 **SCHWAN**
ANGUS RANCH

Bull Sale
SUNDAY MAR. 23RD
IPM ON FARM WALDECK, SK

Ty, Sidney & Ellie

WELCOME FROM *Schwan Angus*

I would like to invite you to our 5th Annual Bull Sale held at our ranch at Waldeck, SK. Thanks to all our past, present and future customers for your support and confidence in our program. What a great time to be part of the cattle business. I truly love the cattle industry and the ability to raise my family in this lifestyle. Our daughter Ellie is definitely a farm girl that loves the outdoors, doing chores, riding in the tractor, checking cows but she is most excited about becoming a big sister this spring.

At Schwan Angus Ranch we have focused hard on building a strong cow herd; it has never been about numbers but rather quality. Our females need to be fertile – breeding back within two cycles, with great feet, udders, and disposition. The bull pen is no different. The bulls need to have growth, nuts, great feet, deep ribbed and muscle. To the customer more than ever you can expect high-quality, functional cattle. You will notice our matron donor Brooking Annie 307, a beautiful SAV Density female has a big influence in the offering.

We are thrilled about the bulls we have on offer. Once again, we have tried to bring you our very best bulls. You will notice we use a lot of our own raised bulls which I feel is a testament to our program plus some time-tested legendary sires like SAV America, SAV Harvester and Musgrave Sky High. Our two walking herd sires Schwan Journeyman 911 and Brooking Prime Commodity 7019 have served us very well leaving awesome females and bulls that have been very admired by past customers. For 2025 bull sale we have two new walking bulls sire Brooking Frontline 2002 and Schwan Territory 2042 who both are already creating a buzz. This set of bulls is deep, resulting from our embryo program, strategic AI mating and the strong walking bulls. There is both a mix of performance and heifer bulls. You will not be disappointed.

I love talking to people that share the same passion for the cattle industry as I do. Please feel free to stop by anytime to have a look at the bulls. If you are unable to attend, give me a call or any of the sales staff as they will be happy to help you. Thanks for your interest and I hope you are able to join us sale day either person or on DLMS.

Ty Schwan

WELCOME FROM *Bohrson Marketing*

Welcome to the 2025 edition of the Schwan Angus Ranch Bull Sale. This is the Schwan family's 5th annual bull sale and it has been evident that with each passing year, the size of the crowd grows as many repeat customers who have been using their bulls for sometime keep returning for more. This is a true testament to the quality of the bulls and the people that stand behind them. We are excited to invite you to their ranch, near Waldeck for this exciting set of Angus Bulls.

The Schwan family have always invested in the very best genetics they can whether it be a cornerstone donor female or powerful walking herdsire. You will notice the influence in this set of bulls by many sires born and raised right here at Schwan's. This speaks volumes to the cowherd here and you can be rest assured each bull will be backed by a super attractive, big bodied, awesome uttered female with strong feet. The 2025 sale bulls are bred and fed with longevity in mind. These bulls are expected to get out and work for you and are bred to be easy calving, high performing beef bulls with athleticism.

Be sure to give Ty or anyone at Schwan Angus Ranch a call to discuss the sale bulls and set up a tour at the farm of the sale cattle and their mothers. Ty would be happy to help in assisting you with your next purchases. If for whatever reason your busy schedules keep you away from sale day, please feel free to reach out to any of us listed from BMS as we would be pleased to represent your sight unseen bidding and order buying, satisfaction guaranteed. We hope to see you near Waldeck, SK.

Sunday March 23, 2025

11:30am CST - Lunch

1PM CST - LIVE Schwan Angus Sale

SALE LOCATION

See map on the back of catalogue

BREEDER GUARANTEE

Schwan Angus Ranch guarantees our bulls to be sound, fertile and reproductive in accordance with the rules and regulations of the Canadian Angus Assoc. for the first breeding season. Claims must be made by September 1st of year of purchase. If a problem occurs, please contact Ty immediately and we will provide a suitable replacement, if available, or a sale credit. This guarantee does not cover death, injury or mismanagement.

IN-HERD SEMEN

Schwan Angus Ranch retains the right to collect semen for in-herd use on any bull in the sale at their expense and buyers convenience.

DELIVERY

Free delivery to central points near your ranch in Alberta, Saskatchewan and Manitoba. All other points will be cost shared. A discount of \$100 will be provided for purchases hauled home on sale day.

Schwan Territory 4026 is a sale headliner with volume, capacity, muscle and style. He is massive from the ground up with a true herd bull presence. He has an impressive weight gain starting at 86lbs to 890lbs at weaning. His powerful, deep ribbed dam produces year over year – she definitely exceeded herself tremendously with 4026. This heavy milking female records an impressive weaning ratio of 107 on 7 calves. His sire SAV Territory 7225 is the \$230,000 breeding piece that presents a large scrotal and high fertility with superb feet and a friendly disposition. He is known for his ability to add performance and muscle plus is backed by his incredible Density dam SAV Emblynette 3293. You will definitely find this bull sale day. He is the real deal!

Schwan Anthem 4025 represents the authentic Angus breed character, balance and performance in a herd bull package. He is a maternal brother to our Lot 1 bull last year that sold to J/L Livestock and shares a lot of the same impressive characteristics. His dam JL Lady 5196 was moved into the donor pen in 2023 and are we ever glad we did. She carries herself proud with a beautiful udder, great foot, easy fleshing-ability, angular in her design and just like the Lady cow family works with anything you cross her with. 4025 sire SAV Anthem is back by the famous powerhouse dam SAV Madame Pride 3145, one of the best cows in the SAV herd. If you want a herd sire that will produce bulls and incredible females – it's right here!

