Red & Black Angus

bull & female sale

ON THE FARM - MARCH 20, 2024 - DELBURNE, AB

60 YEARLING BULLS - 12 PUREBRED HEIFERS

5 FIVE GENERATIONS *of cattle operations*

welcome

Welcome to our 7th annual bull sale on the farm!

Every year in the cattle business we gain new experiences and repeat old ones and our hope is that you had many more positive experiences than bad ones this year. The beef industry is going through a very positive cycle as far as price discovery and this bodes well for those who have positioned themselves over the last two or three or more years to be able to take advantage of this market.

Our bullpen continues to strengthen every year as we increase our standards to make sure we offer a higher level of product to better serve our past and future customers. We continue to use a high standard of bull power sourced from select breeders and our own feature sires. We still take foot quality at a high standard along with disposition, hair, performance, and fertility. We insist that our herd sires never require a foot trim and this is a standard we follow. Our herdsires are required to produce productive females.

We invite you to tour our bullpen at anytime and contact any of us to talk bull selection. The select group of heifers in the sale come right out of our replacement pen and are top quality females. We understand how important it is to get your cows bred and bred right!

WELCOME FROM *sales management*

Welcome to the 7th annual Allison Farms Red & Black Angus Bull & Select Female Sale. This year's event is to be held March 20th, again on the farm near Delburne, AB. We are so pleased to extend a warm invite on behalf of the entire Allison Family to their 2024 sale and can comfortably say, they have once again stepped up to the plate to bring you an exciting set of cattle for your evaluation. Each year we are taken back by the amount of quality in bulk throughout the bull and heifer pens and for them to gradually improve from top to bottom on a yearly basis is impressive and just speaks to the dedication and commitment by the Allison team. Please make plans to be with us all at the Ranch for one of the must attend Red & Black Sales of the entire spring!

The 2024 Sale bulls are as uniform in type as they are impressive in phenotype. As you walk through the bull pens, its not obvious where one sire group begins and another ends. They have bred their cattle to be easy fleshing, hairy, good looking with strong feet and athletic in their movement. The rookie calf crop by one the 2022 high sellers, Elysium, has done a great job along with Jetstream, Sundance, Force and Pine Lake joining the new sire divisions and

we must say, they have done a bang up job leaving many options in both the caving ease and performance sectors.

Again, a select group of purebred heifers is available to represent the powerful cow families at Allison Farms as well as the exciting sire groups they have used. These are sisters to the bulls and are your chance to get an Allison female early in the season to take home and breed how you see fit and reap the rewards of her influence as a brood cow.

We encourage you to make plans to get through the sale cattle anytime before March 20th. The boys would be pleased to show you the cattle and discuss your operation to help you find something that suits you. If any of you are unable to attend, please feel free to contact any of us listed from Bohrsen Marketing as we would be proud to represent your bidding and buying needs.

Best regards,
The Bohrsen Marketing Team

Bohrson Marketing Services Ltd.
RR4 Site 7 Box 28 Olds, AB T4H 1T8
www.Bohrson.com

SIGHT UNSEEN: We certainly welcome you to attend our sale but if you are unable to attend or bid online then you can consider our sight unseen purchase program. Let one of the contacts know what type of bull you are looking for and we will fully guarantee satisfaction. Each order will be considered and handled with the utmost integrity.

DELIVERY: Free delivery to Alberta, Saskatchewan and central points in Manitoba and BC. USA sold bulls will have the necessary health papers and delivered to the border. Bull delivery will start the first part of April.

BREEDER GUARANTEE: Allison Farms guarantees our bulls to be sound, fertile, and reproductive in accordance with the rules and regulations of the Canadian Angus Association for the first breeding season. Claims must be made by September 1st of year of purchase. If your bull experiences a problem, please contact us immediately and we will provide a suitable replacement if available or a sale credit. This guarantee does not cover death, injury, mismanagement, or the bull unable to freeze semen. Effort has been made to assure our bulls are sound by ourselves and an accredited Veterinarian.

