SEMEN TESTS

All bulls will be semen tested, measured and evaluated by a licensed veterinarian. Scrotal measurements will be available sale day.

ULTRASOUND DATA

Ultrasound data is available within the catalogue.

ABSENTEE BUYING BY ORDER OR ONLINE

If you are unable to attend the sale, we can help you find a bull to fit your program. Call one us or the staff, or buy online through DLMS.

DELIVERY

\$50 per bull for the first 300 km, or bring your trailer sale day and receive \$100 credit on your total bull purchase.

BOARD

We can look after your bulls free of charge until turn out time. Bulls staying at Wilgenbusch Charolais must be insured by the buyer. Insurance will be available sale day.

TERMS

Wilgenbusch Charolais will offer terms, call for details.

ACCOMMODATIONS

Travelodge 306-842-1411 • Canalta Hotel 306-842-8000
Ramada Hotel 306-842-4994 • Microtel Inn 306-842-5700

SIGHT UNSEEN PURCHASES

If you are interested in any of the bulls but are unable to attend our sale, we would be happy to assist you in finding a bull that suits your needs, satisfaction guaranteed. Give Craig a call a few days prior to the sale to allow us to discuss what you are looking for and suggest bulls that fit your criteria. We want to assist you in any way that we can to make this a convenient option to purchase a bull.

Welcome

21 years, 21 Mondays in April we have fired off a Bull Sale! It is definitely the most exciting part of the year for our program. The breeding fields and AI decisions from two years ago are brought forth every first Monday in April. Tough to imagine the decisions we make two years ago that truly define where our breeding program is headed. The basis of our program have not waivered and we will strive to put forth the best product we can. Our relentless pursuit of better genetics and stronger foot structure will never cease. We stand behind what we do, day in and day out, this program is built on a superior product and customer service.

To our customers, past and present, we say Thank You. This program does not exist without your support. You have supported us consistently and have been our strongest advocates of our program.

If the fall of 2023 did not get a cattle producer excited about the industry, I don't know what else will do it. This market is record setting in so many ways; the demand for beef has crushed many hurdles the past couple years. The market for calves this fall looks much the same with the opportunity to lock calves in price insurance up to \$4/lb on 600lb steers.

Charolais bulls are the ticket to raising those front end crossbred steers year after year. The demand for the tan or silver steer is not going anywhere, bull power has never been more valuable. The Charolais bull has expanded its horizon, we calve as well as any breed and will add pay weight to your calf crop. Our bulls are built to do just that, they have calving ease, performance, thickness, and sound feet. We stand behind our bulls and program. The bulls are fed a TMR from the time of weaning. They are not in a feeding competition, they are on a growth curve to achieve maturity and maintain soundness.

We look forward to seeing our valued customers and hopefully some new faces in the sale barn on April 1.

It is again a pleasure to be working with the hard-working folks at Wilgenbusch Charolais. The Wilgenbusch family continues to raise reputable Charolais cattle and is one of the top Charolais seedstock producers in the country; the quality and consistency in the 2024 offering is proof of that.

The Wilgenbusch crew harvests great quality forage annually, allowing the bulls to be slowly developed on a balanced, high forage based diet to maximize genetic potential and to promote lean muscle growth. The sale bulls are developed on the total mixed ration that is built to strengthen the longevity of the sale bulls on offer. The diet utilizes a chelated mineral package to enhance the bull's immunity and complement growth patterns. The cowherd also utilizes a chelated mineral package throughout the year which is essential to the overall health and longevity of the sale bulls on offer. It is important that rumen health stays a priority throughout every stage of the bull's development. The bulls diet along with the cowherd is continuously monitored year-round to ensure the animals' overall health flourishes in the environmental and seasonal conditions.

If you have any questions about the nutrition or sale bulls, please feel free to contact me.

Best of luck to the Wilgenbusch crew on sale day!

