

Cherry Creek Farms

FALL PRODUCTION
FULLBLOOD SIMMENTAL SALE

NOVEMBER 7, 2026
ONLINE WITH DLMS FARM GATE TIMED AUCTIONS

Welcome

FROM CHERRY CREEK FARMS

Welcome to the 5th Fall Production Sale at Cherry Creek Farms. We finally had some good rains and it looks good for fall grazing. The calves are raised on pasture (no creep) and their mother's milk. At weaning they are hand fed grain, free choice mineral and hay. All animals have been treated with Ivomec. Our vaccination program includes Pyramid FP5 & Presponse and Fermicon 7 Somnuygen at 3 months and at weaning. Cherry Creek is enrolled in CSA Total Herd Program.

Thank you to Bohrsen Marketing Services for all their help and guidance. Please feel free to call or visit to see the cattle.

"Dream big, work hard, stay focused and surround yourself with good people."

It is with great pleasure that we welcome you to the 5th Annual Cherry Creek Farms Fall Production Fullblood Simmental Sale. The Cherry Creek name is one that has been recognized and respected throughout Fullblood and Fleckvieh Simmental circles for generations, and for good reason. This is a program that has built its reputation on producing high-quality, functional cattle backed by strong maternal genetics, exceptional consistency and a commitment to the fundamentals that make the Fullblood breed so valuable. When you think of Cherry Creek, you think of quality, and year after year, this program continues to deliver.

Lynne Anderson has a tremendous passion for the Fullblood Simmental breed, and that dedication is evident throughout the Cherry Creek cow herd. We have always appreciated the type and kind of cattle that carry the Cherry Creek prefix, with an emphasis on muscle, structural soundness, pigmentation, excellent feet and legs, and most importantly, productive females with strong udders and maternal ability. The cow herd is the foundation of any successful breeding program, and Cherry Creek has assembled a set of females that consistently produce the kind of cattle commercial cattlemen and purebred breeders alike can appreciate. The longevity and predictability behind these genetics are qualities that should never be overlooked.

This year's offering is another excellent representation of the Cherry Creek breeding philosophy. The eight Fullblood herd sire prospects are loaded with muscle, depth, pigmentation and eye appeal, while being backed by productive cow families and proven Fleckvieh genetics. The two bred heifers are equally exciting, offering an opportunity to incorporate the maternal strength of this respected program directly into your own herd. We appreciate that these cattle are developed in a practical environment, raised on grass and their mothers' milk without creep feed, allowing buyers to evaluate the natural performance and genetic potential that Cherry Creek has worked so hard to establish.

We would like to sincerely thank Lynne for once again placing her confidence in Bohrson Marketing Services. It is a pleasure to work alongside breeders who have such a genuine passion for their cattle and take pride in the product they offer their customers. We encourage everyone to study this offering closely and, if possible, make the trip to Cherry Creek Farms to view the cattle firsthand. The sale will be hosted online through DLMS FarmGate Timed Auctions on November 7, 2026, and our entire BMS team is available to discuss the offering, assist with your selections and help with any bidding requirements. We have tremendous respect for the Cherry Creek program and believe these genetics offer excellent opportunities for breeders looking to add quality, maternal strength and proven Fullblood genetics to their operations.

**Best regards,
The Bohrson Marketing Team**

TERMS & CONDITIONS

All lots will sell under the standard terms and conditions put forward by their Canadian Simmental Association. These are available upon request.

The terms of the sale are cash, cheque, and wire transfers, payable at par at the sale location unless satisfactory payment arrangements have been made prior to the sale with seller, buyer and Bohrsen Marketing Services. Bohrsen Marketing Services reserves the right to require a certified cheque as settlement before releasing any sale cattle. Payment in full must be made before cattle can be released and shipped. Exchange rates will be announced sale day and the sale will be held in Canadian funds.

1 A thick, solid red, goggle eyed bull with lots of thickness throughout. Beautiful head, smooth shoulder, thick quarter and moves well on good feet and legs. Super quiet like his dam who is very correct with a good udder and lots of milk. She always has a good one, a pleasure to have her here like all the other cows. Will sire excellent steers and heifers. Make sure to see this one! Last year's bull makes his home at Kevin Laing's farm.

2 A solid red, goggle eyed, horned Banker son who has been a standout since birth. Beautiful head, smooth shoulder blending into a thick rear quarter. Moves well on good feet and legs with good scrotal development. His dam is a beautiful polled, liver red cow with super eye appeal, disposition, feet and legs, udder and has loads of milk. Last year's bull is working in Warren Spearo's herd. This guy will raise the thick steers and beautiful replacement females! Worth the drive!

DAM

3 This thick young Reputation herdsire has been so eye-catching since birth. He is polled, dark red with goggles, thick quartered and moves well on good feet and legs. Super disposition like his dam who is moderate framed and has excellent udder and lots of milk. Your steers will be thick and the heifers in the keeper pen. Worth the drive!

Here is a polled dark red Guerrero herdsire with loads of pigment. Excellent feet and legs, scrotal development, and super disposition. He has a beautiful head, smooth shoulder and thick quarter. His dam did a super job on him with lots of milk and perfect udder. She is moderate framed and is from one of the top cow families here. Being Guerrero has limited semen don't miss this bull! Heavy steers and replacement females from him! Don't miss!

DAM

7

A dark liver red polled reputation bull with lots of performance.

Beautiful goggle eyed head, long body, into a heavy thick quarter. Good scrotal development and moves really well on good feet and legs. His dark red dam is a heavy milker. Her daughter last year is at Riley Buker, Heines Creek Alberta. His steers will push down the scales and the heifers stay in your keeper pen! Check him out!

Vada is the horned twin to Viola 10N. Like Viola she is very correct, has a great hair coat, goggle eyed, great disposition, moves well and is a pleasure to have. These heifers are front pasture females. Bred to BEL Steward 2ND for calving ease.

Bred to BEL Steward 2ND on May 21, 2026. Due March 2, 2027.

THANK YOU TO ALL THE PAST BIDDERS & BUYERS FOR YOUR CONTINUED SUPPORT!

How to bid

DLMS FARM GATE TIMED AUCTIONS

HOW TO BID | WWW.DLMS.CA | HOW TO PARTICIPATE IN A FARMGATE TIMED AUCTION

After you are at the FarmGate Timed auction site click the LOGIN/REGISTRATION button.

FIRST TIME FARMGATE USERS: First time users will select the REGISTER button from this page. Fill out the registration form to signup for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate account from your DLMS Live sale site)

- After you create your FarmGate account you will receive a txt message with a pin code to verify your account. - On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

RETURNING FARMGATE USERS: If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

HOW TO BID IN A TIMED AUCTION: Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

PLACE NEXT BID – to place the next bid on the item, you see the amount in the first box, you simply click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed. **MAX BID AMOUNT** – to place a max bid you put your max bid in the second box listed as “Max Bid” on the item, and then click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

EXAMPLE OF HOW THE MAX BID WORKS - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

WATCH LIST FEATURE: If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button, by clicking this “watchlist” Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

SALE ENDING / CLOSEOUT: Most FarmGate Timed Auction sales close racehorse style with extended bidding. **WHAT IS RACEHORSE STYLE CLOSE?** Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

HOW WILL EXTENDED BIDDING WORKS? When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

BIDDING CLOSE & FOLLOW-UP: After the clock has gone to “ENDED” and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

- Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.