INSURANCE: We strongly recommend that you purchase insurance at our sale. Reps will be onsite.

IN-HERD SEMEN: Allison Farms reserves the right to draw semen for in herd use at our expense and the buyers convenience on any bull in the sale.

HEALTH: All bulls are on the BovaShield Gold program and treated with Ivamec and Cylence.

TERMS & CONDITIONS: Cattle will sell under the standard terms & conditions put forward from the breed association. These are available upon request.

ACCIDENTS: Although every precaution will be taken, neither sales management nor Allison Farms assume any responsibility in this matter and disclaims any liability, legal or otherwise in the event of accident or loss of property.

15% FOR 50: Canadian Angus Association fundraiser. Allison Farms will give 15% of the sale average to the CAA.

Red Allison Elysium 80J ranks in the top 1% for WW and YW, a powerhouse Dracarys son. His foot quality is exceptional, explosive muscle capacity, and dark red. Backed by a Reverence dam, Elysium is producing highly maternal replacement females. Elysium was one of the most sought after herd bull prospects in our 2022 bull sale and eventually landed at the consortium of Diamond T and Jensen Red Angus. His sons have excellent skull shape, length, masculinity, and testicle development making them popular among visitors. His paternal sisters have commanded an average of \$19,000 at elite female sales and all have collected Champion banners. Elysium sons are very consistent in their type and we are excited for the impact he is making at Diamond T, Jensens, and Allison Farms.

Paradigm is massive in body and smooth in appearance. His dam, 74B, is one of three elite cows in our herd and has landed sons in W Sunrise, Combest Red Angus, Long Lane Red Angus, Jordan Livestock, and Ter-Ron Farms. The only daughter 74B has, became a donor cow at a young age and produced the 2023 high seller to Canadian Donors at \$36,000! In 2022 Ter-Ron Farms selected a 74B son, Red Allison Smack 17J for \$56,000. Paradigm is one of the most powerful unique bulls we have ever raised. Excellent footed, wide based, extra ribbed, and big testicles. The Spring Rose cow family is highly maternal and an important nucleus to our cow herd!

Abyss ranks in the top 1% for WW and YW. He has been a standout since a calf and has continued to impress us everyday. Massive in rib shape, wide based, dark red, and thicker than a milkshake. Lottie 33G is Scott Anderson's favorite cow on the farm. She has an incredible udder, is very productive, and a true Angus type of cow. Her sire, EF Colossal, took the Grand Champion at Agribition and Champion of The World. Abyss has created some unique outcross genetics that we strive to produce. We are excited to see Abyss daughters in production in the coming years!

The most influential bulls in this year's sale is Black Wheel Dracarys 86G. He has proven himself over the past few years that his progeny are in high demand. His ability to apply sexual dimorphism into his progeny, performance, foot quality, and udder quality on females. Boasting massive EPD numbers and moderate birth weights (he bred heifers for 2 years). His daughters have comanded an average of \$19,000 and collected Grand Champion female banners in Summer Synergy, Farm Fair, LLoyd stockade, Showdown, and heifer calf champions at Canadian Red Round Up, Canadian Western Agribition, Olds Fall Classic, and The Immortals. Drac's sons have seen incredible demand and being injected into some of the most prominent herds across North America. His sons are known for excellent feet, sweeping ribs, wide base, heavy muscle, and lots of hair! Drac 86G has completely exceeded expectations every year and will continue to make a postive impact at Allison Farms!

One of the most unique bulls in the sale offering! A 2-star calving ease bull with massive numbers! Top 2% and 3% for WW and YW in the breed! Howl is the definition of soggy, hairy, guts and butts! He is a feature calving ease bull that we intend to draw semen on and use in our own herd. Howl comes from a predictable and elite cow family, The Frado's! His dam is a moderate and productive cow with an excellent udder. We feel Howl can contribute to our program in calving ease, maternal traits, and performance on first time calvers!

