# Bohrson Marketing Services Welcomes You!

**BOHRSON**  
**MARKETING SERVICES**

On behalf of this long standing pair of top quality outfits, we want to welcome all to the 2024 edition of the Ultra/Czech-Mate Bull sale, held at the new location, Ultra Livestock in their new building near Carstairs! The Chalack and Smith/Sullivan families have been lifelong friends and partners in marketing their bulls in a fun environment filled with high quality Simmental seedstock and great camaraderie and we know as you evaluate their 2024 offering, you will agree with us that it is their deepest set of bulls on offer to date. Many large sire groups and ET bulls give you the opportunity to step into 1/2, 3/4 or even full brothers to use in your own program to elevate your calf crop. The best way to get consistency is to use similar bulls and what better way to do so then by picking up closely related individuals to turn out on your cows!

Both of these programs work so hard at improving their own programs and do so many of the small things right. Their dedication to breeding sound, functional cattle with an emphasis on easy fleshing, great feet and predictably is proven here in the 75 lots up for purchase. They believe in building around superior cows and using the best bulls available in the industry and we feel this years sale bulls provide the most diversity as ever before. Red and Black Simmental bulls that offer calving ease, performance and power while remaining very attractive and Fullblood, full Fleckvieh bulls that offer growth, pigment, maternal

qualities and payweight pounds, many with a polled head or being homo polled. This sale offering is a great opportunity to come to one sale and have all your bases covered with all that is on offer. A truly exciting and unique set of bulls with individuals to fit all programs.

We could easily go on to chat about the quality of the bulls and the cow herd and programs that back them. As special as they are, what truly compliments this great set of bulls are the people that stand behind them. Both families are salt of the earth people and folks you want to do business with. They type that when you do business and shake their hands, it means something. We can't endorse buying your bull through the Ultra Czech-Mate bull sale enough. We really encourage you to make plans to join us at Ultra Livestock on February 19th in their new building for a great set of bulls and unmatched hospitality. Be sure to reach out to any of the people listed from Ultra & Czech-Mate to visit about the bulls and to find some options that best fit your needs. All of us listed from BMS are familiar with the offering and the programs and would be pleased to assist you sale day if you are unable to attend, with our free consultation & order buying services. We hope to see you at the ranch for an exciting set of bulls!

- Best Regards, The Bohrson Marketing Team

## Welcome from Ultra Livestock

We welcome you to our joint bull sale with Czech-Mate Livestock. We are very proud of our longstanding friendship and relationship with Jim, Gwen, AJ, and Andrew. We are excited to welcome you to the Ultra Czech-Mate Bull sale held for the first time in our NEW FACILITY at Ultra Livestock!

We also would like to introduce our long-time partnership with Trish and Peter Putnam of Hay Valley Ranches. They have operated alongside us since 2017 and their dedication and support to our program does not go unnoticed. We would like to thank them for all they have done throughout the years and for their tremendous support during this year's fall show run. We are excited to offer feature bulls from the HVAL program.

We would like to extend our thanks to you, our customers for your loyalty and confidence in our program over the years. We look forward to visiting with you and celebrating your successes from this past year!

We have assembled a unique group of bulls this year to offer you. In our pen we feel there is truly something for everyone whether it be a power bull you're looking for or a calving ease bull, we are confident we have it. This year we are starting our sale off strong with a new sire group - MRL P.R. Man. We are excited to have 11 red and black sons that are standouts in our pen this year from this sire. Along with P.R. Man we will feature Polled Full Fleckvieh; Red; Red Blaze Faced; Black and Black Blaze faced sons from these breed leading sires: WJS Trailblazer, KWA Slider, RF Landmark, MRK Liner, SVS Rancher, WLB Top Tier, Crossroads Apollo, Black Gold Rebel, Sky West Havoc, SBV Reputation and ROD Shamrock.

