Bull Wintering Program

If you purchase a bull calf in the Source for Success XXV sale, you can take immediate possession or let us winter him for a fee discussed with the consignor. Insurance must be placed on the calf and payment of both wintering and insurance must be made at the time of settlement (immediately after the sale). Your purchase can be picked up next April 2026.

Delivery

ElmLodge and consignors will arrange delivery at cost to the buyer. All cattle will be available for loading as soon as they are settled for. Purchases will be looked after at no charge until delivery can be arranged.

Trucking

H.S. Knill Company Ltd. 877-442-3106

Welcome to the 25th Anniversary Source for Success Sale.

It's hard to believe that 25 years have passed since the first Source for Success Sale. What began as a vision for offering cattle that could genuinely make a difference in our customers' herds has grown into a sale with a name that we are incredibly proud to stand behind. Over those 25 years, the cattle have truly lived up to the name.

The influence of Source for Success genetics can be seen throughout the Hereford industry. Our cattle and their progeny have gone on to become Royal champions, Bonanza champions and influential herd bulls, while more importantly, they have gone home with customers and continued to work. A quarter century of this sale would not have been possible without the consignors who have supported it from the beginning. We are proud to recognize our core consignors, Sandy Ridge, Shady Birch, WLL, JDL/Lasby and the many breeders who have been part of the Source for Success story along the way. This year also brings an exciting new chapter as we had the opportunity to welcome a few progressive young breeders to the consignor lineup. Their enthusiasm, ideas and commitment to the Hereford breed are exactly what we need to keep moving forward.

The past year has given us plenty to celebrate, starting with the birth of the 8th generation at Elm Lodge. Wade Reginald Elmhirst born June 5 to Keira and Owen.

At the 2025 Royal, we put together our biggest string yet and came home with outstanding results, including nine division winners or reserves and our 18th Premier Breeder award in the past 25 years

Then came Bonanza 2026, where ElmLodge genetics were showcased in a big way. It was especially rewarding to see so many young exhibitors find success with cattle carrying ElmLodge breeding. The Charsha heifer, out of Source for Success XXIV, went on to be named Senior Yearling Champion to further prove how deep the quality runs through the sale catalogue. Previous S4S purchases can also be found headlining other sales via their progeny or even in the flesh..

And this year's offering is stacked.

Legit progeny are taking the industry by storm, bringing the pigment, deep dark colour, quality and presence that are so sought after and desired. Honcho progeny were the talk of the 2025 sale and are a stronger group this year.

We invite you all to study the cattle, study the pedigrees, study the pictures and, most importantly, try to come see them for yourself or contact us to assist you with your plans to participate in S4S on September 19.

Twenty-five years of proven genetics.

Twenty-five years of success.

Twenty-five years of Source for Success.

We are proud of the past, excited about the present, and confident that the best is yet to come.

My biggest fear writing this foot note was finding enough space in the catalogue for the incredible story behind this one. She's just flat good and lot 1 for a reason. When I found this one it was pretty clear she'd be a significant player in 2026 and beyond as her colour and markings instantly command your attention while her impeccable design further captivates you. Impossible to miss in any pen, pasture or show ring her dam has firmly cemented herself as my favourite Herf. Hannah's Herefords selected a maternal sister to lot 1 out of my fav and she quickly gained notoriety in Toronto as the Grand Champion Futurity Female and then followed up as Intermediate Heifer Calf Champion to become a contender in the big dance off. She then fired up again quickly this year as the Champion Hereford at Spring Forward. Plus she's a big reason Legit progeny are getting high praise. This one has all the bells and whistles and is the kind dreams are made of. We will definitely retain the right to flush and are open to working with her new owner through her show career and beyond.