Brass Tacks has been at the top of the pen since birth. Out on pasture he demanded attention in his performance and style. He hasn't skipped a beat approaching maturity with his muscle mass and explosive rib cage! The most exciting part, he is the full brother to the \$28,000 heifer calf at the Wheelers and Friends female sale last December! His dam, Lassie 121G has come to the top of our donor pen with leading udder quality, performance, ideal mature weight, and foot quality. A sale feature bull that we are very excited about!

The Kassie 11F and Drac mating has been a home run for us at Allison Farms! The track record is predictable, consistent, and a low risk investment into a herdbull that works! At the 2023 Canadian Red Round Up, the full sister to Meridian landed in Patchell Livestock's hands for \$12,500. In 2022, Allison Sundance (another full brother) comanded \$12,000 to 4M Cattle and also was implemented into our 2024 sale as an elite herdsire. The feedback on this pair is: massive muscle capacity, sexual dimorphism, and lots of hair! Meridian is expected to perform the same way!

Sundance was a sale feature bull sold in our 2022 bull sale to the guys at 4M cattle Company known for their elite bred heifer sale every December. We chose to incorporate Sundance into our program and the results are incredible. Note that full brothers sell as lots 18, 27, and 28. His full sister was sold last fall in the Canadian Red Round up for \$12,500 to Patchell Livestock in Ontario as a heifer calf. The Kassie cow family needs no introduction making statements north and south of the border. Kassie 11F is one of our favorite cows. She is well balanced in terms of her production and body condition, excellent feet and udder, and fertile. The sons of Sundance in the sale come with performance and a mix of cow and heifer bulls, Sundance is that type.

In 2022 we were in need of a couple heifer herd bulls. We made the trip twice down to Flying K Ranch and took the whole day getting to know their program and selecting potential herd sires. On the top of the list was Red Flying K JetStream 222J who we purchased as the high-selling bull for \$36,000. His dam is a structurally sound, excellent uddered, phenomenal feet, and productive. Jet is dark red with great feet. His elite calving ease has been passed on to the exceptional sons in our sale. We are very excited to get our Jet daughters milking and in production. The Jet sons will highlight the 2024 calving ease bulls!

SugarLoaf is a powerhouse Certified son that we are very excited about! There has been so much success from this mating in the past few years that we implanted a couple more embryos to make SugarLoaf. Notably, the \$28,000 Red Allison Hush Money landed at the famous Piepers Red Angus Ranch in Nebraska. His dam is a full sib to SugarLoaf! He is very dark colored, excellent footed, loaded with hair, big testicles, and a maternal package second to none! The Spring Rose cow family is one of the most popular displaying moderate mature weight and high end production. Currently 3 full sisters are milking here and there production, udder quality, and foot quality is incredible! SugarLoaf is a sale highlight!

The Kassie cow families have had great success at the Six Mile and Niobrara programs with elite females across North America. Here is a direct daughter out of the Elite Matron of the Kassie's, Kassie 150Y! Her sire, Red Allison Smack 17J, owned by Terron Farms has been stamping attractive heifer calves with a solid maternal package behind them!

Allison Family

2023

Over the past couple years, I have had the pleasure to follow the development of the bulls at Allison Farms. An absolutely impressive set of Red Angus cattle. This year is no exception.

Each fall forages are tested, and diets are built to ensure proper growth and development of the bulls. The cow herd utilizes a customized mineral program that is balanced throughout the year, which supports proper bull calf development from a young age.

The bull feeding program is built to maximize forage utilization and gut health: they are developed on grass with their moms and then moved onto a balanced TMR that promotes lean

muscle. The bulls are challenged with a foraged based TMR to help them develop to their genetic potential. Organic minerals are used to ensure proper immune function and overall health. Allison Farms uses a total nutrition program on their entire operation, ensuring optimal cattle performance. If you have any questions about the nutrition of the sale bulls, please feel free to call. Best of luck sale day.