Ultra Livestock found great success along the fall show road this year where we took on Stettler Immortals, Olds Fall Classic, Farmfair International, and Canadian Western Agribition. We were fortunate enough to

showcase and win the Champion Pen of 2, 3, and 5 bulls with sons by MRL P.R. Man, SVS Rancher, and Crossroad Apollo.

We are happy to introduce you to our sales management team. Scott and Rebecca Bohrsen, with their amazing team at Bohrsen Marketing. Throughout the years they tour our herd and sale pens, and they know the type of cattle we produce and stive for. We have instilled full confidence in their professionalism therefore we invite you to contact any one of their team members for inquiries, opinions or order buying. Thank you to Bohrsen Marketing for their dedication to our program.

NEW THIS YEAR we are thrilled to invite DLMS to the Ultra Czech-Mate sale. If you are unable to attend this year's sale in person, we will be online with DLMS.ca to bid and buy on live video stream! Bull videos and pictures were taken in the middle of December and can be viewed on DLMS.ca.

Thank you to our Veterinarians, Dr. Waylon Wise & Dr. Alessa Kuczewski for their combined expertise and advise throughout the year on nutrition, herd health and the use of HerdTrax. Thank you to all the individuals that helped along the way this past year with preparations, Brody Slykhuis, Lee Jensen, Ty Zaft, Charles White, Bret Marshall, Eric Boon, Travis Thompson, Jordie Buba (Pictures & Videos), Alana Miller (Catalogue) and Chase Sheehan. My parents Tim and Cathy for their countless hours each day and most importantly my fiancé Cassidy for all she does.

Visiting prior to sale day is always welcome so stop by the Ranch or give us a call! We look forward to visiting with you and greeting you at Ultra Livestock for sale day February 19th, 2024!

Tim & Cathy Chalack: 403.669.8938  
Riley Chalack: 403.922.6748

## Welcome from Hay Valley Ranches - Trish & Peter Putnam

It is an honor for Hay Valley Ranches to be adding a welcome note. Ultra has encouraged us to participate more actively in the entire process. As a result, HVR has some very good donor cows. We have also shared ownership in some excellent bulls with "Approval" leading the way. He has semen available through

Bohrsen Marketing Services and Canadian Sires. Thank you for considering our bulls. We look forward to the opportunity to reconnect with and make new friends. Ultra is simply the best!

Trish and Peter Putnam: 403.861.9860

# Welcome from Czech-Mate Livestock - Jim & Gwen Smith, AJ & Andrew Sullivan

We are very excited for this next chapter in the Ultra Czech-Mate Bull Sale as we move the sale home to Carstairs! We can't wait to welcome you to the beautiful new sales facility that our friends at Ultra Livestock have built on the farm. Good friendships are what keep the cattle industry moving, and we have been fortunate to have the Chalack's; Riley, Cassidy, Tim and Cathy; as sales partners these past 21 years and friends for longer. As we move the sale home to their farm yard we hope to continue our successful partnership for many more years

to come. We hope that you will be able to join us Family Day Monday February 19th to check out the new facilities, and to help us open this next chapter with a bang!

We are extremely proud of the pen of bulls that we are presenting this year. They come from the strongest parts of our maternal donor pen, dams and granddams that have over produced themselves time and time again. Along with sires that have added impressive power, performance and muscle to the entire pen. This set of bulls are from top to bottom one of the strongest, highest performing and most muscled groups we've put together. You'll find bulls with some added frame, length and size; as well as a few calving ease and heifer bull prospects that don't lack for pounds on the scale.

With the late summer rains the bulls were able to stay on grass with their dams till weaning beginning of September, and had no creep feed. Once weaned the bulls were moved to a 12-acre pen that we feel allows them to get out and move and develop their athleticism. We hand bucket feed them with the help of our junior division, and we are very

pleased with the exceptional temperament on the entire group. We have continued to feed the Masterfeeds Textured Ration with barley/wheat silage and free choice hay; supplemented with free choice salt and mineral lick tubs. The bulls have all been double dosed with Fosugaurd, been treated with a dose of Clean Up at weaning and Silence in the Winter, along with their regular whole herd health.

