# **ONLINE BIDDING AVAILABLE**

Mark Shologan: (780) 699-5082

> DLMS Can't make it to the sale? Bid Live Online

### **GATE GUARANTEE**

If you are not able to attend our sale but are interested in our bulls, we can facilitate your order. Call to discuss your cow herd, your program and your specifications. We will select a bull that meets your requirements/specifications. The bull delivered to your gate is "satisfaction guaranteed" or we take him home - no hassle. You may also rely upon the sale representatives to bid and act on your behalf in a confidential manner.

# **SEMEN TESTS & MEASUREMENTS**

All bulls in the sale have passed a semen test and breeding soundness evaluation by a licensed veterinarian and have been issued a Semen Evaluation Certificate. Scrotal measurement & weight information will be available sale day.

# **BOARD & DELIVERY PROGRAM**

We will keep your bulls and look after them for you up to a maximum of 30 days at no cost to you. You will be responsible for picking up the bull(s) any time prior to, but no later than May 1, 2024. Insurance protection is mandatory for this option. After May 1, a feed charge of \$2.00/day will apply.

Free delivery will be provided up to 200 miles on purchases totalling \$3500.00 or more. Purchases less than \$3500.00 will be delivered at cost. We will deduct \$50.00 from the purchase price if you trailer them directly from the sale.

### **VIDEOS**

Videos produced by Golden Thread, Sarah Buchanan Bull sale videos will be available for viewing on the DLMS.ca website.

### **INSURANCE**

Insurance will be available sale day.

Larry Toner: cell 306-834-7652. All bulls returning to Cockburn or Merit after sale MUST be insured to protect your investment. INSURANCE IS MANDATORY!

# **RIGHT TO COLLECT SEMEN**

Merit and Cockburn retain the right to collect and use of any bull in their offering for in-herd use, at our expense and buyer's convenience.

### FROM MOOSE JAW:

- Take Hwy #1 East towards Reginal
- Take the Weyburn Hwy #39 Exit
- Turn Right onto Hwy #339
   Cross the tracks and take the first right into Briercrest
- Take the first left and the ranch is on the left hand side.

# FROM REGINA:

- Take Hwy #1 West
- Turn left on Grid 642
- Cross Hwy #39 and continue straight onto Hwy #339 Cross the tracks and take the first right into Briercrest Take the first left and the ranch is on the left hand side.

### **GUIDELINES:**

Should any bull purchased through the Cockburn/Merit Bull Sale fail to be a satisfactory breeder or be unable to physically service a cow or a heifer, he will be replaced with a bull of equal value. Should this not be possible, we will issue a credit to go towards the purchase of another bull. Any credit issued will be less salvage value when possible. We do not however provide warranty for mismanagement.

While under warranty, the bull is covered for injury, sickness or death. We will service your needs with a replacement bull or a sale credit. Should you have any problems with a bull please contact Ward Cockburn or Trent Liebreich to make sure your cows get bred and you are a satisfied customer.

7% for 6 months on bulls valued at \$10,000 or less

### **EXCLUSION TO WARRANTY:**

Any injury or death due to malicious, willful or intentional acts or mistreatment are considered fraudulent claims. Should an issue arise with your bull please notify Cockburn or Merit immediately.

You also need to contact a licensed veterinarian to diagnose & treat the animal and forward us a report. If the animal dies, a confirmation of said animal by a vet will be required.

The benefit to this program is that you deal directly with us. There is no middle man or arbitrary judgement. Our sole goal is to assure your females get bred and you are completely satisfied with your purchase and our service.

### **LOYALTY INCENTIVE:**

We appreciate our repeat customers and want to thank them for their continued support with \$100 discount on each bull purchased in the 2024 sale.

# **VOLUME DISCOUNT:**

3% on 3 bulls add 1% for each additional bull up to 10% off your total purchase.

# **BUYER DRAW:**

Cockburn and Merit will each offer a \$500.00 sale credit voucher draw for any buyer that has previewed the bulls prior to sale day.

Welcome to our annual Cockburn/ Merit bull sale. We would like to thank our past buyers and bidders; your support is greatly appreciated. We are experiencing very exciting times in the cattle business with record prices last fall and even greater outlook ahead.