Picture Perfect

Maternal Sister

Dam

Lot 1

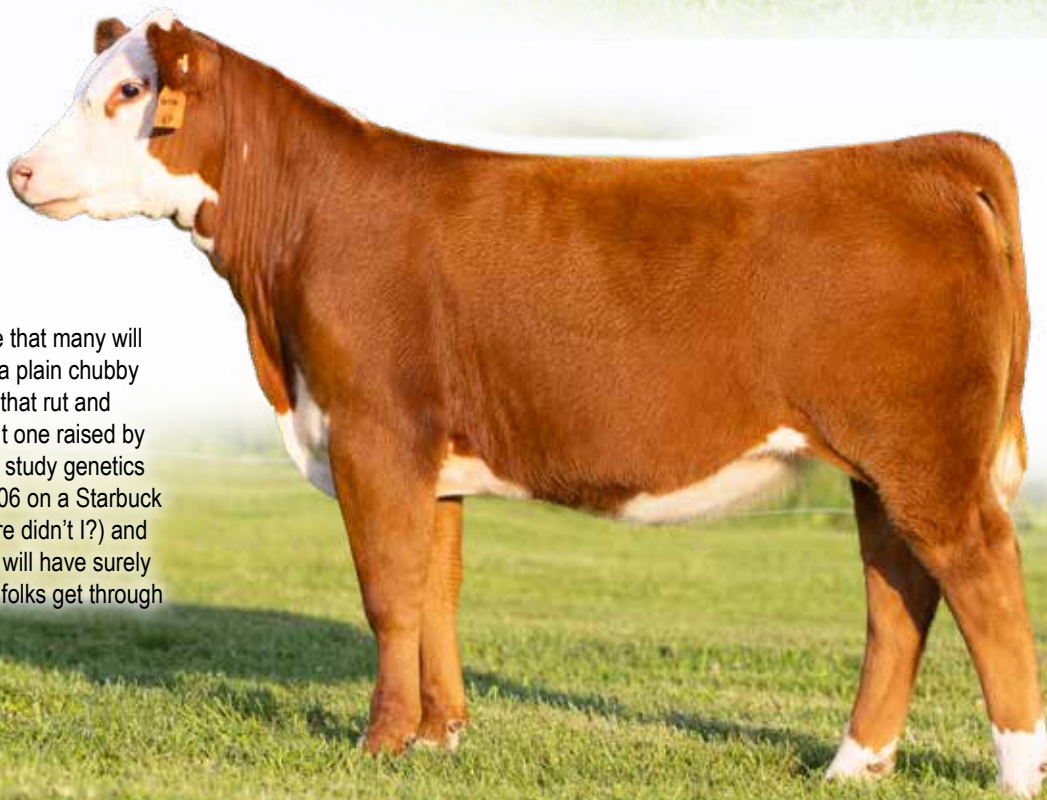

Lot 2

Honestly this calf was supposed to sell as a choice lot with her dam until I realized we actually want more cows, and the fresh and productive genetics behind her dam are the reason we got her. So here is the product of that big, broody daughter of the intriguing Genex sire, Federal. Another exciting Legit daughter with the sculpted lines and features that he has become known for. Definitely a prospect for the showing she'll be one to watch.

Lot 3

Fresh green one here that many will walk past looking for a plain chubby one, so don't fall into that rut and sneak out a good built one raised by a first calf heifer. Just study genetics here, Liberty on a P606 on a Starbuck (lost a few of you there didn't I?) and then out of Legit who will have surely made his mark when folks get through the lots sale day.

Quite possibly the favourite January prospect in the sale with her colour, pigment, build and look. Her sister last year was featured as the \$20,000 Lot 1 lead off and then was a Royal Class Winner for the Hicks Family from NB. Her productive dam hasn't missed since we plucked her out of the Agribition sale as her first daughter now works at Blair's Ag.

Lot 4

Lot 5A

Rich red colour is the icing on this stout impressive herd bull prospect. Bulging in his stifle and full of just raw red meat he offers extra punch to the breed. His dam was the favourite calf Champion at Bonanza and had an illustrious show career as a Royal class winner as well. Our most productive cow line anchors this herd builder and the feature Lot 22 bred heifer. Royal show string candidate

Selling on Choice!

Lot 5B

Painted all over with the richest red and cool cosmetics, he follows the same colour and quality as his productive dam and 2025 feature sister now at Circle L. Consistent production and power out of his well bred dam points to how potent this guy could be. He will also decorate his calf crop with that desirable and marketable colour. A big long smooth topped proud herd sire in the making. He also has Royal showstring potential.

Fall born phenom that has been making waves wherever he travels with look alike similarities to his sire and blood red colour. Pigmented, stout, balanced and cool, he was the very popular Bonanza Reserve Junior Champion Bull. Check his big powerful sister selling as lot 17 for family strength. If you want to add style, pigment, muscle and the "it" factor this is your guy.

High performing early born cosmetically correct one that is backed by one of the elite cow makers of the breed in 88X. Her dam's udder is welded on still at 12 years old.

Lot 7

Sister to lot 8

Lot 8

Featured in our ads as the ElmLodge kind, and her exquisite head, lean neck and moderate, balanced build is the reason why. Her Royal winning dam also raised Sam Haley's \$10000 pick out of last year's sale that was popular in the Sr yearling Champion drive at Bonanza and is poised for a serious fall run. And btw this gal already has a Calf Champion and Reserve Overall Female award in the bank.