Don't forget that on each bull's picture you will find a QR code that you can scan to view their videos. Simply point your phones camera at the QR code on the picture you are looking at, and a link will appear for the video. Click the link and it will take you to the video. Stay tuned to our Facebook page in the lead up to the sale as we will be highlighting individual bulls, along with their cow families behind them. We also always welcome anyone out to the farm, just east of Carstairs, to tour through the bull pen ahead of time and to view the dams and sisters in the herd. We are located 2 miles off Highway 2, 45 minutes North of Calgary and 45 south of Red Deer.

If you can not make it to the sale we are confident in the Bohrsen Marketing team's ability to answer any questions you may have. You can also contact our fieldman Jay Wildman, he has been through the pen and is very familiar with our program. The sale will also be available to watch online on DLMS this year, and we welcome you to view the sale videos there ahead of time as well.

We look forward to seeing you sale day at the Ultra Livestock farm by Carstairs, Family Day Monday February 19th, 2024. Sale is at 1pm and there will be lunch served ahead of time!

Jim & Gwen Smith: 403.818.3106  
AJ & Andrew Sullivan: 403.875.6631

## ACCESS ALL LOT VIDEOS WITH OUR QR CODES!

Again this year you will see on the photo for each sale lot a QR code; if you scan the code on the picture it will take you to the video of each lot!

SCAN ME!

Step 1: Open the camera on your cell phone

Step 2: Point your camera at the QR code so that it shows in the viewfinder, a notification with a link will appear

Step 3: Click on the notification link and it will open directly to the video of the bull.

If you scan the QR code on the right it will take you to a playlist of the entire sale offering. Alternatively, you can visit Youtube.com and search "2023 Ultra Czech-Mate Bull Sale" for the playlist of all the videos.

# ULTRA LIVESTOCK

PR Man is a true sale feature. 32L was our lead bull in our show string this past fall. He was a part of our Pair of two champion Bulls at Farm Fair. Pen of Three Champion bulls at Farm Fair. Along with our Pen of Five Champion group of bulls at Farm fair this past fall. 32L is a bull with loads of depth and capacity. His dark blood red pigment draws your attention from a far. Huge topped and wide hipped with that loose hide. Impressive stats, 935 weaning, 1549 adjusted yearling. We've sold many sons from 43C Cottonball our leading cow family. Past high selling red bull through our 2021 sale was to Fallen Timber farms for \$26,000. We will have 32L on display at the Heartland Cattlemen's Classic in Stettler Alberta on January, 26th/27th as well stop in at the farm anytime. We look forward to utilizing PR Man 32L in our herd as we will be retaining semen for our in-herd use. **Has frozen semen already and will sell with 150 doses. Owned With Hay Valley Ranches.**

Ramblin Man 37L is another stout bodied, long made son from MRL PR Man; a bull Hay Valley Ranches and us purchased from MRL for \$42,500. 37L was a part of our Pen Show Champions at Farm Fair. Champion Pair of two Bulls with TC 32L. Champion Pen of Three bulls, he also was apart of our Champion Pen of Five Bulls. These PR Man sons are standouts in the bull pen, full of length, muscle and easy doing type cattle. Weaning off at 975, yearling weight of 1475. 37L comes to the top of our list in the pen for being the stoutest hipped as well having that extra rib making him the longest bull. Barlee Zendetta 102J is the dam of this incredible herd bull, she herself is sired by the great female maker himself Liner 56U. Zendetta 102J is a long made, dark red, beautiful young cow that made her way to the flush pen fast, were expecting a few full sibs this winter and expect great things again.