We are once again excited to host the sale at our ranch headquarters at Briercrest Sk. 2024 marks our 30th annual bull sale, it has truly been a privilege meeting many great friends over the years. The support and trust in our program as well as all the repeat customers means the world to us. This years sale also marks 10 years working with the crew at Merit and we couldn't ask for better people and cattle to work with. We invite you to come tour the bulls anytime prior to the sale. We would love to tour the bull pen with you as well as show you their dams and sisters. We know our cows and will do our best to help you select a bull to suit your needs. If you cannot make the sale, please feel free to call any of us or our staff to discuss your needs and help you make your purchase. Satisfaction is completely guaranteed, and your bids will be handled professionally and confidentially. The sale will also be broadcast live on DLMS.ca with internet bidding available. Our bulls are developed with longevity in mind. They are fed responsibly on a large 15 acre paddock for plenty of exercise and to emphasize on muscle development and soundness, not pushed jeopardizing their longevity and fertility. The bulls

will all be fertility tested and guaranteed breeders. We are excited about the consistency and quality in this year's pen. Calving ease bulls that still possess dimension and growth and power bulls with extra shape and performance. We make our living Solely from our cattle. Our herd is built around strong cow families emphasizing on fertility, sound feet and legs, thick easy doing cattle with good udders, and herd sires with muscle, performance and do ability as well as calving ease. Our purebred cows are run on native grass along side our commercial cows and under similar management as most of our commercial customers. If they need special treatment here, how will they work for you. We believe our cattle should work harder than we do, and we cull strictly to ensure they are productive and profitable in the "real" world. We look forward to seeing our past and new customers on March 25th and thank you for your confidence in our program.

All the Best in 2024, Ward Cockburn (306) 631-9490 Brittany Cockburn (306) 630-8152

Ward and Brittany Cody, Lexi, Wyatt and Harlynn

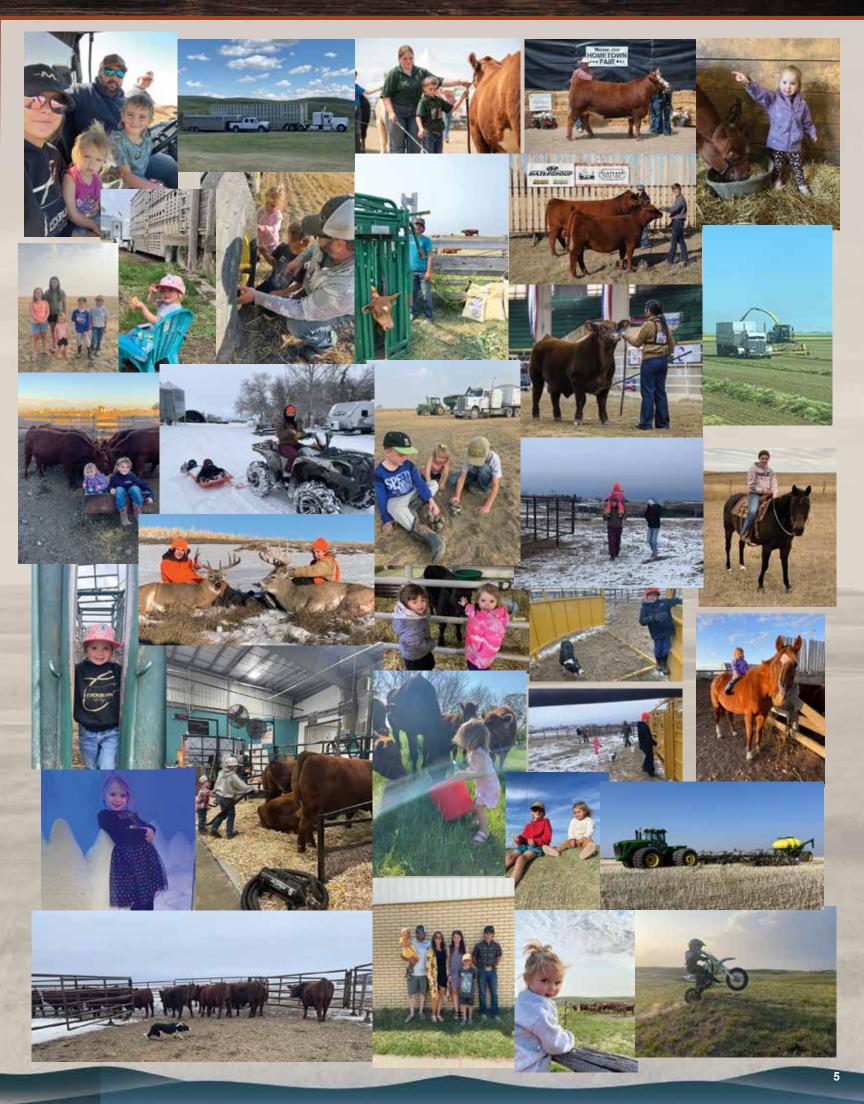

Just Ranching ...

