Bull & Select Female Sale

at the Farm - 1:30 pm

Terry & Sharon

Welcome

It is with excitement and anticipation that we once again welcome you to our 19th Annual Bull and Select Female Sale!! It is honestly one of our favourite days of the whole year! We look forward to seeing everyone as we gather together in our sale facility right here on the farm on March 14!!

It is a day of re-connecting with old friends and meeting new ones. We can't wait to share with you our offering that we have been excited about not only since they hit the ground last calving season but even before that when we planned their

matings in breeding season! It is always exciting to see how our carefully planned breeding decisions turn out.

It has been another good year in our area for the agriculture industry - we dodged the "drought bullet" in June with a timely rain and crops were later but with good yields. Cattle prices have been good at the auction market as well. We are hoping for lots of snow throughout the province to help alleviate dry conditions.

A change this year is our dispersal of our small simmental herd. Although we were happy with our product, we decided to focus on our Red Angus and expanding our Black Angus herd. We would like to wish Gardner Livestock and W Sunrise the best of luck with the simmentals. We are excited about our 44 Red Angus, 19 Black Angus bulls and 12 open heifers on offer this year. It truly is our most consistent group to date. We strive to source the best selection of sires and dams to present the best product for both our commercial and seedstock producers. From sleep ease heifer bulls to powerful cow bulls, we have options for a variety of needs and budgets. All bulls will have a complete semen evaluation prior to the sale.

Our open heifers have been selected right off the top of our heifer pen, and we are sad to see these females go!! These girls are deep sided, stout made, good uddered and elegant fronted and on a solid foot. These are traits that are the backbone of our cow herd and we are excited to offer these traits for you to infuse into your herds. All heifers will be palpated before sale day and will be ready for breeding season. Just like the bulls are fully guaranteed.

We would like to thank all of our bidders and buyers from over the years and we are equally grateful for both long time customers and buyers that are brand new to our program. We do not take it lightly that you have chosen to have confidence in our program and are grateful to every bidder, buyer and friend that have helped to make past sales a success. We would also like to extend a huge thank you to our family, friends and neighbours who help us out not only on sale day but throughout the year. We sincerely appreciate doing business and developing friendships with each and every one of you.

We would love to have a visit and show you the bulls prior to sale day - give Terry or Rob a call to discuss your needs and arrange a tour. Bohrsen Marketing is once again working with us on sale day so feel free to give any of their representatives a call if you have any questions or cannot make it sale day. Mark Holowaychuk from OBI and Roger Peters from Peterosa Exports will also be in attendance on sale day. The sale will also be broadcast on DLMS if you would prefer to bid online.

We can't wait to see you on Thursday, March 14, at Ter-Ron Farms, three miles south of Forestburg. Join us for lunch at 11:30 and stay for refreshments and a post sale lunch after. We look forward to showing you our offering and visiting with customers, bidders and buyers new and old, friends, family and neighbours!!

Sincerely, Terry & Sharon Adams

BOHRSON
MARKETING SERVICES

Scott Bohrson
403.370.3010

The Ter-Ron Farms 19th Annual Bull & Select Female Sale is set for Thursday March 14th at the farm near Forestburg, AB, where your opportunity awaits to source some of the best Red and Black Angus genetics. The Adams family have dedicated their lives to breeding the highest of quality cattle and we strongly believe as you flip through this catalogue and study the genetics on offer, you will quickly see the attention to detail that goes into breeding and raising these cattle and how the Adams family just kicks it up another notch and does all the big and little things right. We are proud to work closely throughout the year with the Ter-Ron family and extend a huge invitation on behalf of them and all of us at BMS to this 19th consecutive event.