We have promoted this one as the kind that is "Hard not to Love!" Deep dark rich red with absolute exquisite lines and angles, she's the one everyone gravitates too on pasture tours and also a crew favourite thanks to her personality and awesome hair. Her dam (who is a sister to Legit btw) just gets it done. Main Man now at Redbank Farms was a 2x Royal Division Winner, while her fancy 2025 sister was the popular \$20000 spring sale favourite going to Guy Scullion. Pandora is simply a stunning young heifer calf that is also slated for the Royal Show string.

Powerful Pair

Study the big picture here and think of the big picture. This gal could change the game. Like mother like daughter, same balanced design, same cool pigment and same elevated quality. Legit has done a job and you can witness her dam's udder and calf raising ability sale day. A real favourite here.

The exciting young calf that created a stir in S4S XXII, he then went on to the biggest stage and captivated the imagination of many when he was slapped the National Champion Bull at just 8 months of age. From there he developed, while we shipped semen around the world on this exciting young stud. As the international calf reports came raving in and our first calves landed at ElmLodge Legit returned to the showing as a MOE Champion and then again at the Royal as the Reserve Champion Bull. But surely as you've turned the pages or have seen his progeny in the flesh his true strength lies in his ability to consistently sire extreme quality and in most cases awesome colour and pigment. With limited quantities left, we will only be offering Legit semen by auction in the future.

Extra special one designated as the significant LOT 25 in this historic anniversary sale. Her dam is the go to donor here at Elm Lodge for Anita Doktor and Skyvirtu after breaking all records as a \$40,000 high seller and stellar show career. Venture Livestock had the foresight to secure the right to flush this incredible bovine and crossed with the \$75000 Proud produced this spectacular specimen. Definitely the kind to get excited about with extra mass and body on an impeccable skeleton with a beautiful freckled skull. Bred to be maternal, built for fun, the Kat's Meow initiated her show career as calf champion at the highly competitive Tweed show. Big time opportunity for glory and elite production here. We will retain the right to flush (and mean it).

Cow Power Female

A real cow-power female here — big-boned, big-hipped and loaded with rib shape and capacity, all put together in a balanced and attractive package.

The quality runs deep in her pedigree, with her granddam being the 2018 Bonanza Grand Champion Female, owned with Sandy Ridge Farms. With proven genetics behind her and plenty of power and presence, this is a female with a lot to offer any program.

Easy on the Eyes

Lot 39

Lot 40

This female puts a lot of nice pieces together. She's clean-fronted, elegant in her design and has a great look from the side, all without giving up power and dimension. Get behind her and you'll appreciate the shape, width and substance she carries. She's the kind that catches your eye standing still and gets even better on the move. If you're serious about hitting the show ring, 81P could be a whole lot of fun, with the kind of quality we believe will carry into the pasture when her show career is over.

I was fairly excited to have the opportunity to use Momentum on some select females. A more conservative daughter here with all the right pieces, she's elegant and refined while still having some shape and power when you move around her. Her pedigree carries the legacy of some of the most notable prefixes in Canada.

Lot 47

Shady Birch & Truluck - From the Beginning

Everyone will be craving some Pumpkin Spice come sale time. A really robust made, cowy kind with a shot of About Time for good measure. Her sire Momentum was a past Reserve Champion at Agribition, and led off Harvie's winning carload in Denver. She's been a fun one to show this summer, and made picture day seem like a walk in the park.

Ronda is a deep made, long bodied dark red female. She is pretty fronted and comes from a long line of successful maternal strength, with her granddam winning her division at Agribition for Harvie Ranching. This cowline is a staple in our herd. Ronda will fit as either a cornerstone cow or show heifer, she has an extremely docile disposition.

Baker's Bring Loaded Pedigrees

- Deep bodied bred heifer with extra capacity
- good disposition, udder set and numbers
- Raised by one of our top 2 year olds
- Loaded pedigree (7098) and many others
- Top 10% SCF, Teat, Udder, MPI and FMI
- Bred to NJW 119E 87G Endorsement 216J on March 25/26. Due January 4/27.

An eye-catching female that has had that special look from an early age. She's feminine through her front end, deep-sided and carries plenty of shape while staying sound on the move. Backed by a strong maternal pedigree, we believe she has all the pieces to develop into a productive Hereford female.

Endorsement

Stone-Hedge Beauty Breds

Blessed with an abundance of heifer calves in 2025, allows us to offer the cream of the crop in this cherry red, well balanced very maternally designed bred heifer. Proven and time tested genetics both top and bottom with excellent data make this one easy to bid on with confidence. AI'd to sexed Mandate on Mar 23. Exposed to bull Stone-Hedge Nash AER 13N.