We are proud of the fact that our purebred cows are managed under the same conditions as our commercial herd. We feel our responsibility as seedstock producers is to focus on raising cattle that thrive under harsh conditions and are the type buyers and feeders want. We strive to produce bulls with performance, hardiness, calving ease, added shape and sound structure. Raised by dams that are big volumed, fertile and great uddered. Fundamental traits such as feed conversion, longevity, calving interval and consistency are paramount in both our purebred and commercial herds. We invest heavily in some of the top bulls in the breed to continually improve these genetics. We use these same genetics in our 300 head commercial operation which allows us to access genetics that best suit the needs of the commercial operations that purchase our bulls.

# **Calving** Ease ... It's a priority

Vigorous calves born unassisted IS calving ease.

We have always prioritized unassisted born calves that are up in minutes looking to nurse their mothers.

When weather conditions are tough it's the calves born with more critical mass that get up and going the fastest.

Calving Ease Recommended for cows only Scores

Recommended for cows or larger framed heifers that were not big at birth.

**Recommended for Heifers** 

- Actual birth weight
- Consistency of birth weight sire's calves as a group
  - Consistency of birth weight of dam's calves

Keep in mind that 50% of your calf's genetic birth weight relates back to his mother's birth weight.

Environment including feed, weather and confinement also affect birth weights.

To help you select the best

have been rated with the

following system.

bull for your operation, all bulls

Remember that birth weight and GROWTH are directly related.

Continual selection for low birth weights will eventually decrese pelvic size and maternal calving ability.

# Cockburn Vaccination Protocol

Enforce 3 at Birth, Bovi Shield gold one shot and Ultrabac 7 Somubac at turnout and weaning Ivomec at weaning and again in December and Clean up II in January Cow herd is on Select Vac Gold Plus Program (Zoetis / Phizer)

Premium is as complete of bull as we've raised, sound structured, great foot, awesome
phenotype, big time performance, phenomenal dam and pedigree loaded with breed
leading cows.

• A true powerhouse, massive in his rib and muscle shape, huge topped, long spined and loaded with herd bull character.

 Premiums dam 63H is a phenomenal young cow, she's big middled, great footed, attractive and has an exceptional udder. She stems from our Hauk cow family. They are no nonsense cows that excel in fundamental traits such as, longevity, fertility, soundness and consistency in production.

• Premiums Pedigree is loaded with influential donors both top and bottom including Cora 443P, Hauk 28N, Hauk 280Z and Jan 78A.

His sire Momentum has been breeding as well as you could ask of a bull. Sons are true
beef bulls and were our high selling sire group last year. His first daughters are calving
and are excellent. Broody, attractive and great uddered. The only daughter we've sold
was a \$17,500 heifer calf to Blair's West at the Touch of Class sale last fall.

 A member of our Grand Champion pen of 3 Angus bulls at Canadian Western Agribition, Grand Champion pen of 3 bulls at the Medicine Hat pen show as well as the Grand Champion pen of 3 Red Angus bulls at the National Western stock show in Denver Co.

Retaining a 1/3 semen interest.

# WE WANT YOUR HEIFERS!

We appreciate your business and as such would like to assist in marketing your heifers. We have many contacts looking for top quality females

> Contact Us on how we can help you!

# PERFORMANCE MATTERS!!!!

Wyatts Grand Champion Steer at the Moose Jaw Inter Regional 4-H show

Red Balde

Sired by Exclusive out of a Red Angus SimX cow Born April 12 and weighed in at 1500 on June 23

Welcome to our 30th Annual Bull Sale and our 10th sale with our friends, the Cockburns. Time sure does fly as 2024 also marks our 40th year in the Angus seedstock business. Thank you so much to our customers. We will never take your business for granted, your success is our goal and we are here to serve you. That being said we're offering a \$100 discount per bull for your loyalty as well as volume discounts. Also included is our no hassle warranty program if you choose.