Taylor Richards
306.821.4169

The 2024 bull offering is as consistent in type and kind as ever before. A cliché to say, we know, but if you tour through the bull pens, you'll quickly see it. The first calf crops off the 2022 sale highlight and high seller to South View, Red Ter-Ron Judo 56J, has absolutely exceeded expectations. His sons are born easy and then grow. They are dark red, hairy, attractive cattle that are easy to spot in the pen. They are nearly perfectly complimented by the 2022 acquisition as the high seller from Allison Farms, Smack 17J, who has put a set of sons in the bull pen that express his bulky muscle expression, power and presence. These bulls have gone hand in hand at putting fourth one of the most impressive pens of bulls at Ter-Ron and are an example of the sire groups available sale day.

Rob Voice
306.270.6082

The growing black division at Ter-Ron has a tonne of diversity in it this year. Their heavy emphasis on building around big time black females has proven itself here and the utilization of exciting herd bulls has made their black pen worth the drive to Forestburg to analyze. The bulls are lead off with an exciting set of sons off the reigning Canadian Western Agribition Grand Champion Angus Bull, Four Mile 47J, whose progeny possess his unmatched phenotype, presence, foot quality, sheer mass and muscle. These bulls are geared for today's industry and look great while doing so they are truly impressive.

Jaxon Payne
306.830.0456

As always, a select group of red females is on offer. These females are selected to represent the same sire groups you see in the bull portion and give you an idea of the strong maternal characteristics the bulls on offer possess. These females stem from the same productive cow families that put the bulls into this sale and are a great opportunity to step into some cornerstone type females from one of the most prestigious cow herds in North America.

Darryl Snider
780.385.5561

Terry & Sharon, Rob & Maureen and the girls are some of the real good, down to earth people in the business. They are a pleasure to be around to visit about cattle or literally anything else. We encourage you to join us for their sale to take in this outstanding set of Red and Black Angus cattle. The combination of the stock and hospitality is second to none and truly needs to be attended. Be sure to reach out to the Ter-Ron crew to visit with them about the cattle on offer and have them help you select some options that can best suit your program. We at BMS are very familiar with the program and the bulls and would be pleased to assist you in any way with our industry leading, free, order buying and consultation services if you are unable to attend on sale day. We hope to see you there and look forward to visiting about this exciting set of cattle.

Best Regards,
The Bohrson Marketing Team

Calving Ease Legend

Calving Ease is often related to birth weight of a bull. This is partly true but there are other factors that influence calving ease. The dam and her management are at least 50% of calving ease. Also, the consistency of the birth weights of the sire and dam should be considered. Nutrition, gestation and environment all influence birth weight. We have rated each bull in the sale based on the information we have.

- *** Should produce minimal problems when bred to moderate size first calf heifers
- ** Recommend for second calvers or smaller framed cows 1100 lbs to 1300 lbs
- * Recommend for mature cows 1400 lbs plus

Delivery Options

- A. If you wish you may take your cattle home sale day or within a week and receive a \$100 discount per purchase.
- B. Bulls and Females will be delivered free of charge up to 250 miles, further at cost. Delivery usually commences 2 –3 weeks after sale.
- C. Bulls may be kept at Ter-Ron free of charge until May 1, after that, \$4.00 per day will be charged and animals must be picked up by the purchaser.

****All bulls staying at the farm must be insured by the purchaser - see page 4 for insurance.

- Smack was purchased as the high selling bull out of the Allison Red Angus bull sale in 2022.
- this is his first calf crop and we couldn't be more thrilled with the quality he left us.
- the Smack sons are deep in quality and very consistent with very few throwaways
- the females are the kind we are striving to raise; easy doing, nice skulled, beautiful fronted, with lots of substance. A daughter of Smack we showed this past fall was Intermediate Heifer Calf Champion at both Farm Fair and Agribition.