Sire of TC 32L, 37L, 156L, 39L, 70L, 66L & 55L

Lethal Weapon 63L is a powerfully constructed bull coming from the phenomenal donor cow, WFL Sage. Sired by SVS Rancher who is quickly making a name for himself, producing strong footed, long attractive frontend and deep bodied progeny. 63L has all the bells and whistles in our opinion, extremely sound footed and tracks out effortless. A bull you will travel a lot of miles to find as attractive skulled with a clean frontend and a sweeping rib cage. He ranks among the breeds top presents in his EPD spread within all category's. 63L was a part of our group of bulls that were named Champion Pen of Five at Farm Fair this past fall. We think a lot of this bull, early maturity, with large testicular development, we plan to use Lethal Weapon heavily in our program. **Has frozen semen already and will sell with 150 doses.** Owned with Barlee Simmentals.

71L is a full brother to Lethal Weapon, out of the great WFL Sage donor, that has produced countless amounts of high selling females and breed leading sires. Lawless 71L was part of our Pen of Five Champion bulls at Farm Fair alongside his brother and pen mates. 63L & 71L type very close in style and shape which backs the consistency of the Sage/ Rancher combination. If you take a close look through his EPD spread you'll notice he has a CE of 12.2, and ranks in the top 10% of the breed for WW and YW. Once again, a bull with tremendous testicular development from a young age, loads of hair and dark pigmentation. **Owned with Barlee Simmentals.**

HARVIE RED SUMMIT 54B  
HARVIE MS WANDA 178C

Creed is a red blaze faced bull we've admired from a young age for his early maturity and style. He comes from one of our top red cow families here at Ultra and Hay Valley, The "Wanda's". Wanda 771E is no stranger to raising high quality, as she produced a herd bull in 2022 to Kruger Farms and in 2023 to KMR Simmentals. Wanda 771E daughter 75G is following close in her footsteps as she raised the ¾ sister to Creed that we sold through Sim Power to Downhill Simmentals this past fall for \$16,000. Creed 152L has a big wide top that you could land an airplane on and a hip that is a mile wide. If you're into numbers have look at the stats on this cowboy, weaning off at 1000 pounds, along with top 2% of the breed for YWT and 10% for MWWT. We showcased 152L this fall at Farm Fair where he was Reserve Champion Bull Calf. Part of the Champion Pen of Three bulls and Champion Pen of Five Bulls at Farm Fair. Agribition he was Champion Bull Calf. Be sure to come check him out in Stettler at The Heartland Cattlemen's Classic on January 26th/27th. Owned with Hay Valley Ranches

*Dam:* **CROWE BUTTON 15G**

WAGR DRIVER 706T  
LRX BUTTON 25C

Feature Crossroad Apollo son. Red Blaze face. Full brother to one of our high sellers in last year's sale to Six Mile. Crow Button is a beauty of a little cow that is proving to out produce herself each year, once again we have mated her back to Apollo and await her 2024 calf in hopes for another blaze bull! 140L is identical to his brother last year, long bodied, stout topped, square hiped with that attractive front and skull that completes his outline. 140L is easy to find when walking among the bull pens and is a bull we hold in high regards. Make sure to have a check mark beside this guy Feb, 19th. **Owned with Hay Valley Ranches.**

*Dam:* **ULTRA MISS PRIDE 28F**

BARLEE RANGER SMITH  
ULTRA MISS PRIDE 6C

192L would rival any in the pen for his dark red pigment. An end of February born bull that has explosive growth! Full brother sold last year as a lead off red bull. This is back-to-back years 28F has smoked it out of the park on raising some high-quality beef bulls! Apollo got hurt on us that season of breeding resulting in only three sons on offer from him this year. Last year the Apollos were high demand sire group so be sure to watch closely when these boys sell.

Sire of TC 140L & 192L

TC 91K, Full Brother

*Dam:* **ULTRA MS JEWEL 90J**

MRL PLAYMAKER 36G  
DOUBLE BAR D JEWEL 610E

WLB Top Tier son that leads the way in the red calve ease bull section. Soft made bull with a great hair coat. Easy moving bull out of a first calf heifer that did a big-time job on this guy her first crack at it. The reports on Top Tier are outstanding, easy calving cattle that have large growth rates once on the ground. Proof is in the pudding with this guy as he weaned off at 1000 pounds and sits at the top 10% of the breed in weaning weight and yearling weight EPD's.