We are committed every day to raising the best Angus cattle we can for our customers and the industry. Our cowherd was built and continues to evolve by implementing the best we can identify to enhance the traits that have made the Angus cow the industry standard. We will not compromise udder and foot quality, temperament, fertility, hair or eye appeal for the sake of "breed leading" EPD's. These traits form the foundation for our success and ultimately that of our customers. Stockmanship does not require a computer! We spend a lot of time researching genetics and management to better our herd and ultimately the cattle we offer to our customers. Our herd is managed in a very similar fashion to those of our customers, with the objective of identifying genetics that will enhance your herd and ultimately your long- term profitability.

For almost as far as I can recall, we've been saying that the good times are just around the corner. Inventories are at record lows and prices are at record highs. Unfortunately, so are input costs. In order to capitalize on this market turn, we will need to focus on maternal efficiency and solid problem free performance. That has been our objective for over 40 years.

As you study our offering you will notice that we have utilized the best genetics we have identified within our herd on both the top and

bottom side of many of the bull's pedigrees. There are many sons of our donors as well as sons of past feature bulls from our donors. There are also some new outcross sires represented with sons from many of our top cows. We feel that the bulls on offer are as consistently sound and predictable as you will find anywhere.

We would love to have you come and preview the offering either here at Merit or at the Cockburn ranch prior to the sale. If you can't see them in person, our reputable sales team is familiar with the offering and our cow herd, but ultimately no one knows them like we do. We encourage you to seek their appraisal, but please ask us if you have any questions about the offering or our services. Our word is our bond and our integrity is our most valuable asset.

We look forward to the opportunity to show you our offering and discuss what our program can do for you.

# Calving Ease ... It's a priority

Vigorous calves born unassisted IS calving ease.

Merit has always prioritized unassisted born calves that are up in minutes looking to nurse their mothers.

When weather conditions are tough it's the calves born with more critical mass that get up and going the fastest.

# Calving Ease

To help you select the best bull for your operation, all bulls have been rated with the following system.

Recommended for cows only

Recommended for cows or larger framed heifer that were not big at birth.

**Recommended for Heifers** 

The criteria used to evaluate the bulls:

- Actual birth weight
- Consistency of birth weight sire's calves as a group

DOB: February 2, 2023

Consistency of birth weight of dam's calves

- Keep in mind that 50% of your calf's genetic birth weight relates back to his mother's birth weight.
- Environment including feed, weather and confinement also affect birth weights.
- Remember that birth weight and GROWTH are directly related.
- Continual selection for low birth weights will eventually decrese pelvic size and maternal calving ability.

Merit Vaccination Protocol
Calves are vaccinated at a week of age with Nasalgen. They receive Vista Once and Vision 7 Somnus at turnout and again weaning, with Valbazen. They were poured with Clean-Up II in December and February and Ivermectin in January. They have received 2 doses of Fusoguard.

# Alerit Flora 1497

Just like her full brother (Intent 37H) Flora 14H has solidified her slot as a dynamic breeding piece in our program. Phenotypically this cow is as close to ideal in her skeletal design as any female raised at the ranch. This mating of GDAR Insight 7201 and Flora 6078 stacks some of the most consistent quality breeding cattle in the angus breed. Udder quality is second to none, refined well placed teats, correct suspension, beautiful foreudder and ideal volume. The past 2 years she has been the anchor of our show string rolling up and down the road and each of the last two years she has capped off the seasons with Top 10 honours at the CN Beef Supreme at Agribition. Embryos in our sale in December commanded 3500 an egg and her natural born heifer calf by Coalition was selected by Kelsey and Malissa Campell of 66 Ranch as the pick of the heifer calves offered in Fallsview sale 2022.

- Long, smooth and sound rascal that we like more and more everyday
- Dam Jilt 7060 is no stranger to those who follow our program producing 3 daughters who have highlighted our female sales going to CSI, Stepplers and 66 Ranch.

 Most recently she has been designated Elite by CAA weaning calves off at an average ratio of 110

Calving Ease Score: 🌟

Merit Jilt 7060E Dam of Lot 109

# Alerit Investment 1054

Producing young donors and influential sires in the breed was not the goal when we began expanding our flush program. Our focus remains on making real world cattle that can thrive in our environment when mating all of our females. Once again backed by our foundation Flora 6078 and blending that with one of the most proven sires in recent history. Investment was the high selling bull in 2022 acquired by two of the most respected breeding programs in the country Duralta and Bar-E-L. Flora 1032 is a beautiful profiling, big volumed female that's feminine and has an ideal foot. We took a swing flushing her as a virgin heifer because we trusted her lineage and boy has it paid off.