- Judo was the high selling bull in our 2022 bull sale to South View Ranch, he did a very consistent job on both sexes
- this first group of sons in the sale are thick made, very hairy, have added muscle expression, are very easy keeping, and the calving ease is as consistent as any bull we have ever used
- with his Park Place dam and the old 815K cow (which is one of our all-time favourite cows) it makes us very excited to get these Judo daughters into production
- we feel Judo will have a long lasting positive effect on our herd and the breed
- owned with Southview Ranch

- We purchased Genesis with Canadian Sires out of the 2020 U2 Bull Sale where he was the second high selling bull that day for \$77000
- We bought Genesis to support our efforts to provide easy doing, easy calving, strong footed cattle with high performance
- Genesis sons have muscle shape, volume, and eye appeal and the daughters exhibit an abundance of volume and capacity while maintaining femininity
- The icing on the cake for us was Genesis' beautiful dam
- you will see many of the dams to this year's bull & heifer crop are out of Genesis daughters
- Genesis now resides in Mexico and we couldn't be more thrilled that he will be walking in Oscar Gonzales great herd. We are excited to see the impact Genesis makes on his operation.

- when we decided to increase our Black Angus numbers, we knew we had to step out and buy a big time herd sire. We spotted Four Mile and purchased him for \$60,000 out of the Greenwood Bull Sale and he has exceeded all of our expectations.
- Four Mile can be used on heifers or cows and in our minds that is a sign of a true breeding bull
- sons are born easy, are super stout with a ton of Angus character and are very consistent as a group
- the females exhibit an abundance of volume and capacity while maintaining superior femininity
- Four Mile's dam, the 28Z cow is one of the great cows of the breed with a list of high selling maternal brothers and sisters of Four Mile.
- this past fall, Four Mile was a very popular bull on the show road being named Supreme Champion at Lloydminster Stockade Round Up and Grand Champion Bull at Canadian Western Agribition, the most prestigious and competitive show in Canada
- some of the first and best Four Mile sons sell March 14!!
- owned with Greenwood cattle.

The bull feeding program is built to maximize forage utilization and gut health; they are developed on grass with their moms on a strict mineral program. All the forages are sampled and analyzed to ensure quality forages are used. Once the calves are weaned, they are slowly moved onto a balanced TMR.

The bulls are challenged with a forage-based TMR to help them develop and express their genetic potential. Matching suitable protein sources with proper starch is key to promoting lean muscle growth. Organic minerals are used to ensure proper immune function and overall health. If you have any questions about the nutrition program, please feel free to reach out. Buy with confidence knowing the bulls have been developed on a balanced nutrition program. Best of luck on sale day!

- Louisville started out at 77 pounds and has an adjusted 365 day weight of 1400 pounds, not bad for a two-year-old dam.
- very masculine made, so much middle and depth of body, all with a lot of mass and base
- dam is from the great Zaria 091Z cow that has a very special place in our hearts. She is still going strong at 12 years of age. Zaria also won Halley the truck she is driving to this day.
- this guy will have some friends on sale day

- Lexicon 32L is the first of the Smack sons
- very dense made bull with lots of muscle shape, dark hided and dark solid foot structure
- the 56Y cow is also the grand dam to lot 17L
- she is also the mother to a feature bull that sold a few sales ago to Raul Romo of Mexico. We would take a whole herd of cows like the 56Y cow
- if you want to improve udder and foot quality consider this guy

- Luckenbach is a real herd bull prospect that has been a stand out since birth.
- With his powerful phenotype and herd bull presence, he really draws attention when you walk through the pen.
- tons of muscle shape, presence, dark red hair coat and stands on a very good square foot
- 119L would be a maternal brother to the Troubadour bull who commanded 65K in last year's sale to Richmond Ranch. We are getting Troubadour calves now and they are born easy on cows and heifers and look very promising.
- we unfortunately lost the 4H cow this past fall so this will be her last progeny
- picture perfect udder with great milk production from this cow

- Lancaster is a bull that we feel is a major league herd prospect representing everything we look for in a herd bull.
- he is super attractive, easy fleshing and nice fronted with a tremendous angus skull.
- very impressive from all angles... He is the complete package, and the way he struts through the pen he knows it too!!
- starting out at a modest 79 pounds with an adjusted weaning weight of 802 and an impressive 1518 pound adjusted yearling weight this guy is a must see!!
- dam is a two-year-old Stamina daughter that is very deep bodied, ideal uddered, and has a big future ahead of her.

