We are excited to welcome you to McTavish Farms 14th Annual Bull Sale on March 28, 2025, at 1:30 p.m. Join us at our farm in Moosomin, SK, for a great event featuring a top-notch selection of bulls, carefully bred with quality in mind.

At McTavish Farms, we take pride in producing bulls that meet the highest standards for health, performance, and genetics. Bulls here at McTavish Farms are in great shape while not being stuffed and have not been creep fed. This catalogue highlights our commitment to helping you build a more productive and profitable herd.

Take your time looking through the catalogue, checking out pedigrees, and getting familiar with the genetics we have to offer. Whether you are a seasoned rancher or just getting started, my team and I are here to help every step of the way.

Be sure to join us for a smoked brisket lunch before the sale! If you have any questions, do not hesitate to reach out. Sale videos will be available at www.mctavishfarms.ca, and you are always welcome to stop by the farm before sale day to see the bulls and their mothers.

Thanks for considering McTavish Farms for your breeding program. I look forward to seeing you on March 28th and helping you find the right bulls for your herd!

Cheers, *Jared*

I am honored to be back to the McTavish Farms Bull Sale. Some very impressive Char bulls will be in this years offering. There are polled and horned bulls, some easy calving heifer bulls and some power cow bulls, with a nice selection in between the two.

Many different sire groups are utilized, with a large group sired by the popular "Connection" patriarch. Jared had many customers comment on how they loved the Connection calves last year so this year there are more. Another popular group is sired by the "Panhandle" bull that was purchased from High Bluff. His calves have some real punch. You will find a few other sires as well but one constant is the quality of the cow herd. I love the phrases that you see throughout the catalogue that support this. Phrases like: Proven cow lineage, excellent maternal traits, longevity, solid maternal characteristics. Anytime I see and hear this kind of language used I know im dealing with a true cattleman. These cows produce.

The two year olds, The McTavish family keep these bulls specifically for this years sale. The two year olds are kept back so that the producer who requires a more mature bull to cover more cows as they have the age, size and maturity to get the cows bred out on bigger pastures.

I really like how there is a calving ease score on every bull. This calving ease is just another way of helping you select the correct bull for your needs. You will notice that it is a three star system and is beside each bull.

If you are unable to attend the sale please contact Jared or anyone of our Bohrson team. We will help you with your next acquisition with an honest and accurate appraisal of the cattle. It's a free service to you and to the McTavish family. Hope to see you at the McTavish Farm!

Best Regards,
 The Bohrson Marketing Team