First of 2 Coalition sons in the offering is backed by our proven Socialite cow

Full sister Socialite 3045 was our high selling calf to the Tomblin Family in December

Low birth, stretchy and square heifer bull candidate

Calving Ease Score: 🎓 🛊

# Alerit Flora 1004.

Past high selling female in our Females of Merit in 2022 to our good friends at G2 Cattle at Macoun. Flora 1004 is a flushmate sister to our herdsires and past sale features Incredible 1020 at Murray Ranches & 66 Ranch, and Oracle 2009 at Posta El Cuatro and Rancho El 3. Phenotypically she's elegant in her design, bold ribbed, big hipped and tremendously long sided with an impeccable Flora udder. Currently she's becoming a building block for the growing G2 program and her first son on offer is an exceptional individual.

# Alerit Incredible 1020,0

1020 was a highlight of our 2021 show string capturing a champion division at Agribition along with Reserve Champion of all breeds in The President's Classic by Semex. He went on to be the leadoff bull in our 2022 sale selected by the good folks at Murray Ranches and 66 Ranch. We have been utilising him heavily in our Al and ET program and he consistently passes on his class, length, great dispositions and shapely muscle pattern. This set of sons is as dependable as you'll find along with his daughters highlighting our replacement pen.

# REAL WORLD

No frills, functional females with the utmost attention paid to structure, do-ability, udders, disposition, fertility and the ability to raise a quality calf.

They graze all summer and in late fall they are then fed quality hay with protein/mineral tubs on a half section until late January. They are not supplemented with grain, swath grazing annual cereals or "roughing it" grazing corn. We manage them this way so we know that our genetics will work under our customers' management.

Our goal is to produce the best Merit Mommas possible for our environment and market. The Angus cow is still the best mother cow in the world.

Best known as "Fancy", Flora 6078 has been the most influential female in our herd over the past half dozen years. She began her journey being the most successful heifer the boys had shown in their junior career and went on to top that when we campaigned her in the fall of 2018 as a pair going on to win the Farm Fair International Black Angus show, and winning the First Lady Classic Futurity capping both events off with Top 5 and Top 10 finishes in the Supremes. More importantly her sons have consistently risen to the top of every pen. They consistently exhibit ideal phenotype, large scrotals, and high libido. She is responsible for sending herdsires all across the country as well as being utilised in our program. Daughters have topped our Females of Merit along with several others entering our Donor arsenal. Flora 6078 is unrivalled for consistently passing on her exceptional disposition and udder quality.

# **EPD ABBREVIATIONS**

Epd's are a tool in the tool box that is available to assist you in making your genetic selection if you choose to use them. EPD's incorporate the individual along with the performance/data of all its relatives.

CE: Calving ease. A higher number predicts more calving ease.

BW: Birth. A lower EPD predicts a lower birth weight.

WW: Weaning. Higher weaning EPDs predict heavier weaning weights.

YW: Yearling. Higher yearling EPDs indicate a greater expected yearling weight.

Higher yearling weights generally suggest heavier mature weights.

M: Milk. Milk EPD should be used to predict the milking ability of the daughters of the bull in question. Higher Milk EPDs project more milk.

Angus GS produces genomically enhanced EPDs with higher accuracies for non-parent animals. We use it primarily on our ET progeny.

Sure footed, square built and hairy

The McLaren Socialite combo clicked on the bottom side leaving us with several beautiful daughters

Grandam Socialite 48X spearheaded the revival of our ET program in

2017 slotting a pair of sons by Range Boss that highlighted our 2019 bull sale that were selected by Pedersen Livestock and Macnab Angus along with Blairswest and Blairs.Ag