## 15

### ULTRA *Strutter* 121L

WHEATLAND FRONT RUNNER 896F  
MRL MISS 7363E

Just when we thought they couldn't be darker red... this guy walks by! Sired by the \$42,000 high seller from the Czech Mate program, we purchased this guy in dam from Downhill Simmentals. Take a stroll through his pedigree you'll find the ever so popular "Drake Poker Face" "Mader Way This Way" and the great MRL Missile! Red calving ease bull that has lots of bells and whistles. EPD stats he sits the top 4% in the breed for birth weight with a 13.4, top 10% for Calve ease with a -0.3, top 10% for Maternal Calve ease. Starting out at a modest 76 pounds and weaning off at 880, I'd say his dam really strutted her stuff this first walk through the park on this bull.

*Dam:* **CROWE BUTTON 17J**

ULTRA KERSHAW 83F  
CROWE BUTTON 5G

There are a few options here for a red heifer bull or one for your young cows, we feel 112L is another candidate. A very nice spread through his EPD stats, 11.1 CE, 0.8 BW and an 8.2 maternal calving ease. If you read closely throughout a few lots before this guy you can see the Crow Button cow family is coming back here on this guy. TC 140L our feature "Apollo" son is from the same cow family the "Buttons". Once again, the great "Mader Walk This Way" found his way to another heifer and calved out very well. Proven calve ease sires sit in the back of this bull's pedigree such as, WAGR Driver, Loaded Up, and Cobra. 112L has the recipe that is tried and true.

Paternal Brother

Dark cherry hair with an excessive amount of hair. Loads of pigment and Red to the ground. Leading man 50L has been a favorite of many that have been through these bulls from early summer to date. Very adequate in his build, long smooth with loads of meat. Weaning off at 1040. Out of a very impressive cow family, Wild West MS Xiang, we were fortunate enough to acquire these embryos from our good friends at Black Gold Simmentals. Sired by Reputation who has made an everlasting mark on the industry. Full brother to TC 85L. **Hetero Polled, Non Diluter.**

A little extra length and frame in this Shamrock brother but still the explosive thickness. 113L is Uplola 41F 3rd bull calf to come through our bull sale. Maternal sister to 113L sold through Friday Night Lights to Hoegl Simmentals for \$33,000. We really admire 041F she's one of the most elegant females we have on the ranch, were excited to be flushing her this spring to add more of her gene pool to build off of. Once again, I don't think you could draw a better udder or silhouette of a production cow. **Homo Polled, Non Diluter.**

Brother to TC 54L, 47L & 113L

Dam

# ULTRA LIVESTOCK

We feel this is one of the strongest sets of Fleck bulls we've offered. 101L is in a league of his own, big haired, big bodied. Slightly the pen pet you could say, always looking for a scratch needless to say he is ranked #1 for docility. A bull we have admired from a young age and gets better and better every day. Have this guy on your shortlist, he's worth the drive to the Ranch February 19th where we will hold the Ultra/Czech-Mate bull sale for the first time at our new sale location! 186H is a hard working young dam of this bull along with a recent female we sold through Friday Night Lights for \$30,000 to Masterloc. 186H has proved her worth in weight and gold the first two cracks at production and we can't wait to see what she comes up with next. **Horned, Non Diluter.**

**Lots 24, 25, 26, 27 & 28: FIVE BROTHERS:** We bring to you an exciting group of five brothers. All are Polled and Three of which are Homo Polled (15L, 8L, 201L). Non-Dilutors, with a great set of EPD stats to stand behind them. We feel this is a great testament of what WJS 748E can produce. If you're looking for extra frame and length have a close look here, the Havoc progeny have impressive stats. We have always been a fan of TC 23L, stout made and long as the CP Train when you're running late. TC 8L and TC 201L type very similar, smooth made bulls that would work great on a set of young cows as they're lower birth weights and smooth build will make for a nice 2nd or 3rd calver. WJS 748E and her sister WJS 749E have been the backbone for our Fullblood division, two females that are hard to pick apart. They're big, framed cows with awesome udders and feet structure. We have sold sons each year through this sale, we feel these five brothers could be some of her best work yet.

