

ANCHOR B & ANCHORAGE

annual bull sale

THURSDAY
MAR.21

Welcome from Bohrson Marketing Services

Welcome to the 2024 Anchor B & Anchorage Bull Sale. 2023 was a big year for these operations as it saw the dispersion of their winter calving cowherd of both Angus & Limousin. This transition to move to an all spring calving operation to offer more coming two year olds is an exciting opportunity for customers to step into age advantage bulls moving forward that still maintain the same great genetics you've become accustomed to. The Bohrson family are a multi generational, family run operation that are some of the real great people to do business with and we are pleased to welcome you to their 2024 event.

The Angus bulls, featuring both yearling and coming two-year olds are made up of some of the most exciting AI sires, embryo transplant genetics and powerful walking herd bulls. The likes of Emerald, Bloodline, Oklahoma, Guarantee and Bank Note are some of the industry's most proven and sought after genetics and the Rosewood, Ozark and The Duke walking bulls are some of the most impressive herd sires you'll lay eyes on. This Angus offering features many power bulls as well as a great selection of calving ease bulls. The options are endless in this section and you'll be hard pressed to find better bulls from a genetic standpoint that goes hand in hand with their phenotype.

The Limousin offering is much the same with many embryo transfer brothers available as well as new and exciting genetics that perfectly compliment the proven genetics they have used in the past. Proven sires, Austin Healey, Gold Rush and Stetson stand right up along side the "new sires on the block" TREF Hardcore and Samurai 17J. These Limousin bulls showcase true breed character and are the type you want a whole pen of feeder cattle out of with replacement females being highly sought after.

We encourage you to make plans to join us at the farm, near Hanley, SK on March 21st for the Bohrson Families annual sale. The hospitality is great, the cattle are better and the camaraderie is second to none. Please don't hesitate to contact anyone listed to visit about the bulls and if you are unable to attend sale day, feel free to utilize the BMS order buying services. We would be pleased to assist in your herd bull purchases.

Best regards,

The Bohrson Marketing Team

Riley, Beverly, Sienna, Avery, Jay

Aaron, Scott, Martin, Jay

Scott, Rebecca, Thomas, Gracie

Terms & Conditions

Cattle will sell under the standard terms and conditions
put forward from CAA and CLA. These are available upon request.

Volume Discount

3 bulls - 3%; 4 bulls - 4%; 5 bulls - 5%, etc.

Insurance

Please insure your bull(s) if they are remaining at our farm.

Guarantee

All bulls will be scrotal measured, semen tested, and sell as guaranteed breeders.

Delivery

We will transport your purchase to central locations in Western Canada and trucking
arrangements to Eastern Canada or USA will be co-ordinated.

Bulls can remain at our farms until May 1 with no additional charge. These bulls must be
insured.

All registered bulls carry registration papers, performance info, and EPDs.

Each owner reserves the right to collect semen on any of their bulls sold through this sale.

The semen collection will be at the seller's expense and buyer's convenience. Any semen
collected will be for in-herd use only.

Catalog design by Bohrsen Marketing

The information printed has been supplied by the seller and believe to be accurate.

Updated sheets and announcements from the block will take precedence over any
incorrect printed material.

Lot 1 ANCHORAGE CROWN JEWEL 3029

BOHR 29L
pendingFebruary 1, 2023
Angus

- » Feature bull out of the great Emerald who has gained so much popularity and excitement in the industry with high selling sons at \$190,000 and daughters at \$80,000 and \$75,000 along with his semen bringing over \$1,000/dose
- » We recently toured Peak Dot Ranch heifer pen and the elite females in the entire calf crop would be full sibs to this bull, they are truly special
- » 3029 dam, the 247C donor raised a past high selling bull at Peak Dot that was a feature bull of the spring
- » 3029 checks off all the major boxes of a big time bull that we are proud to offer

Lot 22 ANCHORAGE LUXURY 2737

BOHR 837K 2302923 September 4, 2022 Angus

» We are we saving the best Angus for last ... maybe? Firstly, note that he is a September born that is off age in his contemporary group as he was born in Alberta along his donor female. Secondly, he is exceptional pedigree being out of the famous Emerald who is the hottest thing going in the Angus breed and rightfully so. His dam, the 9916 donor female has been extremely productive and produced a special daughter, 1916 who we showed at FarmFair successfully and sold to Lidstone Cattle Co. Also, 9916 raised a another outstanding daughter that is currently being shown by Avery. Thirdly, we truly believe in this stud and feel he is one of the best bulls in the offering for so many reasons. We know the good cattleman can adjust their eyes in seeing the shear quality in this off age bull that is the single entry from the fall calves

» Kingston 137K & Karson 138K are a pair of $\frac{3}{4}$ brothers as they are sired by the very consistent Stetson and both out of good milking Anchor B "THE BOSS" daughters. As you have seen from Stetson, these sons both have moderate frames with ample muscle shape. They both are smooth made, good haired & will work in both the heifer pen & cowherd.

» Lexus 32L is a bull we appreciate for his softness, muscle shape & hair. He is free moving, and commands attention. Ranking in the top 3-4% of the breed for WW, YW, and Total Maternal we are impressed what 32L has to offer. Sired by the \$51,000 TREF Hardcore and out of a beautiful Greenwood Electric Impact daughter; we feel Lexus 32L will sire calves that will add pounds & muscle to your bull calf crop, while maintaining the style & shape we all look for in the replacement pen.

» Legend 41L & Lancaster 15L are a pair of embryos bulls from our donor female Anchor B Bailey 21B. Bailey has continued to impress us since raising the \$60,000 Anchor B Gold Rush and these boys won't disappoint. Sired by the homo polled B Bar Bentley 8D, their birthweights have been moderated & they are stamped with style & muscle shape.

» Legend 41L started with an 87lb birthweight on a 284 day gestation. He has developed into a deep bodied, high performance bull with good haircoat and testicle development.

» Lancaster 15L came early at 274 days and a resulting 62lb birthweight. He is smooth made, adequate muscled and would work in both the heifer or cow pen.

» Lincoln 47L is a bull we have enjoyed watching develop this year. Being a full brother to Anchor B Jack Daniels (\$30,000 high seller in 2022 Bull Sale) expectations have been high & he hasn't disappointed. While he doesn't have the same performance we saw in Jack Daniels, he started with a moderate 86lb birthweight and is extremely smooth made which may selectively work in your heifer pen. Lincoln is homo polled, well muscled, and great haired. The Gold Rush X Nicole 28E (Credentials) combo also provides a tremendous EPD profile and maternal strength, he will produce.