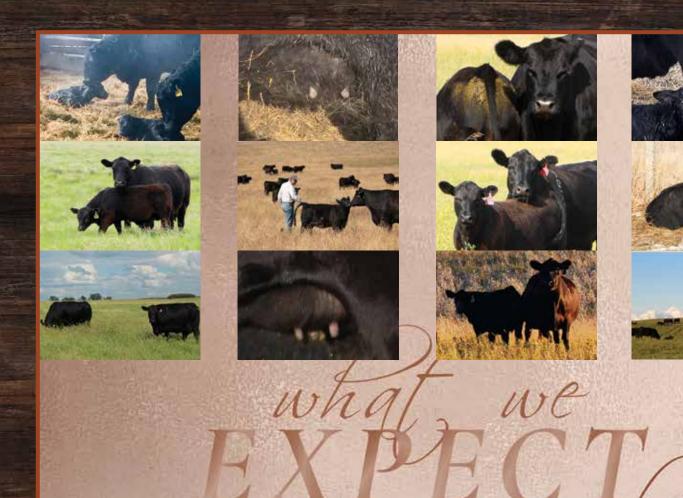

DOB: February 5, 2023

Merit Socialite 48X Maternal Granddam of Lot 136

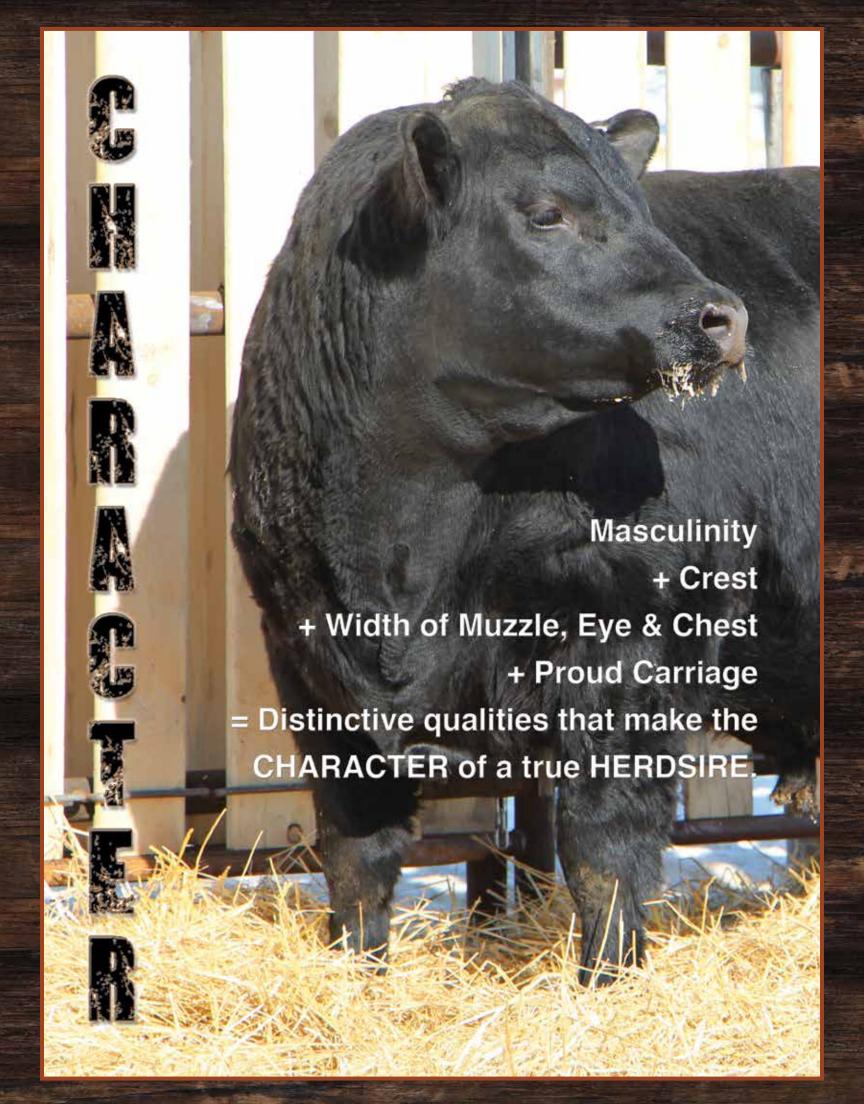

- Sound structure, starting from the ground up
- Fertility
- Be maternally minded but have good dispositions
- Have a good udder that will remain sound for a long, productive life.
- Wean a quality calf; one that makes the replacement female pen or a bull with calving ease, performance and soundness that our commercial customers demand. THAT IS WHAT WE ARE ALL ABOUT
- We only use EPD's and performance records as tools. Stockmanship does NOT require a computer!
- They've got to look good, life's too short to look at ugly cattle.

-11-

We are always striving to make them better and more efficient. We love nothing more to see our customers success both commercially and as seedstock. Constantly studying and analyzing our cattle bring us joy and satisfaction.

- Easy fleshing with the capacity and ability to rustle for forage.
- Be productive with the resources we have. High input females are self eliminating.
- Be practical & functional without fantastical claims.

Notes

Terms & Conditions

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

Bidding: Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Certificate of registry: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

Breeders Guarantee, bulls: Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price. The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

Exception guarantee: In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void

Settlement: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Mail or telephone bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

Rights and obligations: The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both

Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.