SPRINGCREEK TANK 63P  
SPRINGCREEK LINNE 71P

Powerful Black Blaze face bull. Incredible hip and top thickness in 62L. The trailblazer progeny is consistent. Long spined, tons of capacity and deep quartered cattle. Spring Creek Tess 25T his donor dam has over 50 progenies, this past spring we lost Tess 25T this will be her last son we will ever have to offer. The maternal strength and longevity are built in here, take a good crack at this guy as he will be worth every bit. **Homo Polled, Hetero Black.**

TC 215K, Brother

Feature calve ease herd bull. Slider 93L one of the most exciting calve ease prospects we've ever offered. Starting out at an adequate 81 birth weight, with a 13.6 CE putting him in the top 10% of the breed and a -0.1 BW putting him in the top 4% of the breed. Excelling to an 880 weaning weight. Starting 2024 off with a ADJWT of 1350. We can't say enough about the cow family he is backed by, The "Cottonball" family has quickly become our strongest producing black genetics. TC 87J did a rippin' job this first kick at production, she is a maternal sister to TC 42L, TC 28L. TC 46L, TC 31L that are the lots just ahead. Coming from the same cow family as our lot 1 bull as well. KWA Slider! We brag about this bull all the time, we purchased some semen to try last year, we're very pleased with the results, so much we bred every heifer to him to calve 2024 and so far, we have 17 on the ground all averaging early gestation with 68-82 birth weights. Homo Polled, Hetero Black.

TC 95K, Brother to Dam 87J

Another feature calving ease black bull sired by KWA Slider. Solid black loose hided with loads of style. 19L is easy fleshing smooth moving with extra hair. We have admired this bull for his extra rib capacity from a young age. Very strong topped and strong growth curve. Slider 19L has impressive stats on paper, 79 birth weight putting him in the top 10% of the breed. With a CE number of 12.9 to a 132.9 yearling EPD. 19L excels in a high Marbling EPD with a API and TI in the top 4% of the breed. We purchased his dam from Sunny valley Simmentals out of Friday Night Lights, in which she has turned into a flawless female that is proving to become a front pasture female. Backed by some of the breeds most impressive pedigrees, Soda pop, Drake Poker Face, LCDR Witness and KWA Slider. Homo Polled, Homo Black.

Sire of TC 93L & 19L

Black blaze faced. A really neat individual here coming from an in-dam purchase from McMillen Ranching female sale in 2022 as the high selling black bred Crowe Brothers purchased. Agent Lynx is a bull that demands your attention when you walk through the pen. Lots of style, carries himself with pride and the blaze face always adds extra excitement. MRL 1424J was a female we flushed last spring with a handful of impressive black and black blaze calves on the ground. If you take a stroll through 250L pedigree you'll find the likes of IPU Bentley, Hart State of War. MRL Bender and the. Most impressive TSN 55W donor. If you're on the search for a Homo Polled/Homo Black calve ease herd sire we think this guy should be a part of that conversation. Once again, a bull that is as strong as any on paper and in the flesh. **Terms to be announced sale day. Homo Polled, Homo Black. Owned with Crowe Bros.**

Black blaze face bull. These Liner sons are as consistent as any sire group we have. Soft made, great haired. Stride out so effortless. Adequate muscle. Lots of frame and length. Strong feet. A son out of 15Z, this cow has been around and seen it all, a beauty of a black blaze face cow that comes from the "Cassade" cow family. Once again you can find this pedigree throughout the book and shows that its proven and no guess work. **Homo Polled.**