DAM F-R 662 LAD 4079
WILLABAR ANNIE 137S
 WILLABAR ANNIE 191K

From the first time we laid eyes on Brooking Annie 307 we knew she was a female we could build our herd around; massive in her dimension, extra length of body, angular front end, perfect udder, excellent footed and attractive appearance. She was Lot 1 in the first Brooking Angus female sale selling for \$30,000 and what an awesome donor she has been with 41 progenies to date working in some of the most progressive programs in the country with a notable weaning ration of 108. Annie is paternally driven being a direct daughter of the ever-popular female maker SAV Density 4336.

Her sons and daughters excel in fertility, longevity, majestic quality that excelled in both the purebred and commercial operations. We have retained 9 females in our herd and one walking herd sire, owned with Gehl Ranch, Schwan Territory 2042 who sired lots 20-22 in the catalog. Lots 3-6 are her direct offspring and Lot 25 feature bull is her grandson in the sale. Annie can not only produce the good ones that work for the cattle producers she was also very successful in the show ring. Most notably, in 2013 she was named Grand Champion Senior Angus female at Canadian Wester Agribition plus went on to win several other overall Grand Champion female titles as both a bred heifer and cow calf pair. Annie is a true cornerstone female!

Schwan Journeyman 911G is a front pasture breeding piece that you could admire over and over again. He is the product of a flush we purchased at the legendary Motive Event on Brooking Rose 201. Journeyman has far past our expectations in term of overall mass, easy fleshing, sound structure with a rare attractive look. A herd sire of this caliber you don't come by very often that combines -2.0 calving ease on 53 registered progeny, while maintaining growth with an abundance of muscle. His first progeny are exciting with added performance and muscle in the bulls and an attractive look with a beautiful udder in his females.

His Dam was a favorite at Brooking Angus Ranch that exemplifies all the physical qualities they strive to produce. It was an easy choice to cross her with, the now deceased, S A V Renovation 6822 to create this flawless pedigree.

Lots 8-16 are all direct sons and Lot 7 is a grandson. As you will see he stamps them with muscle, structure and an attractive look.

BROOKING PRIME COMMODITY 7019
SCHWAN MISS LADY 2036
SCHWAN LADY 068A

All three of these Territory 2042 calves are results of our first calf heifers - we couldn't be more proud of the job they have done. Their grandsire Brooking Prime Commodity 7019 was our previous calving ease sire that we had major success with. **Recommended for heifers.**

SCHWAN MISS CHLOE 1019J
SCHWAN MISS CHLOE 818F

Schwan Sky High 4023 is an attractive bull with a smooth front end, wide base, depth of for rib and easy fleshing ability. We really like the Sky High calves as they stand out performance bulls that top the scales. His beautiful Super Charger dam has a big middled, perfect udder and stands on a solid foot. 4023 is the kind of bull that will work in anyone's program and cover a lot of cows. Paternal brother sold to Duckworth Ranch.

SCHWAN MISS EULA 805F
NORSEMAN EULA 31'09

Schwan Anthem 4024 has always had the herd bull look. He is big crested, masculine, long spined, stout hipped and full of red meat. His powerhouse dam is an ideal kind of female with a beautiful front end, big rib, mass, dimension and a weaning ratio of 107. Last year her heifer calf was selected out of the All Star Agribition sale and now resides in New Brunswick with Bryon Lamb. A maternal brother was also sold to Schmitz Ranch

DAM BROOKING BANK NOTE 4040
BROOKING BEAUTY 7051
 TLA BEAUTY 6R

Brooking Frontline was our absolute favorite from the 2023 Brooking Angus bull sale. He is an outstanding bull who boasts great feet, a masculine front end, a muscular hip, and a moderate frame. His sire SAV Bloodline 9578 was the top-selling \$250,000 bull that adds extra growth, muscle and pounds to his calves; the sons are the heavy pay weight kind and the daughters are angular and maternal appearing. The best thing about Bloodline is his truly incredible pathfinder dam, SAV Emblynette 2369 - she is almost unmatched in terms of phenotype, performance and production.

Frontline's dam Beauty 7051 is considered the ideal angus cow. She is big-bodied, has an awesome udder, excellent feet, a beautiful angus head, and is highly productive. She holds elite status within the Canadian Angus Association, boasting a weaning ratio of 106. The iconic TLA Beauty 6R is the grandam of Frontline. We believe in having strong cow families and this guy is stacked with them!

The first Frontline calf to sell was Brooking Madame Pride 4004 for \$70,000 to Stormy River Ranch. She very much resembles the calf crop as they are loaded with shape, stand on extra bone, are wedge made, yet still good looking and attractive. We really like the calves we have out of him.

SCHWAN MISS ANNIE 0063H
 BROOKING ANNIE 307

Schwan Frontline 4061 has been a personal favorite on so many levels. He resembles his sire a great deal with his attractive front end, big middle, muscle, presences and stands on a solid foot. His awestrking dam is exactly what you can expect when crossing Renovation with Annie 307 - excellent udder, mass and dimension, a power cow that is always a favorite of visitors at the ranch. 4061 is exactly the type of bull we strive to produce and is exactly what we envisioned his sire would bring to our herd. He is a fault free individual!