BULLSEYE
Brayden Schmidt
Beef Advisor
(403) 439-0043

We feed for athleticism & longevity

The entire pen of bulls has been developed on a high roughage, total mixed ration from fall weaning to spring delivery. The ration has been formulated to maximize nutrition. We like the bulls to gain 3-3.5 lbs/day, carrying moderate flesh, not excessive body condition. We feel it is difficult to properly appraise these bulls when they carry excessive condition.

Longevity and athleticism is of highest importance - structurally sound feet and legs are a must and we will not put any trait ahead of it. We are confident in the dam's structure and the herd bull they are sired by or these bulls aren't in the sale.

We understand that we are a performance driven breed and we strive to utilize genetics that add pounds to your calf crop without sacrificing calving ease. It is important the genetics we select also leave you with desirable replacement females.

Legend has the assets and tools to be a true breeding herd bull. This fella has had the look since day one. Combination of power and refinement in this bull is remarkable. The muscle, balance, width of base, and tight sheath in Legend is impressive. His Epic dam is one of the real gems of the herd and has a nice track record. We feel confident in using Legend in our program, when you get another front end cow in a pedigree it adds value. The Jaguar sire group is impressive and Legend is a shining example of his breeding capability with his first calf crop.

Epic keeps getting it done year after year. This bull to me brings so much to a breeding program. He has the presence, balance, length of body, and ideal front end. Herd bull skull structure, moves out so well, sound footed, and tight sheath. The body mass in this March bull calf is impressive, with a huge scrotal. You want a bull to breed cows and raise some front end bulls or steer calves look no further. His EPD profile is as balanced as any bull in the program. His dam has been a solid female around here with a sound udder type. This is one of the most functional bulls in the program and has stood out from day one this calf has the look.

Legit is a good description of this hunk of a bull. One of the most intriguing Epic sons to date, I know I said that before. Year after year Epic spits out a son that you could easily keep at this ranch and use him. Swagger describes this bull so much and he had it all last summer. Easy keeping, massive ribbed, tight sheath, and so much fullness at every angle. He has the trademark Epic head and front end, one of the real breeding assets in the program this year.

Smooth built, strong headed, Joint Venture son, this bull is smooth as silk from front to back. Really like the balance in this young herd bull, sometimes management does some line breeding. Definitely not planned but can turn out extremely well, take a look here the birth to weaning spread is superior.

Jurix is a new red pedigree for us and is a total outcross. This bull is dark cherry red, with a broad skull structure, thick top and ease of motion. He is long sided, deep ribbed, attractive made, and stems from one of our staple red females. His dam raised the Governor bull that has bred so well around here and his females have excelled for good reason. If your looking to improve udder structure and milk volume in red females this is good candidate to do just that.

Well built dark red bull that has a huge topline to him and square structure. He is smooth fronted, attractive made, soft jointed, and three generations of red pedigree.

Bull Notes

TERMS AND CONDITIONS

TERMS: The terms of the sale are cash or cheque payable immediately after the sale in Canadian funds. The settlements must be made with the sale clerks before cattle will be released. The right of property will not pass until final payment is made.

BIDDING: Each animal will sell to the highest bidder. Bidders unable to attend the sale may phone their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DISPUTES: Bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision is final.

ANNOUNCEMENTS: Announcements made from the auction block will take precedence over printed matter in the catalogue. assume no liability, legal or otherwise for any accidents that occur.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time. All animals left with the seller must be insured.

LIABILITIES: All persons attending the sale do so at their own risk. The seller's assume no liability, legal or otherwise for any accidents that occur.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the appropriate breed association. A certificate of registry duly transferred will be furnished to the buyer after payment has been made.

BREEDER GUARANTEE: Should any bull fourteen months of age or over fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following the date of purchase or six months after the bull has reached fourteen months of age. The seller has the right and privilege of six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE: In the case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void.

INSURANCE: Wilgenbusch Charolais offers insurance and it will be available sale day.