*New Sale Location!*  
**ULTRA LIVESTOCK**

# CZECH-MATE LIVESTOCK

THIS IS SPARTA!! 300L; a standout from day one. A true herd bull candidate this bull is impressive from every angle. Starting from the ground up, Sparta!! Stands on a large square toed foot and carries massive bone up into a heavy muscled hind quarter. He is stout as you can make them with extreme depth of body and a very strong top tying into a nice shoulder. His darker red hair coat and piles of hair add to his mature herd bull look from a young age. He moves out like a cat and has the length of spine and frame size to get out and cover cows. With an actual weaning of 868lbs with no creep and an adjusted yearling weight of 1540lbs (1390 mid December) his performance EPDs reflect the sheer power, performance, and completeness of this individual. His dam is a great uddered young Empire daughter that we really like, the mating with Walk The Line stacks maternal powerhouses and longevity on top of this outstanding individual in his own right. Sparta!! 300L will be a favourite come sale day and will go out and produce herd bulls just like himself. 279 days gestation. **Homo Polled, Non-Diluter.**

CMS Empire, maternal grandsire of lot 54 & 59

Draw the Line was part of our Agribition show team last fall and caught the attention of many breeders. We always admired his sire, and in our opinion, 372L reminds us so much of the great WTL bull! He has the presence to be a herd bull - with style to burn, length of body, wide top, huge hip and dark red color, Draw the Line is one to check out. His EPD profile is outstanding with all but 2 traits above, or well above breed average. (WWT of 100.3 - top 1%, YWT of 147.1 - top 2% and a MWWT of 79.1 - top 2%) He had a birthweight of 94 lbs and arrived at 280 days gestation with an actual weaning weight of 942 lbs at 232 days along with an adjusted yearling weight of 1454 lbs. Performance oriented, but coming from our Heirloom cow family, he carries tremendous maternal strength! His dam is one of our top young cows sired by TNT Bootjack - her first bull sold in last years sale to Greg Pennock at Elnora and her only daughter, CMS 071H, is the dam of our Lot 67 bull. Look to Draw the Line 372L to be a solid candidate to go on and be a great one! **Homo Polled, Non-Diluter.**

# CZECH-MATE LIVESTOCK

**Lots 56, 57 & 58: THREE FLUSH BROTHERS:** Three flush brothers sired by Walk the Line and each a top prospect! We are thrilled with how Walk the Line worked in our herd with 11 of our 22 bulls in this sale sired by him, and a great set of heifer calves we are really excited about in our replacement pen. The best part of these brothers' pedigree is possibly their dam CMS Heirloom 112Y! She has influence in 11 of our 22 sale lots as well - an incredible cow who we have bred/flushed to numerous bulls all with great success. This mating may be her best yet and at 13 years of age, we continue to flush her hoping to add to her legacy here. Numerous sons have sold into purebred herds as well as top commercial operations and with only 3 daughters every offered for sale, the rest have all been kept in herd. These three brothers have a lot to offer - top EPD's, most well above breed average, each have WWT's in the top 2%, YWT and MWWT in the top 3%. Excellent feet, great body length, extra muscle shape combined with lots of hair and testicle development make these brothers very desirable. We truly believe all three will be a great addition to anyones bull battery and are excited to offer them to the industry - they will sire a tremendous set of calves! **Homo Polled, Non-Diluter.**

CMS STELLA 617S

Living Legend 307L is an impressive Walk The Line son who is out of a great daughter of our Empire 531C bull. He's a bull with the extra frame and length to get out and cover cows on the first breeding season. He fills his frame out being wide topped and big boned. Another set of impressive performance EPD's, top 2% WWT and 4% YWT, and an actual weaning weight of 878 lbs. and 1501 lbs. yearling weight. Clean sheathed with an impressive set of large testicles. His dam CMS 725E has a beautiful udder, which is a testament to the Heirloom cow family. **Homo Polled, Non-Diluter.**

*Dam:* **CMS SODA POP 817F**

MRL TRACKER 17Z  
WHL CREAM SODA 1602D

Avenger is a very long bodied, growthy son of MRL Untouchable who has the size to go out and cover plenty of cows. He had a short gestation of 282 days and grew well weaning off his dam at 888 lbs. 291K is homo black and homo polled with tons of hair and great testicle growth. His good 6 year old dam has put 3 sons through our bull sales with the latest going to Jeff Miller as a calving ease sire. She traces back to our Soda Pop cow family and her dam is a flush sister to WHL Red Heat. Avenger should get out and travel and get cows bred for you. **Homo Polled, Homo Black.**

