heifers. With a low birth weight and his dam being the small cow. No calving issues will be related to him. He goes back to our heifer bill we ran for years Bar 15 Timex who we used for 7 years on the heifers. Early gestations will be expected since on both sides of the family tree have been proven to pop them out early. If you are in the market for the **ULTIMATE** heifer bull and hungry for calving ease Dale is the one spot stop.

Razor x Disco made a great combination. Long, smooth, shaped right, pedigree give this bull a calving ease nod. With that being said, he still has adequate performance for being a heifers first calf. His dam has a beautiful udder and good barrel, hip and feet.

107L has a twist on the sire side. Sired by YR King Ranch 13S is a unique package. Ranch has been used on heifers before with great results and with CEN Red Fuel in the lineage amplifies the ease. Getting that live, smaller calf from a first calf heifer is all we ever want. We want to make their first year as problem free as possible. Take serious note here and examine. I am sure you will like what you see.

The 3 purebred heifers I picked out of my replacement pen are related to top bulls from previous bull sales. Cutting Edge, Luca and Hondo. We raise our replacements a bit different than other breeders. They do a lot on their own. With grazing and being on a dry hay diet. These heifers that are on offer will bloom and become beautiful momma cows. I have that faith as I know their cows and their sires. Buy with confidence.

Commercial HEIFERS lot 27

This group of 4 commercial heifers are right from Jodi's commercial herd. The commercial is not big in numbers but with saying that the quality is high. Last year replacements were kept but with losing pastures that we rent, the replacement pen needs to be downsized. As like the purebred heifers, they were weaned on the 26 of sept and 2 weeks later were turned into a pasture to graze down at the south farm. They were brought to Falun at Christmas time. They then have been put on a growing ration.

Triple Threat Bull Sale

Terms & Conditions

TERMS:

The terms of the sale are cash, cheque, and wire transfers, payable at par at the sale location unless satisfactory payment arrangements have been made prior to the sale with seller, buyer and Bohrsen Marketing Services. Bohrsen Marketing Services reserves the right to require a certified cheque as settlement before releasing any sale cattle. Payment in full must be made before cattle can be released and shipped. Exchange rates will be announced sale day and the sale will be held in Canadian funds.

Kathols retain the right to collect semen on their bulls, at the buyer's convenience and at their expense for in-herd use.

BIDDING:

All animals to sell through the sale must be sold by auction with each animal selling to the highest bidder. Private sales will not be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

DISPUTES:

In cases of disputes, bidding will be reopened between the parties involved in the dispute. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid and the auctioneer's decision will be final.

ANNOUNCEMENTS:

Any announcement from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

LIABILITIES:

All persons attend the sale at their own risk.

CERTIFICATE OF REGISTRY:

A registration certificate issued by the applicable breed association and a certificate of registry duly transferred will be furnished to the buyer of each animal after final payment has been made.

HEALTH:

All sale animals have met all necessary health requirements and it is the buyer's responsibility and expense to determine health requirements for importing any animal into his province or state. Bohrsen Marketing Services assume no responsibility for the health status of any animal in the sale.

PURCHASER'S RISK:

Each animal becomes the risk of the purchaser as soon as sold.

SHIPPING:

Shipping of cattle, semen and/or embryos are the responsibility and expense of the purchaser. Purchasers are requested to provide shipping instructions at settlement on sale day.

INSURANCE:

We strongly recommend insurance for full value on all purchases.

ACCIDENTS: Every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

INFORMATION SUPPLIED:

The information contained in this catalogue is believed to be true and accurate. The seller has provided the information to Bohrsen Marketing Services and they assume no responsibility if the information supplied is not accurate.

WINTERING/DELIVERY:

Bulls can return to consignor's farm and be fed free of charge until April 1st, 2022 providing they are fully insured. They will be delivered prior to April 1st within 250 km from the consignor's farm at no cost to the purchaser.