Charsha - Sister to Royalty

Lot 57

Back in the end of May, when making selections for 4-H projects, we knew then that Charsha Pixie 6P was going to be a strong contender every time she stepped into the show ring, and boy has she passed our expectations. She is a big bodied, long spined female, with bold rib expression and lots of capacity. Pixie does not miss a stride when set in motion and her calm temperament is a great addition. This Commitment daughter commands attention and earns your appreciation. Keep your eye on this one on sale day. Charsha Farms will retain possession and show rights of Charsha Pixie 6P until the completion of the 2026 Royal Agricultural Winter Fair as this female is a 4-H project.

It doesn't get much better than Charsha Pure 11P! She is long sided and deep bodied. This Medcalfe daughter is flexible and smooth when set in motion, and so eye-catching from all angles. Her dark cherry red pigment is an added bonus! With high-quality proven genetics on both the top and bottom of her pedigree this one's full of promise. Pure 11P is a maternal sib to Charsha Nova 8N who was purchased by Double H Cattle Co. and Bent Fence at Source for Success XXIV and has been successfully campaigned this year. Don't overlook this one!

Lot 58

Olivia Avery's Awesome First Ever Consignments

The first calf out of a standout female who stood 2nd in class at the 2025 RAWF. Her dam is sired by the 2019 Grand Champion Polled Bull at the Southwestern Exposition National Hereford Show. Bold, maternal and built with purpose, this female has had it from day one. She combines the power and presence to chase banners with the maternal quality and functionality to produce the kind you'll want to keep. She will continue to prove her value long after her show career is over.

Here's one that will grab your attention. She's got the look and build to get noticed, and is sired by the popular Genex bull. Backed by a cow family loaded with quality, her Granddam is sired by United, the 2021 Champion Polled Hereford Bull and Supreme Champion Bull at Cattleman's Congress. A female with her best days still ahead, and with the pedigree, presence, and quality behind her, we think she's one that will make her mark.

Lot 60

Introducing the Hicks

This Harvie Chief 92M daughter certainly doesn't lack for mass. Deep-bodied, stout and wide-made, she has the substance and power we love to see in a female. Our first calf crop by Chief, a 2025 NWSS Champion Carload Bull, has hit the ground this year, and we couldn't be more impressed. They consistently have the quarter, depth and overall power that made us excited about Chief from the beginning. Her cow family has consistently produced some of our highest-performing calves, generation after generation. With a powerhouse dam behind her, she has the maternal foundation, performance and quality to become a valuable addition to any breeding program. As for the Chief calves—you know they're good when we're only willing to give up one!

This stylish Evolve daughter combines pedigree, presence and proven cow families on both sides. She is deep-sided and feminine-fronted with an attractive, balanced profile. The success behind this female runs deep. Her granddam has collected multiple champion female titles throughout her show career, most recently being named Reserve Champion Mature Pair at Bonanza 2026 alongside her Evolve bull calf, who went on to claim Reserve Champion Bull Calf. Her dam has proven herself in the show ring as well, being named the 2023 Reserve Champion Bred & Owned Yearling Heifer at Bonanza. She has the look and pedigree to be competitive in the show ring and, more importantly, become a productive female when the banners are put away.

Circle L Hazel 04N
This functional correct made female is ready to go to work. She is out of a maternal machine in SRF Haze who is a stand out in our herd. Preg checked safe for January to Bar JZ On Demand.

The Lasby Family

Lot 65

Dam

Moderate, sound and attractive is the best way to describe this calf. Flawless in her design and structure 116P would be an ideal project for a junior member with her sweet personality. On paper 116P has a great set of numbers with a huge spread from BW to YW and solid carcass data too! 116P will surely be one of the first Hoffman Richmond daughters to sell in Canada. Richmond sired a \$70,000 high seller in Hoffman's 2025 fall female sale. Her dam is one of our favorite Homerun daughters and was the 2024 Senior yearling champion female at the Royal. If cow families mean anything to you check this one out, we have 12 generations on the Temptation cow family that we have bred backing this female.

Right out of our 2025/2026 show string, 106N is a female that we think very highly of. Elegant through her front end yet bold in her middle and huge topped when you get in behind her. She is as long and sound as we can make one. The sire of 106N, SR Dominate, needs no introduction, he continues to sire high sellers and show winners across North America, including our 2025 RAWF champion female. Her dam is the first cow that the youngest generation of Lasby's bred and is doing an outstanding job for them so far, with a full sister also being a member of our 2026 show string. 106N was Jayden Lasby's first show heifer and one that we believe you can build a cow herd around. 106N is 4-H heifer this year and we would like to retain show rights until the Royal.