370L is a powerfully built son of Walk the Line. He has so much width, depth and muscle expression that carries down into his flank. Cross the Line is our highest performing bull this year with an actual weaning weight of 924 lbs @ 224 days and an adjusted yearly weight of 1527 lbs. His EPD's tell the same story - WWT of 100.3 (top 1%) and a YWT of 145.5 (top 2%). Not only is he going to provide tremendous performance but you can be assured his daughters will be ones you want to keep with Darlin and Soda Pop 412B in his pedigree. The 412B cow has raised herd bulls for us before, KT Ranches and JayDawn Farms each purchased a son in past sales. Two of her daughters have sold into purebred herds (Double RN Ranching and Labatte Simmentals) - Brodyn told us that daughter has one of the top black bulls in their pen this year! 370L is going to add pounds to any calf crop and will give you heifers you will want to keep - buy with confidence, this fella is impressive from every angle! **Homo Polled. Hetero Black.**

# CZECH-MATE LIVESTOCK

331L is the youngest bull in the pen, but does not look like it at all. He is extremely deep sided and bold through the rib, and deep in the flank, with a big hip and impressive testicular development. He also has a great front end with excellent neck extension and great feet. He may be the youngest bull in the pen, but with an adjusted yearling weight of 1492 lbs. he definitely hasn't lacked for performance. Card Shark 331L is out of our Soda Pop 519C donor cow that is a full sib to the famous Soda Pop sisters that sold through Friday Night Lights. With a dam that is a favourite on the farm Card Shark 331L will produce bulls and females that will impress. 280 days gestation. Homo Polled, Hetero Black.

Maternal brother to lots 62, 65 & 66.

62

BLACKSAND LINNETTE 952W

CMS Dominion 320L is an impressive homo black bull that is out of the Springcreek Estate bull, and a dam we bought from the Springcreek dispersal last year. His dam, Springcreek Linette 149C, is a cow that has an impeccable udder especially for her age and is big ribbed and deep sided. She passed many of these traits onto her son. 320L is big ribbed, big middled, and wide topped. However, he is extremely nice through the front end with an attractive head and great set of feet. An overall exceptional complete bull out of a dam that has since entered our donor program. **Homo Polled, Homo Black.**

MISS R PLUS 7071E

380L came to us in dam from the R+ dispersal last fall. His dam is a really deep ribbed first calver with a good udder who had quite a different pedigree for us with both McSteamy and Hammertime up close. Willard is very stylish with a great hair coat and boasts an adjusted YWT of 1412 lbs and has gained over 4 lbs/day since weaning. He will sire all black calves that will have plenty of style and growth to gather a top dollar come sale time. **Homo Black, Lightly Scurred.**

Sire

# CZECH-MATE LIVESTOCK

A bull who has impressed from the beginning with his long spine, big hip, smooth shoulder and being extremely attractive made. He is a calving ease prospect with his nice front end, 86 lbs. birthweight, and being in the top 10% for calving ease and 2% for birth weight in EPD's. Being out of our Soda Pop 519C donor dam and Walk The Line he is a  $\frac{3}{4}$  sib to the outstanding CMS Strutter 126J bull who sold for \$42,000 to Downhill Simmentals. Following in his brothers foot steps he will be a versatile bull that can be used on both heifers and cows, and produce a consistent calf with some chrome, a smooth shoulder and big hip. We have already seen the first calves from Strutter hit the ground here and are very impressed with the ease of calving, short gestation, vigour as well as the shape and size of every calf off both first calvers and mature cows. "Sue" is a bull who will go out and impress for years to come and should produce bulls and females that will follow in his footsteps. **Homo Polled, Hetero Black.**