- Eldorado is the youngest bull in the sale but his quality is near the top.
- 185L is a legitimate herd bull candidate that summons your attention in the bull pen
- tons of presence to this bull as well as added length, sweeping rib cage, nice headed, very smooth shouldered and thickness throughout.
- dam is an Oklahoma daughter with a perfect udder, deep ribbed, feminine and very broody. The kind you would want your herd bull to be out of.

About our Heifers

Once again the heifers in the sale are a select group chosen from some of our top cow families. These heifers are sisters to the replacements we have kept ourselves. Just like the bulls... there isn't a heifer in the group that we wouldn't keep to move our own program forward.

We are constantly working on improving our herd, with emphasis on udders and foot quality, along with strong maternal traits. We have seen the mother of every bull we use.

The females have been palpated for reproductive soundness and we guarantee them to be breeders. Like the bulls, we would like to be the first to know if you have a problem. The heifers are also on a complete herd health vaccination program.

Buy with Confidence...

XO CROWFOOT CHALLENGER 354A
RED TER-RON DIAMOND MIST 164Y

- another very nice Diamond Mist heifer combined with Genesis. The way these Genesis daughters produced on their first year is very evident in the bullpen. They are very hard workers.
- impressive heifer that is flawless on paper, and one we feel will make a tremendous brood cow.

BW: 87 lbs	205 ADJ: 553 lbs	365 ADJ: 995 lbs

RED TER-RON GOLDIE 240L
RED TER-RON MAMBO 28K
RED TER-RON RACHEL 815K

- the only black/red carrier female in the sale this year and she is flat out good.
- nice headed, real hairy, super nice fronted, deep ribbed, stout made and with a real nice look.
- dam is the grand dam to our Troubadour bull that was our high selling bull in last year's sale to Richmond Ranch.

RED T-S PATRIOT 84K
RED COCKBURN CORA 137Y
RED U-2 RENOWN 193C
RED TER-RON ALICE 71P

- a little different twist to this girl's pedigree with the Jentry bull on the top side.
- we feel this heifer has all the tools to mature into an attractive, deep bodied, broody female that will leave some great progeny
- the Alice cow family has been one of our best.

Richmond Jentry SRD 4J - Sire

RED TER-RON DIAMOND MIST 26C

- another heifer from the Diamond Mist cow family. She is the youngest in the offering but very high in quality. Structurally sound and hairy, this female will have lots of friends on sale day.
- if you can get a Diamond Mist of this quality, expect that she will make a huge impact on your herd
- owned with Six Mile Ranch

Terms & Conditions

Bidding: Each animal will be sold to the highest bidder. Bidding disputes: The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

Terms: The terms of the sale are cash or cheque. The right of property shall not pass until after settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released from the sale facility. Each animal becomes the risk of the purchaser as soon as sold.

Guarantee: We guarantee you a sound breeding bull, if he fails to be a satisfactory breeder, we will replace him with a bull of equal value or credit towards the purchase of another bull. No refunds. Bulls are not guaranteed to freeze semen, if you have any problems with your purchase, contact us immediately.

Insurance: Will be available sale day. All bulls fed for the month of April are at the purchasers risk and must be insured.

Liability: All persons who attend the sale do so at their own risk. Neither owners, clerks, or anyone connected with the sale assumes any responsibility, legal or otherwise for damage of any kind.

Announcements: Changes of information contained in this catalog will be corrected by announcements from the block at sale time and shall take precedence over any printed matter.

Semen: Ter-Ron Farms reserves the right to collect semen on any bull sold through this sale for in herd use only. This semen will be collected at the buyers convenience and seller's expense.

Delivery: Delivery will commence soon after the sale. Please leave delivery instructions at time of settlement.

Certificate of Registry: A certificate of registry and transfer will be furnished for each animal after full payment has been made.

Cattle inspection: All cattle carry permanent ID tags corresponding to sale Lot numbers. All shall be available for inspection prior to sale.

Females: All females are guaranteed breeders. The standard CAA guarantee will apply
